NEW SPAN W. OF GATE SUGGESTED

Marin Engineer Offers Plans For Record Project

By BRUCE COLEMAN

A second bridge across the Golden Gate from Point Bonita in Marin County to Landsend in San Francisco was proposed today by engineer Jesper C. Strandgaard of Mill Valley.

Should it be built, the 9,300-foot suspension-type bridge would be the longest in the world. At present the Mackinac Bridge in Michigan at 8,344 feet is longest and the Golden Gate at 7,036 feet is next longest, said Strandgaard.

Strandgaard, a partner in the firm of Bala and Strandgaard in Corte Madera and a structural engineer, lists these advantages to his proposed ocean-going crossing:

"1. It would furnish the needed second San Francisco-Marin crossing without tampering with the Golden Gate Bridge and without being a parallel crossing and too, without crossing half the San Francisco Bay.

Another deck on the Golden Gate Bridge or a parallel crossing would create considerable problems at the approaches.

"With respect to a more direct route across the bay, for example to Tiburon from North Beach," says Strandgaard, "it is recalled that someone sarcastically suggested 'to fill the bay and pave it.' The proper way to cross the bay is by boat; one should drive around it, not over it.

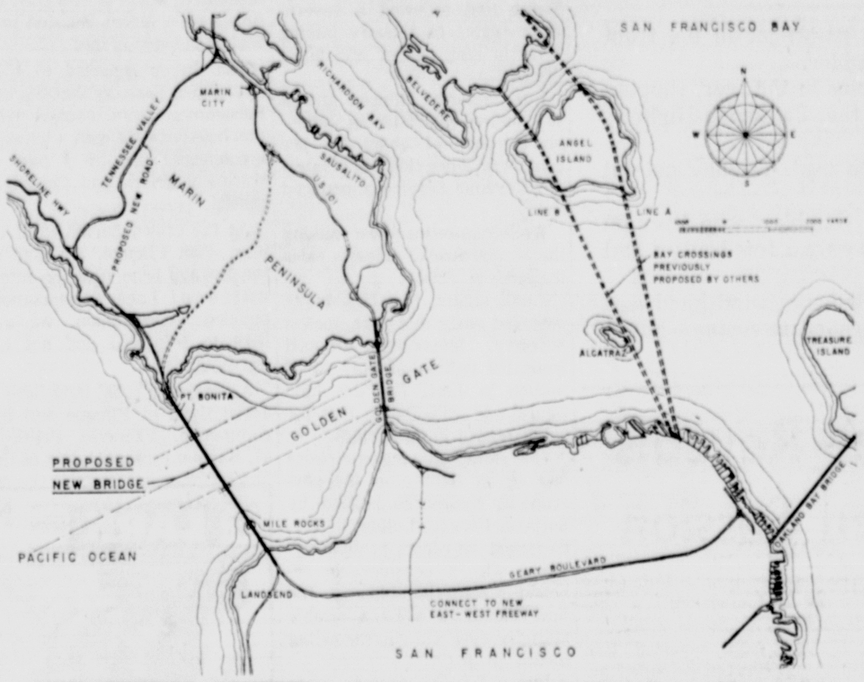

"2. The proposed crossing would be a unique scenic line between the beautiful shoreline highways north and south of the Golden Gate.

"3. The new bridge could be designed to carry and accommodate rapid transit trains in addition to automobile and pedestrian traffic. Since the highest point on the Tennessee Valley approach road only would be at about 200 feet elevation, it would probably be possible to design a train route from the new bridge to Marin City without tunnels. The line could join and continue north and south along the existing Northwestern Pacific Railroad Co.'s right-of-way at the Richardson Bay Bridge.

"4. The northern approach route would be through relatively undeveloped area, and it would join the existing freeway route at a point, north of which the widening would be comparatively easy.

The southern approach route would have the virtue of not going through the Marina district (just like the northern approach does not go over Tiburon.) Also, the southern approach would be a logical extension of the east-west freeway, which although controversial, some day will be

NEW BRIDGE SCHEME — Marin civil engineer Jesper Strandgaard has come up with this proposal to solve the Golden Gate Bridge traffic problem. It is a 12,000-foot span from Lands End in San Franicsco to Point Bonita in Marin, west of the present bridge. It would require a new Marin freeway, leading up Tennessee Valley and possibly a road from Rodeo Lagoon east, but Strandgaard claims it is better than other plans, including the two proposals from Tiburon Peninsula (shown in dotted lines).

LBJ Family Fortune Set At $3.6 Million

Audit Of 10 Years Revealed

WASHINGTON (AP)—An accounting firm hired at the direction of President Lyndon B. Johnson reported today that the Johnson family fortune totals $3,484,098.

The firm of Haskins and Sells said the president and Mrs. Johnson and their two daughters, Lynda Bird and Luci Baines, had total assets of $3,682,770 as of July 31.

On the same date, the family had liabilities of $198,672, which reduced their net worth to $3,484,098.

The accounting firm said the president's assets amounted to $477,417 and his liabilities were $99,336.

MOST LADY BIRD'S

The detailed statistical table made it evident that most of the Johnson wealth is held in the name of the first lady. Mrs. Johnson's assets were said to total $2,225,634 with liabilities of $99,336.

This gave Mrs. Johnson a net worth of $2,126,298 compared with $378,081 for the chief executive.

Lynda Bird Johnson's assets were put at $490,141. Those of her sister Luci Baines were given as $489,578.

PREDICTIONS VARY

The table listed no liabilities for either of the daughters.

During recent months, published estimates of the size of the Johnson fortune have ranged from about 4 million dollars to 14 million dollars.

It seemed apparent that much of this broad spread could be accounted for by using different methods of estimating the Johnson wealth.

If wealth is figured on the book value of securities held, it can conceivably be many times lower than if figures on the basis of the current market value of the same securities.

PARTNER MUM

Robert Van Arsdale, resident partner for Haskins and Sells in Washington, declined to answer any questions about the five-page financial statement. He referred all questions to Everett Shifflet, a partner in the firm's New York headquarters.

"I'm not familiar with what's in the report," Van Arsdale said. He said the document was prepared in the New York office.

White House press secretary George Reedy declined to say why Johnson ordered the financial study and its release.

However, in the 1952 presidential campaign, Adlai E. Stevenson, the Democratic nominee, made public a rundown on his financial position. A like statement was issued later by his opponent, Republican Dwight D. Eisenhower.

Financial figures for Sen. Barry Goldwater, the 1964 Republican presidential nominee, were given out Aug. 13 by the Valley National Bank of Phoenix, Ariz., which administers the Gold-

Supervisors Vote Open Zoning For Watersheds

Conservationisis won their second major victory within a week yesterday when Marin County Supervisors approved open area zoning for watershed lands of the Marin Municipal Water District.

Last Wednesday, the board, following the urging of conservation groups, voted to keep Richardson Bay open water and prevent filling for development.

The supervisors yesterday voted 4-0, with Supervisor William D. Fusselman absent, to put open area zoning on the water district's lands. District Manager William Seeger said the district would not oppose the new zoning.

However, he did ask that the county work on writing another zoning classification for the ordinance, one which would be even more restrictive regarding recreational activities than the present zone, but also allowing the water district to carry out its own activities on the land without constantly seeking county permission.

The board agreed, after hearing planning Director B. D. Dobbs argue that the present open area ordinance leaves much to be desired, especially since it can be placed only on publicly owned lands.

The board action included a new zoning for all the water district lands except for Kent Lake and two other small parcels, all of which were inadvertently left out of the original hearing notice.

Action on those few parcels is now before the county planning commission.

Supervisor Byron W. Leydecker said, after hearing Seeger's plea, that the request of the water district for a different kind of zone was not merely a matter of semantics, as he had thought earlier. He said some district similar to the federal "primitive lands" designation was needed.

But he and Supervisor Peter H. Behr both argued that the open area zone would be a major improvement over the present "interim D" zone, which would allow residential construction, in addition to the uses outlined in the open area zone.

Seeger said the open area zone would call attention to recreational potential of the land, giving rise to pressure from organizations for more intensive use than at present.

He noted that the district now maintains picnic grounds, hiking and riding trails and allows some shore fishing.

Juvenile, Family Center Staff Gets Major Budget Revamping

The staffing for the Marin County Juvenile Hall and Family Rehabilitation Center underwent a major revamping today in the budget session of the board of supervisors, although the change in total expenditures was minimal, actually showing a slight decrease.

The board voted to promote David Fogle, now head of the juvenile hall, to a new position of director of institutions, in charge of both the hall and the center, as of Sept. 1. For the time being, however, Fogle will be expected to continue running the juvenile hall program.

Recruitment of a new juvenile hall director would start soon, for hiring on July 1, 1965. At that time also the present assistant director of the hall would become a business manager for the probation department.

The board earlier selected Eve Citrin, a professor of social work at the University of California and University of Washington, as clinical director for the residential treatment center, to go under construction soon.

County Probation Officer Walter F. Busher reported to the board today Miss Citrin has accepted the post at $12,000 a year. She will start work for the county Nov. 1.

County Administrator Alan Bruce said that delays in work by the architects have pushed back the opening date of the residential treatment center, to be located near the county's juvenile hall in Lucas Valley. Therefore, he reported, hiring dates of workers in the program may be pushed back also.

The board, in other budget action, approved a revised mental health budget, with increased staff and smaller amounts for contracted services, but with a total slightly less than in the preliminary budget. Dr. Clyde G. Miller explained that the outpatient clinic will be operated by the county directly, rather than through a contract.

The budget for the clerk's office and for superior courts was increased slightly because of the appointment yesterday of new Superior Court Judge Samuel W. Gardiner. The original budget had assumed the judge would not be selected until Sept. 1.

Supervisor William D. Fusselman, absent yesterday and today, was at home ill.

Water Board Pledges Help On Stafford Lake

Cooperation was pledged by the North Marin County Water District last night with local, county and state agencies to develop the land surrounding Stafford Lake for public recreational uses.

The board agreed that appropriate recreational uses would include picnicking, camping, hiking, horseback riding and fishing, no activity which could adversely affect the quality of the water in Stafford Lake, such as boating, swimming, wading or water skiing.

Plans and programs for public recreational use of the area should be formulated by public agencies in cooperation with the district, the board agreed.

Approval of the programs would have to be given by the State Board of Health, the Marin County Health Department and the water district before they could be implemented.

Nicasio Voters Give School Tax Increase 2-1 Approval

Voters in Nicasio Elementary School District yesterday passed by an exact two to one margin a school tax increase doubling the maximum operating tax limit from 80 cents to $1.60 per $100 assessed valuation.

It appeared today that the full $1.60 limit will be levied this fiscal year, despite promises by trustees earlier this year that only part of the additional 80 cent limit would be used.

The vote was 42 in favor of the increase and 21 against, totaling 63 votes cast out of some 89 eligible voters, said Henry E. Tomasini, district board clerk. Only simple majority was necessary for passage.

Tomasini and district secretary Beverly Alberigi confirmed that trustees have budgeted the full increase for next year for improvements of Nicasio Elementary School.

The rate will only be less than $1.60 if County Assist. Auditor-Controller George Donaldson finds that assessed valuation in the district has gone up enough to increase revenues and lower the rate. He will release the valuations soon.

The tax money will be used to install a new roof on the school, provide a chlorinated water system in place of previously used bottled water, and to paint the school, said Tomasini.

The district has no reserved funds and the problem of higher teachers' salaries to meet this year, necessitating the full tax of $1.60.

The increase holds for two years, and will have to be renewed in 1966. It had been defeated on June 2. Tomasini said the board will not use the full $1.60 after this fiscal year.

Rash Of Thefts Includes Hospital Cash Register

A thief walked away with a cash register containing $125 from the reception counter at San Rafael General Hospital, receptionist Ruth Ann Ecke reported to police this morning.

The theft occurred sometime after 11 o'clock last night when the receptionist went off duty.

Virginia King, the night nurse on duty, noticed the cash register missing at 3 a.m. Arthur G. Burns, hospital administrator, said the thief had entered through the door to the lobby, which is unlocked because of fire regulations.

A series of other burglaries were reported to San Rafael police yesterday.

Dr. Joan Qualm's office at 902 Fifth Avenue was found ransacked when nurse Diane E. Thomas came to work yesterday morning. The nurse told officers $24 in bills is missing from the doctor's office. The secretary's office to the rear was ransacked, but nothing appears to be missing there. The rear door had been pried open for entry.

Jerry F. Stone, who has a realty office at 1353 Lincoln Avenue, reported about $15 in change missing from his office. He said the rear bathroom window had been forced open.

White House Economists Paint Very Rosy Picture

WASHINGTON (UPI)—President Lyndon B. Johnson brought together top White House economists of present and past administrations. All reportedly agreed that the economy is perking fine and the future looks good.

Johnson met for 45 minutes with four previous chairmen of the White House Council of Economic Advisers, including two Republicans, and the present chairman, Walter W. Heller.

Afterward, Heller told reporters that there was "pretty much a consensus" that:

The present economic picture and outlook are both good.

This year's 11.5-billion-dollar tax cut is doing its job of stimulating business.

There is no current danger of inflation.

With increasing federal revenues and improved chances of balancing the budget, the government may soon face pleasant problem of declaring another "fiscal dividend."

Johnson's 'Low' Earnings Hit

WASHINGTON (UPI) — Republican national chairman Dean Burch said today that the estimated 3.5-million-dollar net wealth of President Lyndon B. Johnson and his family was "incredibly low."

"It is peculiar that the bulk of his fortune was made in areas subject to federal control," he added.

At a news conference, the national chairman said Johnson must be "the greatest free enterpriser in the world" to have amassed this fortune while drawing a salary slightly over $12,000 a year since he entered public service in 1921.

Demos Hear Plea For Strong Rights Stand

WASHINGTON (UPI)—Civil rights replaced peace and prosperity as main topics before the Democratic platform committee today with a Negro leader terming the Republican platform "squeamish."

Roy Wilkins, executive secretary of the National Assn. for the Advancement of Colored People, urged the Democrats to pledge vigorous enforcement of the 1964 Civil Rights Act. Failure to do so, he said, would be tragic because of Negro hopes aroused by the act.

WIRE NEWS BRIEFS From Everywhere

Baruch Looks To Future At 94

NEW YORK (AP)—Bernard Baruch turned 94 today with an off-handed vow to continue the kind of thinking that brought him fame and fortune and had presidents asking his advice.

Baruch

"I don't want to dwell on the past," Baruch said yesterday. "Today and tomorrow concern me more than yesterday."

The financier, who had earned a fortune by his 30th birthday, added: "It seems to me that our country's problems, domestic and foreign, are today more complex and difficult than any we have known in the past.

"Yet, despite these problems and perils, the future holds out infinite possibilities and promises for the perfection of democracy and for the improvement of life, not only in this country but in every land."

Barry Backer Challenges Keating

NEW YORK (AP)—Rep. Paul A. Fino, Bronx County Republican chairman, has challenged Sen. Kenneth B. Keating of Rochester for the GOP nomination to the U.S. Senate.

Fino

Fino says Keating, who formally announced for a second term yesterday, "cannot and should not" ask for renomination as long as he continues to withhold endorsement of presidential nominee Barry Goldwater.

Until Fino declared his candidacy in a statement in Washington, Keating had been expected to win unanimous nomination at the Republican State Committee meeting here Aug. 31.

Fino's move raised the possibility of a floor fight at the meeting, but nomination of Keating appeared certain.

East Berlin 'Frogman'

Congress Kills LBJ-Barry TV Debate Chance

Demos Table Bill To Suspend Law On Equal Time

WASHINGTON (AP)—Senate Democrats have relieved President Lyndon B. Johnson of the burden of deciding whether to debate Sen. Barry Goldwater in a radio-television campaign confrontation.

They locked horns with Republicans over the issue of who is chicken.

By a 44-41 vote the Senate tabled Tuesday night—and thus killed—legislation to suspend equal time provisions of the Communications Act.

SIMILAR TO 1960

The measure was similar to the one which paved the way for Kennedy-Nixon debates in 1960.

Twelve Democrats joined 29 Republicans in opposing the tabling. All the 44 votes to kill were cast by Democrats.

Sen. Norris Cotton, (R-N.H.), charged that it was "very evident some influence has been ordered ffrom higher up to junk this bill because of the exigencies of this campaign."

Sen. John O. Pastore, D-R.I.), the keynote speaker for the Democratic National Convention opening Monday, voted against tabling the compromise measure which he had supported.

CITES GOLDWATER

Pastore said Goldwater had once declared on a television program the president of the United States should not be placed in the position of debating an opponent.

The rejected bill would have suspended for 60 days the requirement that if a network offered free time to any presidential candidate, it would have to give equal time to all, including those of perhaps a dozen minor parties.

Although nobody concerned would say publicly that Johnson wanted the bill killed, the action came after Democratic legislation leaders had conferred with him at the White House.

Death Threat To Woman Mayor

VALLEJO (UPI) — Mayor Florence E. Douglas was under around-the-clock police protection today following a telephone threat on her life and the discovery of two dead puppies hanging on her home mailbox.

Mayor Douglas was attending a council meeting yesterday when the call came to her home and was received by Mrs. Loretta Harris, who lives with the widowed mayor.

"This is a friend of the mayor," said an anonymous male voice. "This is George. Did she find what was on her mailbox? Tell her that is what will happen to her if she doesn't straighten out."

The next, he had a passenger in the front seat—a horse named Gambler.

Buck's car hit Gambler in the rear, flipping him into the seat, said the California Highway Patrol.

Buck swerved off the road. Gambler got out and galloped off.

A veterinarian said Gambler, who lives on a nearby ranch, suffered only a few bruises and slight emotional upset.

Buck's car was dented, the windshield was broken and the inside needed sweeping—but it still runs.

Dallas Paper Reveals Ruby-Warren Session

DALLAS (UPI)—Condemned killer Jack Ruby accused one of his lawyers of giving false information to the Warren Commission in his jail cell interview with U.S. Chief Justice Earl Warren, the Dallas News said today.

Quoting informed sources, the paper said Ruby saw one of his lawyers, Joe Tonahill, of Jasper, Tex., hand a message to J. Lee Rankin, chief counsel for the commission, during the interview.

Ruby admonished Tonahill for it right in front of Warren.

Warren had journeyed to Dallas for the interview June 7, reportedly at Ruby's request. It was the first time a U.S. Chief Justice had questioned a condemned slayer inside a jail.

It was later reported that Ruby told Warren he killed accused assassin Lee Harvey Oswald to spare Mrs. Jacqueline Kennedy the anguish of a return trip to Dallas to testify at Oswald's trial.

Ruby also reportedly told Warren he was not part of a conspiracy and did not know Oswald, and that he had wanted to testify at his murder trial but his lawyer at the time, Melvin Belli of San Francisco, would not let him.

The News said Ruby mentioned to Warren that he had talked with a former city detective the night of Nov. 23 about the assassination of President John F. Kennedy the day before.

While they were talking, Tonahill jotted a note in which he told Rankin that this conversation was what triggered the slaying of Oswald Nov. 24.

Ruby asked to see the note and gave indication he would answer no more questions until he did. When he found out what it said, he denied his meeting with the officer had anything to do with his killing Oswald.

Ruby asked Warren to take him to Washington and give him a lie detector test, the paper said, and told Warren thousands of Jews were being murdered because of him.

He was later given a lie detector test in his cell by the FBI.

Suit Filed In Roadside Shooting

The victim of a roadside shooting last June 20 in Terra Linda yesterday filed a $121,740 assault and battery civil complaint suit in Marin Superior Court against James Warren Baxley, 18, of 116 Ward Street in Larkspur.

Joseph J. Immel Jr., also 19, whose father, Joseph Sr., filed the complaint as his guardian, alleges Baxley attacked him on Highway 101 by firing a loaded revolver, striking him in the abdomen.

Baxley was fined $110 in Marin Municipal Court Aug. 13 for assault on a criminal charge. He originally was charged with assault with intent to commit murder.

Police said young Immel, 1722-A Lincoln Avenue, San Rafael, said he was driving southbound at the bottom of St. Vincent's Hill when a car driven by Baxley forced his vehicle to the roadside. Immel told them Baxley had a .22 caliber revolver and in an ensuing struggle for possession of the weapon, it discharged.

Baxley claimed he was harassed while driving, officers said The suit asks $10,000 general damages for Immel, who underwent surgery at San Rafael General Hospital, and the remainder for medical expenses and loss of wages.

Cigarettes Sell Faster Than Ever

WASHINGTON (AP)—Cigarettes have rocketed back from the slump that followed a government report in January linking them to lung cancer and heart disease.

U.S. factories shipped almost 45.2 billion cigarettes in June—an increase of about 8.5 per cent over June, 1963, the Internal Revenue Service announced today.

While cigarettes were making their comeback, cigar sales dropped in June.

Small cigars, to which many switched early this year, took a nosedive. Shipments dropped from 190 million in May to 38 million in June. But the June figure was still double that for small cigars in June, 1963.

The slump in cigarette sales had set in right after the government committee headed by Surgeon General Luther L. Terry issued its report in January. There was a considerable rebound in April, but June was the first month to show a sizable increase over the corresponding month of 1963.

June's 8.5 per cent increase compares to a normal year-to-year increase of 2 or 3 per cent.

A report issued by the Council for Tobacco Research—U.S.A., said 10 years of tobacco industry-supported studies had produced no laboratory proof of a link between smoking and lung cancer or evidence that smoking contributes significantly to heart and circulatory ailments or stomach ulcers.

Dr. Wendell G. Scott, president of the American Cancer Society, said Tuesday in New York that the report by the industry group was "self-serving and published without regard for the public welfare."

The American Cancer Society has said cigarette smoking is a serious health hazard.

Republicans Name Security Chief

WASHINGTON (AP) — Hugh C. McDonald, a division chief for the sheriff's office of Los Angeles County, was named chief of security for the Republican National Committee today.

McDonald, 52, a resident of Santa Monica and a veteran of more than 25 years in law enforcement, is taking a 90-day leave from his regular job for the period of the national campaign.

Congo Refugees Slay U.N. Aides

LEOPOLDVILLE, The Congo (AP)—An account of savagery and murder has been brought back by a Congolese driver who witnessed the death of two U.N. officials on a mercy mission to a Watusi refugee camp.

The driver reported to U.N. authorities Tuesday that the two Frenchmen were hacked with machetes and hit with a burst of machinegun fire by a mob of Watusi warriors and Congolese rebels.

As the crowd hurled itself on him, Jean Plicque, 33, head of the Bukavu branch of the International Labor Organization, pleaded: "Gentlemen, we are here to help you and not for anything else."

A Congolese rebel then fired a dozen shots at Plicque and his companion, Francois Preziosi, 43, Bukavu representative of the U.N. High Commission for Regugees.

Plicque and Preziosi had gone to the encampment just north of Bukavu on Lake Kivu in the eastern Congo to free 120 refugees held by authorities and investigate reports of threatened reprisals against Watusi refugees.

The tall and fierce Watusis have been fleeing Ruwanda since 1959 when their former slaves, the Bahutu, gained control of the country. About 60,000 Watusis are in the Congo.

George Yogolero, the Congolese chauffeur of the U.N. officials, said the two men had been warned that the Watusis sympathized with Communist-supported rebels in the area, but that they insisted on carrying out their mission.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Valley Fever Is Caused By Fungus That Lies Dormant In Desert Dust

VAN DELLEN

Desert, or valley fever (occidioidomycosis) is caused by a fungus that lies dormant in the dust and becomes active only when inhaled. The condition is most prevalent in the desert areas of California, Arizona, New Mexico, Texas, Utah, Nevada and Northern Mexico. Skin tests show that 50 to 84 per cent of the population in these areas has had the disease. Sixty per cent of these people never had symptoms suggestive of kok-sid-e-oid-o-mi-ko-sis.

The infection is suspected when a chest cold develops in those living in a desert region or who have just returned from there. The period of exposure need not be long, especially when it is windy and the dust is highly contaminated.

THE ILLNESS resembles influenza with chest pains, generalized aching, headache, fever, cough, and a scratchy, red throat. Weakness, loss of appetite, night sweats, and backache are common.

Chest X-rays usually reveal fuzzy shadows similar to those of mild pneumonia or tuberculosis. Skin tests become positive by the end of the first week and most victims are well on the road to recovery by the end of the second week. The skin test remains positive thereafter as telltale evidence of having been a victim. The disorder is not contagious and one attack confers lasting immunity.

AMPHOTERICIN B is the only antifungal remedy of value in this disease but it seldom is needed unless the fungi spread from the lungs to other parts of the body. This disseminated form is not common but occurs occasionally and is most serious when the brain is involved. Less than one in 1,000 victims of coccidiodomycosis becomes seriously ill.

Skin tests for this condtion are done routinely in all tuberculosis institutions because the two illnesses are so similar.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

EATING AND GASTRIC JUICES

Mrs. E. P. writes: What foods cause stomach acid?

REPLY

All foods normally tend to stimulate acid formation. Meats in particular need acid for digestion and usually call for more gastric juice than do mashed potatoes. Anxiety, frustration, and worry also stimulate the acid-producing cells even though the stomach is empty and has nothing to work on.

GET MARRIED

Mrs. L. G. writes: I am a widow, 54, and have seven children; the eldest 34 and the youngest 15. I can remarry but first I must determine my chances of getting pregnant—I don't want this. I will wait till I hear from you and then decide.

REPLY

Your chances are very slim in that pregnancy at 54 would offer some sort of a medical record.

ARTHRITIS AND SPEECH

D. B. M. writes: Could an arthritic spur on the collar bone, in front, reduce the voice to a mere whisper?

REPLY

No. Sounds originate in the vocal cords, which are protected by the larynx. Now and then tumors in the neck press upon a nerve and affect the voice. There is an unusual type of arthritis involving the voice box (the cricoarytenoid joint).

STRESS AND CHOLESTEROL

W. M. writes: Could you please tell me if tension could raise the cholesterol level in the bloodstream?

REPLY

There is some scientific evidence that this can occur.

Today Health Hint—Show-offs at the beach may cause trouble or end up in trouble.

Novato Surrenders To Hill Grading Project

Three hills in the South Novato area between Highway 101 and South Novato Boulevard will be graded for construction of homes in the Scottsdale Development and the Novato city council last night learned it could do nothing about it.

The council, on the recommendation of City Attorney Clark M. Palmer Jr., rescinded its earlier action directing initiation of proceedings to revoke a grading permit for the project.

The action was taken before a standing-room-only audience of more than 30 persons protesting the clearing of the oak-studded hills.

Palmer said the city was legally bound to grant the permit because of earlier actions on the project by the council and the planning commission.

He said the city had committed itself to allow the continuation of the project because the tentative map of the development had been approved by the planning commission after several public hearings were held on the matter earlier this year.

In addition, the council had approved a contract in June allowing the developers to use fill from the grading project for foundation of the streets in the Scottsdale project.

If the council decided to revoke the grading plan for the development for which a grading permit was granted recently, it is possible that the city could be sued for breach of contract, Palmer said.

Carlos Gonzales, project engineer for Scottsdale Development, said if the grading were not allowed, homes would have to be built on the hillside and residents below the development would have the view of the undersides of the new homes above them.

"With the plan for construction of the homes on the mesa to be created by the grading, no homes will be built on the hillside and supported at one end by stilts," he said.

THEFTS

pol complained that her purse was stolen from her car, parked in front of United Markets in San Rafael last night. She entered the market, leaving the car motor running. When she returned, her purse was gone from the front seat. The purse contained a set of earrings with small diamonds, worth $150, credit cards, and other personal items.

Lincoln Douglas Pitts of 4 Irwin Street, San Rafael, reported the loss of a .12 gauge shotgun and some liquor from his basement. He told officers he lost the key to the basement about a month ago, and the thief apparently used that key to enter.

Compromise Housing Bill Sent To LBJ

FASHINGTON (UPI) — The House today approved, 309 to 70, and sent to the White House a one-year compromise housing program to liberalize mortgage terms for many home buyers.

The Senate approved the compromise earlier today.

The legislation also continues most current housing programs for 12 months.

It is a much more modest proposal than was requested by President Lyndon B. Johnson in his message to Congress in January.

The 1.1-billion-dollar stop-gap plan was the product of a House-Senate conference committee, appointed to iron out differences between separate bills.

ROBERT E. McCABE
To Washington job

Sausalitan Gets Renewal Post In D.C.

Robert E. McCabe, 40, of Sausalito has won a promotion in the Urban Renewal Administration and will be moving to Washington, D.C., in a week or two.

He has been appointed assistant commissioner for relocation and rehabilitation in the Urban Renewal Administration.

Since 1961, McCabe has been the regional director of Urban Renewal in the San Francisco office of the Housing and Home Finance Agency.

Since 1957, has lived with his family at 91 Filbert Avenue, Sausalito. His wife is the former Beatriz Jiminez Velez of Colombia. They have two sons, Robert Jr., 5, and Brian, 2.

McCabe is past president of the Sausalito Citizens Council and served on the Sausalito Planning Commission from 1959 to 1962.

He is a career urban renewal official who joined the Housing and Home Finance Agency in 1949.

200 Attend Meeting On Church Plan

About 200 persons, mainly parishoners of Our Lady of Mount Carmel Church, packed the Mill Valley City Hall last night at a meeting of the city's architectural advisory committee on plan review for the proposed new church.

It was believed to be the largest turnout for a committee meeting in its history and the longest—it ran to 1:30 a.m. today.

The committee, which had previously voted disapproval by 4-1 vote of church plans, was asked by the planning commission to make more specific recommendations. It did that last night, on the existing school, parking lot and play yard and the new church and rectory.

The key point, however, in the recommendations, reported Donald J. Batchelder, chairman, was in the size of the building. The committee recommended to planning commissioners that the building is too large for the site, located at West Blithedale and Oakdale avenues.

If the building can be reduced in size, the committee said, then the site is not inappropriate. If the building cannot be reduced in size, it is recommended study of other locations on the property be made.

Rev. John J. O'Brien, pastor of the church, told commissioners last week that if the city does not approve plans for the church, it may be built on church-owned land in Tamalpais Valley. "I am sick and tired of all this bickering," he said.

Batchelder said that though the meeting started out in a somewhat hostile tenor last night, he felt there was a much better understanding five and one half hours later.

Students Told Destiny Is Peace

WASHINGTON (UPI)—President Lyndon B. Johnson told 5,000 college students today that while previous generations of Americans had "a rendezvous with war," their own generation will keep "a rendezvous with peace."

Johnson was paraphrasing one of Franklin D. Roosevelt's most famous lines.

He also told the students, who have spent the summer working in governmemnt offices, that "the answers of the Roosevelt years" as well as those of the Coolidge, Wilson and McKinley years "do not serve as replies to the questions of our age."

Maybe Se Sought A New Competitor

NEW YORK (AP)—A 200-pound, 6-foot alligator tired of it all and went for a walk at the World's Fair.

The 'gator escaped from his pit at the Florida exhibit, where his duties are wrestling with Seminole Indians. Officers found him that night in a nearby lake.

BRIDGE

Continued from page 1

built from Fell Street towards the ocean.

"5. The proposed bridge is considerably shorter than the structures required for the 'Tiburon crossing.' The proposed new Golden Gate crossing is 12,000 feet," said the engineer, "while the Tiburon crossing line A is 24,200 feet and line B, 25,700 feet."

Strandgaard has sent copies of his plan to the Marin County Board of Supervisors, the Golden Gate Bridge and Highway District and the State Division of Bay Toll Crossings with a response received only from the latter.

That agency replied, said Strandgaard, that one of the greatest problems it has is to get people from downtown San Francisco to the bridge. Too, the agency said, at present there are no funds for a second San Francisco-Marin crossing.

Strandgaard argues that it is almost certain that "once the 'parallel bridge,' 'the double-decker,' and the 'Tiburon crossing' are found undesirable, not feasible and unwanted, the proposed outer Golden Gate crossing (his plan) is just about the only geometrically possible route left."

He has asked the bridge and highway district to make his plan subject of a preliminary survey report such as that made for the proposed Tiburon crossing in 1962.

Strandgaard admits his plan, which he said to his knowledge, has not previously been studied or even talked about, has shortcomings.

One is that travel over the route is longer than the Golden Gate Bridge route with distance from Manzanita, near Marin City, being about 14 miles rather than the present 11. Since it would be longer, it might mean the Golden Gate Bridge and approaches would not be sufficiently relieved of traffic.

Another drawback foreseen is that there would be construction problems due to deep water, swift current and the exposed location. However, the engineer relates, these technical problems could be solved and he cites that the maximum depth of water would be but a little more, at 144 feet, than the 134 feet for the Tiburon crossing near Angel Island.

Strandgaard, who says his plan is "an unsolicited idea" and "an intellectural experiment," comments that the span between Mile Rocks and Landsend, about 2,700 feet, could be a steel or concrete arch span or any other type and design matching suspension bridge in style and function.

About the length of the suspension, he declares, "if 'they' can build one 8,300 feet long, then 'they' can also build one 9,300 feet long."

FINANCE

Continued from page 1

water trust accounts.

The holdings of Goldwater and his wife were shown as totaling 1.7 million dollars as of June 30, largely in stocks.

Haskins and Sells released, along with its report on the Johnson family's holdings, a letter from the firm to the President, dated Tuesday.

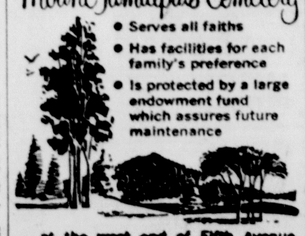

In this letter, the firm noted that Johnson had instructed it on July 7 to audit the accounting records of the family from Jan. 1, 1954, through July 31, 1964.

This letter stated that the amounts listed for the family's holdings in the Texas Broadcasting Corp., the principal asset of the family, and in ranch properties and other real estate "are not intended to indicate the values that might be realized if the investments were sold."

In other words, the accountant left open the possibility that, if the family's assets were liquidated, they could produce either more or less than the total asset figure given of $3,622,770.

Those who have estimated the fortune at up to 15 million dollars have contended that the Johnson holdings have a market value considerably higher than the amount listed for assets in the Haskins and Sells report.

The document showed that during the past 10 years and seven months, the worth of the Johnson fortune has more than quadrupled.

OBITUARIES

Elodie Cole Dies In Novato

Mrs. Elodie Cole of 688 Railroad Avenue, Novato, died yesterday in a Novato hospital after a long illness.

A native of Alameda, she had lived in Marin County for 46 years. She was the widow of William Cole, manager of the H. Pini Co. Mill in Novato until his death in March.

Private family funeral service will be held tomorrow at the Redwood Chapel in Novato.

ALICE RAINEY

Mrs. Alice M. Rainey, mother of Edwin S. Rainey Jr. of San Rafael, died at her home in Oakland yesterday after a short illness.

Mrs. Rainey, 87, lived in San Anselmo about 20 years, moving to Oakland shortly before World War II. She was a native of West Virginia.

She had been a member of the First Presbyterian Church, San Anselmo.

Surviving are her son, a daughter, Mrs. Alice Lee O'Malley of Oakland, a sister, Mrs. Otto Rothlin of Healdsburg, a brother, John McConaha of San Mateo, nine grandchildren and three great-grandchildren.

Funeral will be at 11 a.m. Friday at the John Cox Piedmont Memorial Chapel, 4016 Howe Street, Oakland. Burial will be in Woodlawn Cemetery, Colma.

MRS. VILLESUZANE

Mrs. Helene Villesuzane, 91, of 145 Sequoia Drive, San Anselmo, died at home today after a long illness.

A native of Bordeaux, France, she lived in Marin County 17 years, making her home with her daughter, Mrs. Emilienne Schutz.

Surviving are her daughter, two grandchildren and seven great-grandchildren.

Private services were held today at Mount Tamalpais Cemetery, San Rafael.

Hair Coloring Spending Up

CHICAGO (AP)—Americans are expected to spend 100 million dollars on hair coloring products this year, an American Medical Assn. publication estimated today.

Women are the principal users.

The article estimated that one of each 50,000 users of oxidation dyes "will have an unpleasant reaction, such as a skin rash, swelling about the eyes, redness and crusting of the face and neck, plus itching and discomfort."

BIRTHS

GLENN—A daughter to the wife (Rosemary Eyler) of Ernest Glenn of Novato, Aug. 18 at Novato General Hospital.

ATHEY—A daughter to the wife of Richard George Louis Athey of Sausalito, Aug. 7, in San Francisco.

Corte Madera Near Last Offer For Land

Corte Madera town officials yesterday met with representatives of the owners oft he site for the public safety building at Tamalpais and Pixley avenues, and as a result the town will make its last offer for the property.

Town Mgr. Arthur H. Brandow said today that "I feel that shortly we will make our last offer." He said that he would also ask Town Atty. Sherrod S. Davis how long it would take to get possession of the property through condemnation proceedings.

The difference in the sale price of the property is based on the town believing it could be developed for low denisty apartments while the property owners feel it could be developed for high density apartments.

The town has had the property appraised at $21,500 while the appraisal for the property owners is about $10,000 higher.

Earthquakes caused ancient Peruvians to assume their creator had returned for an inspection. The frightened Indians answered the supposed summons by shouting, "Here I am!"

And What Did He Say Next?

TAMPA, Fla. (AP) — Patrolman Jam Yates, the veteran officer who mans the information desk at Tampa police head-quarters, occasionally has trouble getting through to those seeking information.

Like recently, when a woman walked up and asked him where to pay a parking ticket.

"Walk straight down the hall, last door on your right," said Yates.

"How do I get there?" asked the woman.

Sick Prison Camp Escaper Turns Self In

A 32-year-old San Quentin Prison inmate escaped from a Lake County conservation camp early today, but got sick and turned himself in a few hours later.

Gene M. Collier, serving a term of from six months to life for grand theft and second degree robbery from Los Angeles, was missing at the camp's 4 a.m. count.

Local law agencies were alerted and an all-points-bulletin was flashed throughout the state. At 8:30 a.m., Collier returned to the camp, at Canocti on Lower Lake.

He told officers he had become ill after his escape.

It is said that when Lorenzo di Medici was dying, his physicians tried to save him bv giving him a powder of crushed rubies, saphires and other gems.

Point Reyes Group Moves On Water District Proposal

Members of the new Point Reyes Water Committee agreed last nnight to go ahead with plans for forming a local water district covering the Point Reyes, Inverness Park and Olema area.

They also agreed to fit their actions in with findings of a study now underway by the Marin Coast Chamber of Commerce on water problems on the entire area from Stinson Beach to Dillon's Beach.

Still to be worked out are boundaries of the district and which of three possible types of district would be formed. Members plan to circulate petitions, and to apply for approval of the Local Agency Formation Commission, as soon as these details are completed.

Chairman of the group is Dr. Leslie R. Webber of Inverness.

Worked Too Well

HOPKINSVILLE, Ky. (AP) — Dick Harrison wanted to slow down traffic on Lafayette Road in front of his home so he put up a sign similar to ones used by the state Highway Department that said "Dinosaur crossing" and had an illustration of one of the beasts on it. The sign produced results. In fact it brought one motorist to a complete stop long enough to swipe the sign.

Postman Carries Mail On Berlin Holiday

ST. LOUIS (UPI)—Oscar Linberg, a postman for 23 years, delivered mail on his vacation in West Berlin. Linberg asked his post office department superiors in St. Louis for an introductory letter to West Berlin.

He said he wanted to study the Berlin post office system. At Berlin, a postal employee took Linberg on his mail delivery rounds for a day. Linberg was even dressed for the occasion. He had taken his post office uniform with him overseas.

LOVE AT 40-SECOND SIGHT

The emotional impact of a first-hand view of the Beatles is plainly depicted on the faces of these teenagers at San Francisco International Airport yesterday. Their long wait —in some cases since Monday night —along with about 9,000 other youngsters, was rewarded by a 40-second audience at the airport. The Beatles will perform tonight at the Cow Palace. Tickets have been sold out. (AP Wirephoto)

Car Makers 'Stalled' On Smog Devices

LOS ANGELES (AP)—County officials say some Detroit auto makers stalled until forced by state law to install smog control devices on cars.

Ford Motor Co. and General Motors announced last week that they will use an air injection system to control exhaust emissions on 1966 models.

"There is nothing new in what companies are doing now," Smith Griswold, chief of the county air pollution control district, said yesterday.

"They simply stalled until forced into action by state law." The state Motor Vehicle Control Board has ruled that approved exhaust control devices must be on all new cars sold in California starting with 1966 models.

Griswold exempted Chrysler Corp., noting that firm's engines already have been modified.

Donald A. Jensen, executive officer of the Motor Vehicle Control Board, defended the manufacturers, saying they should be commended for the progress they have made.

Knowland Park Post

SACRAMENTO (CNS)—Gov. Edmund G. Brown announced that Joseph R. Knowland, publisher of the Oakland Tribune and former chairman of the State Park Commission, has taken over the chairmanship of the campaign for Prop. 1, the 150 million dollar bond issue for beaches and parks.

NATURE SLAPS AT U.S. SPACE EFFORT

Cape Kennedy Lightning Bolts Fry Project Gemini Timetable

CAPE KENNEDY, Fla. (AP)—A series of lightning bolts which caused considerable damage on the Project Gemini launching pad apparently has erased any possibility of a two-man orbital flight this year.

Officials said the mishap probably means that astronauts Virgil I. Grissom and John W. Young will have to wait until early 1965 to make the first tandem flight. They were to take a three-orbit, five-hour space ride in mid-December.

As an electrical storm swept over Cape Kennedy Monday night, several lightning bolts struck the Gemini launching complex. They damaged systems in a Titan 2 rocket on the pad and in the ground support equipment.

It was the first recorded incidence of lightning damage to a rocket in the 14-year history of the cape. All rocket gantries here are supposed to be lightning-proof.

The Titan 8 was being groomed to boost a fully equipped spacecraft, which was not on the pad, on a 2,000-mile ballistic flight to test all systems, the re-entry protective heat shield and recovery techniques.

The launching, the final unmanned shot before the Grissom-Young flight, had been scheduled for Oct. 6.

The National Aeronautics and Space Administration said Tuesday, "The effect on the launch date is not known at this time. But some equipment replacement, launch complex revalidation and systems retest will be required."

"The over-all effect of this condition may result in a delay of the first manned flight into next year," the agency said.

A spokesman said the lightning caused no visible damage —that apparently all of it took the form of short-circuits and other electrical-type damage to delicate components.

U.S. Treasurer Hurt In TV Station Fall

WASHINGTON (UPI) — Mrs. Kathryn O. Granahan, treasurer of the United States, broke her left elbow and knee yesterday in a fall at a television station where she was to appear in connection with a U.S. savings bond program.

Mrs. Granahan, whose signature appears on all U.S. currency, was listed in "satisfactory" condition at Georgetown University Hospital.

Carlsbad Caverns National Park was established by President Hoover in May 1930.

Barry's Running Mate Hits Demos' Foreign Aid Policy

NEW YORK (AP)—Rep. William E. Miller, making his first campaign appearance in his home state since he won the Republican nomination for vice president, called Tuesday night for "firmness" in dealing with Communist countries.

He also criticized Democratic handling of foreign aid and overseas information policies.

Miller addressed 100 Polish-American organization leaders at a session of the American Council of Polish Cultural Clubs.

He said no one in the United States can consider himself "wholly free" until the people of Poland and the other Communist satellites are free.

Miller said U.S. aid to the Communist government of Poland does not help the Polish people, and added: "Our aid should be to the people—it should be people-to-people, not to the government."

He said "the right of self-determination" is what Americans want for people in Poland and all other countries.

Visit To England

LONDON (UPI)—The Maharajah of Sikkim and his Maharani, the former Hope Cook, arrived here yesterday for a visit of several days before proceeding to New York. Maharani Hope Namgal, 23, is the daughter of a New York shipping magnate.

Approximately 60 percent of purchasers of new and used automobiles make use of credit.

Rights Group Ousts Leader

SAN FRANCISCO (AP) — Negro civil rights leader Henry P. Organ has been removed as president of the San Mateo County Catholic Interracial Council.

James T. McDonald, president of the Archdiocese Catholic Interracial Council, said yesterday a meeting of the San Mateo chapter would be called to elect a new president.

He said Organ, 33, was ousted because of his persistent demand that Francis J. Cardinal McIntyre be removed as Archbishop of Los Angeles.

Organ has protested that Cardinal McIntyre has refused to declare his opposition to Proposition 14, the ballot initiative to repeal the Rumford anti-discriminatory housing act.

PRESIDENT JOHNSON
As he spoke yesterday

LBJ Lectures On Problems Of Race Unity

WASHINGTON (AP) — Saying it is time to speak frankly on racial troubles, President Lyndon B. Johnson has declared the nation's fate will not be decided "by street rioters and night raiders."

"We demand — and we are going to have — respect for law and order in this land," Johnson said Tuesday in addressing members of the Citizens Committee for Community Relations that will help implement the new Civil Rights Act.

He said it is time to "cease this cynical guessing of who will be helped—who will be hurt—by disorders and disobedience and disrespect for the decency of our society.

"All will be hurt — none will be helped—if responsible citizens sit on the sidelines regarding the stability of our society as a spectator sport."

The question facing the nation, he said, is not how whites or Negroes will vote in November, "the question is how we shall work together and succeed together for the next hundred Novembers to come."

A nation of courage, compassion and common sense, Johnson added, "must not and will not allow its greatness to be degraded by those who work only for its division."

Viets Remove Memorial To J. F. Kennedy

SAIGON, Vietnam (UPI)—Workmen quietly removed a granite monument to the late President John F. Kennedy before dawn today in an apparent government concession to South Vietnam's restive Roman Catholics.

Catholics had objected to the one-ton monument because it signified renaming "Our Lady of Peace" square for the late American president.

Officials kept silent as to whether the name-change was being dropped or whether some other square would be designated to honor Kennedy's memory.

However, a U. S. embassy spokesman said President Nguyen Khanh had discussed the matter in advance with Ambassador Maxwell D. Taylor and Msgr. Nguyen Van Binh, Archbishop of Saigon.

College Unit Due Drop-Out Report

The Marin Junior College District board will discuss a report on drop-outs at a meeting at 8 p.m. tomorrow at Room 24, Harlan Hall, at the Kentfield campus.

A recent study showed that the highest percentage of drop-outs occurred among students in evening classes.

The trustees also will review a proposed barber apprenticeship course for the Adult Education section, and a final report on the college credit program for high school seniors last spring.

Actress Crawford Reported Doing Fine

HOLLYWOOD (UPI) — Actress Joan Crawford, undergoing treatment for a respiratory virus infection since July 31 at Cedars of Lebanon Hospital, was reported doing fine today by doctors.

Miss Crawford's virus has cleared up, but attendants said she would remain in the hospital another week to regain her strength. The 56-year-old academy award winner has been hospitalized three times since June for the same illness.

Crisis On Cyprus Eases, Turkey Returns Planes

NICOSIA, Cyprus (UPI) — The crisis eased today on this strife-torn island.

The Greek Cypriot government of president Makarios agreed to a partial lifting of the food blockade against Turkish Cypriot communities.

In Paris, the North Atlantic Treaty Organization announced that Turkey has returned to NATO command air force units it withdrew on Aug. 10 when the Cyprus crisis reached a critical stage.

(A NATO spokesman said it was hoped that Greece would also reinstate the NATO forces it withdrew to guard against the alleged threat of an invasion of Cyprus by Turkey.)

The easing of the food and water blockade by Makarios' government was a major step toward restoring peace to the island.

A United Nations spokesman said yesterday, after urgent meetings with Makarios, that the Greek Cypriots were allowing deliveries of water to the isolated Turkish Cypriot community in Paphos.

Anti-Castro Cuban In March To Miami

COCOA, Fla. (UPI)—Four Cubans claiming membership in a militant anti-Castro organization walked down U.S. Highway 1 today on the last leg of a New York to Miami march.

The exiles, who said they were members of Alpha 66, a group which has carried out small military raids against Fidel Castro's communist-dominated island, are trying to raise money to buy more weapons and ammunition for use in guerrilla warfare in Cuba.

The snake called the sidewinder, which frequents the desert, if kept exposed to the direct summer sun will live only a few moments.

Wilson's Ancestral Home Is Monument

BELFAST, Northern Ireland (UPI)—The late President Woodrow Wilson's ancestral home in Northern Ireland will be preserved as a national monument, it was announced today.

The Northern Ireland Finance Ministry, acting on behalf of the British National Trust, has bought the house to preserve it. It is a farm building two miles from Strabane and is one of the oldest in the area. Wilson's grandfather was born there.

The Ford Foundation is the largest such organization in the nation, with assets over 3.3 billion dollars and a yearly budget of more than 230 million dollars.

Satellite May Help Relay Pictures Of Japan Games

CAPE KENNEDY, Fla. (AP)—The Syncom 3 communications satellite, intended to relay television pictures of the October Olympic Games in Japan quickly to North America and Europe, rocketed into a preliminary orbit today en route to a planned stationary post high above the Pacific Ocean.

Officials were cheered by the early success of the mission. But the "Olympic Star" satellite must execute a number of complex maneuvers in the next 12 days to shift its orbit and reach its goal as the world's first truly synchronous—stationary—satellite.

While Syncom 3 is a research vehicle and television is not its main job, successful intercontinental transmission of Olympic pictures would be the most dramatic performance so far by communications satellites.

U.S., Japanese, Canadian and European interests plan to spend nearly 1 million dollars to demonstrate Olympic television capability with Syncom 3. Practically none of the transmission will be live, primarily because of time differences, and ironically, Canadian and European viewers probably will see more of the film relayed by Syncom 3 than will those in the United States.

Former Party Chairmen Nominated In Wyoming

CHEYENNE, Wyo. (UPI)— Wyoming voters nominated Republican John Wold for a U.S. Senate seat and Democrat Teno Roncalio of Cheyenne for a House seat in yesterday's primary election. Both are former chairmen of their parties.

Wold, 47, a petroleum geologist credited with engineering GOP sweeps in Wyoming in 1960 and 1962, beat Kenny Sailors to win the Republican Senate nomination. He will oppose Democratic incumbent Sen. Gale McGee in November.

Roncalio won a four-way race in the Democratic bid for the state's only seat in the U.S. House of Representatives. It is now held by Republican William Henry Harrison.

McGee, renominated, had little trouble beating Wayne Kinney of Laramie.

Both Wold and Sailors are considered strong supporters of Barry Goldwater.

Roncalio, 47, a Cheyenne banker and attorney, is the son of an immigrant Italian coal miner. He grew up shining shoes and selling vegetables in his native city of Rock Springs.

It is believed that the ancestors of the Tuaregs of African western deserts and mountain villages originally wandered from Egypt.

Clausen Votes For School Act

I-J Special Report

WASHINGTON — Rep. Don Clausen (R-Crescent City) said today he had voted to extend the National Defense Education Act for two years.

"This includes federal payments to the so-called 'impacted' school districts in the First Congressional District," Clausen said.

"The federal government has a responsibility to make payments to these local school districts in direct proportion to its 'impact' on them.

"This prevents increases in local property taxes resulting from the influx of military personnel and their dependents," Clausen declared.

The bill was passed by the House on a voice vote last Friday.

U.S. May Get Gould Mansion

WASHINGTON (AP)—The Senate has approved a tax settlement by which the government would acquire the Tarrytown, N.Y., mansion of railroad magnate Jay Gould and open it to the public.

It would also save the estate of Gould's daughter, Anna, Duchess de Talleyrand, about $700,000. She died in Paris in 1961.

Under the settlement the house would be transferred to the National Trust and be deductible as a charitable contribution from the estate valued at 1.3 million dollars.

The legislation, sponsored by Sen. Russell B. Long (D-La.), as an amendment to a minor tax bill, was returned to the House for consideration of the changes.

Lawmaker Says MIGs Shipped To Congo

WASHINGTON (UPI) — Rep. Melvin R. Laird (R-Wis.) says he has information from "a usually reliable source" that the Communists are shipping MIG fighters and other warplanes to Stanleyville in the Congo.

Laird said yesterday that Stanleyville, "a strategic key to the whole Congo area, is now firmly in Communist hands." He made the comment in a statement attacking administration foreign policy.

ADMIRABLE ADOLESCENTS

They Couldn't Keep Him Away From The Clarinet

By ALAN CUNNINGHAM
(Third of a series)

You often hear about the mother who has to sit on her child to keep him from running out to play baseball when he is supposed to be practicing his piano lessons.

Fifteen-year-old Michael P. Wellen of 18 Sirard Lane, San Rafael, is not just the exception to that old story. He is its exact opposite.

With almost no prodding from home, he fell in love with the clarinet at age 10. The affair soon reached such proportions his parents, Mr. and Mrs. Fred D. Wellen, waited for it to cool off. At times, they confess, they wished it would.

Five years later, they have begun to realize it may never cool. Their son occupies a sought-after first chair in three local bands and orchestras, one of which includes men and women of all ages. And he displays a dedication to music which could well carry him to a career as a top-flight member of one of the nation's leading symphonies.

Perhaps, even, he could achieve the stature of someone like famed British clarinetist Reginald Kell, whom Mike feels is "an artist," whereas many others are only "chair men."

It all began when young Wellen was in the fifth grade.

"Up until that time, I had no interest," he remembers. "One day something just snapped, and I knew I had to play something."

His mother suggested the clarinet, and he took the suggestion enthusiastically. His parents watched with interest, but they knew that boys often attack a new idea with enthusiasm for awhile, then forget about it in a few weeks or months.

Two years later, the spark was still there. Young Mike had made such fantastic development on his instrument that he became the youngest member of the College of Marin Community Band.

Still more startling developments followed. Not content with simply being in the band, he strove for, and attained, an amazing goal: he assumed the first clarinetist's chair, then was made bandmaster, a post he still holds.

At about the same time, he joined the Marin Youth Symphony, and soon took over its first clarinetist's chair also. Today, nearing his sophomore year at San Rafael High School, he already has the school band's first chair reserved along with those in the other two organizations.

This spring he was named the school's outstanding freshman and outstanding instrumentalist for the 1963-64 school year.

"Sometimes persecuted" by friends who prefer rock 'n' roll to the classical music he enjoys, Mike insists he is more tolerant toward their tastes, and in fact likes to dance to many popular records.

But as for those records' quality, he has clear-cut opinions.

"I don't think they should be classified as music. That stuff is just entertainment, and it is good for that. But it cannot be compared with other forms of music."

Mike shows little regret over the fact his many hours of practice prevent him from some of the activities enjoyed by his friends. His heart is set on ambitious goals.

"You gotta be the best," he explains, "and it takes work."

This work takes the form of more than two hours of practice daily, even while school is on. And in the summer, explains his father, he plays "as long as his mother will allow."

Mrs. Wellen has been waging a mildly successful campaign to hold the practice to two hours a day, partly because of the fact that their home "wasn't built for this thing," and neighbors occasionally grow angry when they have heard their fill of live clarinet music.

In the future, Mike plans "at least two years of college," then he sets his sights on attending one of the nation's top music academies, such as Philadelphia's Curtis Institute of Music.

Next summer, he has a scholarship to attend the Music Academy of the West in Santa Barbara. He got it a year ago, after playing for one of the school's directors, who was impressed. But he had to wait two years because the school takes no students under 16.

In the meantime, Michael occasionally does put down the clarinet, taking frequent dips in the family swimming pool. A pair of newly-bought barbells in his bedroom reflect a recent interest in physical fitness which he doesn't much like to talk about.

And there is another stream of activity in the youngster's life besides his hours of "long-hair" practice, but this too involves the clarinet.

Jazz recordings occupy a shelf with classical ones, and the family proudly points to mementoes of frequent appearances playing jazz at the Trident in Sausalito, on several television programs, and in last April's "Teen Talent" contest in San Francisco, where he won $150.

His father says "he swings," but his private teacher, San Francisco Symphony clarinetist Donald Carroll, takes a dim view of these excursions into jazz.

"He insists he can hear when I have been playing jazz," says Mike, "but I don't see how."

He admires Carroll deeply, but it does not seem likely he will soon take the instructor's advice to forget jazz. Balanced against this advice are such souvenirs as an autographed picture of famed trumpeter-vocalist Louis Armstrong.

After sending Armstrong a fan letter, Mike appeared with his band in a San Francisco stage show. Afterwards, "Satchmo" paid tribute to the boy's literary, as well as musical, ability with this inscription on the photo:

"You write just like you play your clarinet — with a lot of soul."

CONCENTRATION—Hard work has payed off for Michael P. Wellen, 15, who has made a big start toward a promising musical career. (Independent-Journal photo)

Berkeley Defeats Hotel-Motel Tax

BERKELEY (UPI) — The Berkeley City Council last night soundly defeated, 8-1, a proposed 4 per cent hotel-motel tax bill to replenish the revenue hungry coffers of the city.

The only vote in favor of the measure was cast by Wilmont Sweeney who proposed the bill. The chamber of commerce strongly opposed the bill.

Sausalito Protects Self On Fill Freeze

The Sausalito City Council is going to give its three-year moratorium on bay filling an encore.

The city, believed to be the first to clamp down on waterfront filling, voted the moratorium as an "urgency" measure Monday night.

City Atty. Leland H. Jordan recommended that the council also pass it under usual procedures "to cover all bases."

He described the move as "an appropriate precaution" because the "urgency measure" may be challenged.

At Monday's meeting John L. Rockwell, attorney for Sausalito Properties, said the firm, whose proposed 10 million dollar development was blocked by the action, would take its case to court.

The council last night re-introduced the moratorium ordinance with adoption set for the Sept. 1 meeting.

Retired Man Hit By Auto

Alfred Joseph Roscoe, 67, retired, who lives at the Mission Inn in San Rafael, suffered cuts and bruises yesterday when a car struck him at the intersection of Third and B streets.

Driver of the car was Dr. Michael Joseph Franzblau, 37, of 768 Monticello Road, San Rafael. The doctor told police he was westbound on Third Street and turned left onto B Street when the left front side of his car hit the pedestrian.

Roscoe told officers he was walking across the street toward the postoffice. The mishap occurred about 9:25 a.m.

Roscoe was treated for bruises on his face and legs and held overnight for observation at San Rafael General Hospital.

Treated For Shock

Lawrence M. Campanile, 23, of Gate 6 Road, Sausalito, was treated for shock at Marin General Hospital at 9:19 p.m. yesterday and sent home after he was reported to have been injured while working with electric wires at his houseboat apartment. He was taken to a hospital by Sausalito Ambulance.

Suit Is Filed In Eye Injury

An alleged shop class accident at Vallecito School at 50 Nova Albion Way in Terra Linda last April 8 resulted yesterday in a $50,000 personal injury damage suit being filed in Marin Superior Court against Dixie School District.

Daniel Wegner, 13, son of Mr. and Mrs. Elwin Wegner, 259 Devon Drive in Terra Linda, alleges as plaintiff that negligence by the district in failing to require and provide goggles during shop work resulted in an injury to his left eye from a flying bit of metal.

The suit, filed on behalf of Daniel by his father, states a claim for damages was filed with the school district June 29.

Khrushchev Believed Cool To Romania Celebration

MOSCOW (UPI)—Premier Nikita S. Khrushchev apparently plans to snub independent-minded Romania during a forthcoming series of visits to member nations of the Soviet bloc, western diplomats said today.

The communist nations of Eastern Europe are celebrating the 20th anniversaries of their liberation from Nazi Germany, and Khrushchev already has visited Hungary and Poland to take part in the ceremonies.

The premier returned yesterday from a two-week tour of Soviet farming areas. He plans to take part in Czechoslovakia's celebrations Aug. 27 and is expected to visit Sophia, Bulgaria, next month.

But diplomats said he has no plans to go to Bucharest for Romania's anniversary this Sunday.

For the past year, Romanian communist leader Gheorghe Gheorghiu-Dej has been showing increasing independence from Moscow in his political and economic policies. Khrushchev has maintained that relations with Romania are still good. But differences keep coming to light.

Romania reportedly opposes Khrushchev's call for an international communist summit meeting to deal with the Sino-Soviet dispute, and to have indicated Romania was unlikely to attend a December preparatory meeting of 26 communist parties in Moscow.

Romania wants to avoid a formal split in world communist ranks, fearing it would weaken the movement and also would give Moscow more time to pay attention to wavering Soviet bloc members.

School District Group To Meet On Tam Plan

The augmented Marin County Committee on School District Organization for the Tamalpais Union High School District area will meet at 8 p.m. today at the Redwood High School Library to discuss future unification studies.

The meeting will be the last augmented committee meeting for any area to be held in Marin, because the Unruh Education Act, which goes into effect on Saturday, eliminates augmented committees, giving entire responsibility to the Marin County Committee.

Negro Newspaper Office Set Afire

LOS ANGELES (UPI)—The office of a small weekly Negro newspaper was set afire early today. The publisher said it culminated a series of threats that began when the paper published an article criticizing the Black Muslim sect and Elijah Muhammad, its leader.

Police and fire units were called to the office of the Los Angeles Herald-Dispatch shortly after midnight after the attackers set fire to the restroom and threw a flaming Molotov cocktail through a front window, detectives said.

Publisher Sanford Alexander and his wife, Elizabeth, who live in the building, said they were working when the attack occurred. They were able to extinguish the blaze before help arrived, officers said.

DOWN-TO-EARTH STUDIES

Newton Wise, fourth grader at Reed Union School District's Bel Aire School, carefully sifts over ingredients of earth, as class project of a natural science course for Marin youngsters. The studies were conducted during the summer, giving pupils a wider background for their courses coming up when school opens throughout the county early next month.

HUB TO TRY AGAIN ON SCHOOL BONDS

San Anselmo Trustees Agree To Placing Narrowly Defeated Issue On The Ballot

The San Anselmo School District Board last night tentatively agreed to try once more on a $700,000 bond issue and $500,000 state loan proposal which was narrowly defeated July 21.

They called a special meeting for 8 p.m. Friday to consider a resolution which would place the matter on the Nov. 3 ballot.

Undaunted by three defeats, board members pointed to the fact that each of the last two tries missed the necessary two-thirds passage by less than 40 votes.

The board adopted classroom schedules for the coming school year, including double sessions for second graders at Brookside School.

Youngsters in the double sessions will go to school from 8:20 a.m. to noon or from 12:20 to 4 p.m., but will have an extra hour in the school's multi-purpose room two days a week. Morning pupils will stay over for this, while afternoon pupils will start early on those days.

Only other change in the schedule will be a 15-minute increase in classroom time for seventh and eighth graders, which will mean a reduction in their lunch period from one hour to 45 minutes.

This will create time for French classes three times weekly, taught by the district's specialist, District Supt. Stephen Parodi explained.

The board tentatively scheduled an adjourned session for Sept. 1, in case something arises in connection with the start of school.

This, if held, and Friday's special meeting will be in the faculty room at Isabel Cook School.

Board member Joseph E. Tilt Jr. was ill, and Howard McKinley also was absent.

Greek Forces Back In NATO

ATHENS (AP) — Greece announced tonight the return of her military units to the command of the North Atlantic Treaty Organization.

This was announced by Premier George Papandreou after a two-hour emergency meeting with King Constantine.

Papandreou said:

"Since Turkey returned her forces to NATO control we will also return them."

Tiburon City Hall Already Faces Move

Tiburon's temporary "city hall," now lodged in a classroom at Del Mar School, will move to another temporary spot in the school Monday, City Manager Lawrence D. Rose said today.

City offices will go into the lecture and music hall, more commonly known as the little theater, to make way for the start of classes next month.

Meanwhile, a special meeting which had been scheduled for tomorrow to discuss a more permanent, but still temporary, city hall was cancelled today by Mayor Gordon Strawbridge.

Rose said a citizens committee which is seeking a site would not have its report ready in time for the special session, so it will be delivered at Monday night's regular meeting.

Wig Burglar Strikes Again In Sacramento

SACRAMENTO (UPI) — The wig burglar has struck again.

Sheriff's deputies say another 40 to 45 wigs, valued at about $4,000, were reported stolen Monday from a wig shop in the suburbs.

Last week 80 wigs valued at $8,900 were stolen from a beauty supply store, also in the suburbs.

Rafferty Urges Unions To Bolster Education

SAN FRANCISCO (AP) — Max Rafferty, state superintendent of public instruction, urged labor unions to take a more active role in education because labor "is the great and tragic loser" if "a California public school is not teaching its kids to read properly."

His forum was the State Federation of Labor biennial convention Tuesday.

The 2,000 delegates were cautioned in advance to be courteous to Rafferty. Federation secretary-treasurer Thomas L. Pitts thought the warning advisable because "many of our people have serious disagreements with him."

Rafferty said it was his first public address to the "confoundedly gun-shy" labor movement.

He told of plans for a winter conference of educators and labor leaders "to restore meaning and morale to our vocational program which are so badly needed."

For the second successive day delegates heard a series of speakers urge them to go all out to defeat Barry Goldwater for president.

"Drop everything else for the next 12 weeks," urged Al Barkan, national AFL-CIO political director.

John F. Henning, U.S. undersecretary of labor, said the Republican Party in nominating Goldwater has declared war on the trade union movement.

Delegates adopted resolutions urging state and federal government to take a series of actions to lessen problems of poverty, unemployment, the technological change and economic inequality.

House Takes Up Districting Bill

WASHINGTON (AP)—The House took up today a bill that would strip the federal courts of power to deal with apportionment of seats in state legislatures.

Told it was dealing with the most-momentous issue to face Congress in decades, the House responded with a 241-148 roll-call vote that brought the bill under discussion.

New Civic Duties Hit Mayor's Long Record

SACRAMENTO (UPI) — Mayor John Shelley of San Francisco is going to miss his first Democratic National Convention in 24 years.

Gov. Edmund G. Brown said he had invited the former congressman to join the California delegation at next week's Atlantic City convention but the mayor said he could not attend. The mayor blamed the press of duties.

Marin CD Unit Gets Reprieve

The Marin County civil defense office was given a reprieve today, for one more year.

But the county board of supervisors made it clear they intend to combine the function of that office with the job of the county veterans' service officer as of July 1, 1965.

The department budget for this year was left intact, and an extra $300 was thrown in to buy gas masks, but the board also asked the veterans' service officer, James V. Burdick, to review the jobs of the office with the present civil defense director, Jean Smith, so that he can take over the job.

The board also declared its intent to give Burdick extra clerical help next year when he does take over.

The consolidation was proposed by County Administrator Alan Bruce, who said that Burdick has one of the few offices in county government which is not increasing in workload. He said Burdick is interested in civil defense.

At preliminary budget hearings, Supervisor Byron W. Leydecker asked that the civil defense office be abolished, unless the county was ready to put a major expenditure into the budget for it. He, with the rest of the board today, agreed to the compromise.

One of the most popular sightseeing attractions in Nassau is the Queen's Staircase, a flight of 65 steps ascending from a deep canyon. They were cut in solid rock by freed slaves.

Why more dentists now recommend Crest Toothpaste than ever before

New test results further confirm Crest's effectiveness against cavities.

Within the last month, results of the first test of Crest in Canada were announced. The results after two school years: a 42% reduction in cavities among first- and second-grade children vs. a similar group using Crest but without Fluoristan; a 39% reduction among seventh graders.

This study brings the number of Crest clinical tests to fifteen. The Crest Clinical Research Program, which began in 1952, has included thousands of children, teen-agers, and young adults. The Program has also included variations in brushing frequency and duration of tests.

This is why more dentists now recommend Crest than ever before.

Ask your dentist about Crest. Ask him how it can benefit your family's dental health. He may recommend Crest. If he does, it is because he knows you will use Crest as part of a good dental health program. One that includes regular checkups, watching between-meal treats, and brushing often.

BARRY SAYS LBJ SPILLED BEANS

After visiting tomb of first GOP president, Abraham Lincoln, in Springfield, Ill., this morning, candidate Barry M. Goldwater turned his verbal heavy guns on President Lyndon B. Johnson in speech at Illinois State Fair. Johnson, Goldwater charged, gave Viet Cong forces two hours warning of the U. S. retaliatory raid against Gulf of Tonkin PT boat bases, in which two Navy planes were lost, one pilot killed and one captured by the communist forces. (AP Wirephoto)

Board Fails Once More On School Site

Trustees of Lagunitas School District failed again last night to reach a decision on which of two prospective sites in Woodacre to choose for a new school.

Appraisals of both sites, one located at Woodacre Improvement Club and the other off Sir Francis Drake Boulevard near Idlewild rest home, were "not much help," said Marshall J. McCunniff, district superintendent.

The Woodacre club site, proposed to be parttially shared between the school and the club, was appraised at $165,000 for six acres of developed land, and the Idlewild site was appraised at $47,000 for 11.2 acres of open land.

Both appraisals were protested by owners as too low, said McCunniff, and they were also only approximate figures. The Improvement club site is favored by the trustees, but club members have voiced opposition to the move.

The board will present a report on the selection of school sites at the next improvement club meeting, said McCunniff. Trustees feel that the Idlewild site is less desirable for a new school.

The Lagunitas School District board also:

1. Hired Marilyn Millman of San Francisco to teach second grade.

2. Postponed study of adoption of a policy manual until return of absent trustees Glen Twitchell and William G. McBride for a meeting Sept. 1.

Los Angeles Voters Number 2,795,000

LOS ANGELES (AP) — There are 2,795,000 registered voters in Los Angeles County, 216,000 less than for the 1960 presidential election, Registrar of Voters Ben Hite said today.

The total is 184,000 less than for the 1962 general election. Hite reminded residents that the deadline for registering is Sept. 10.

Betty's Bunny Chase Has Sad Conclusion

FORT PIERCE, Fla. (AP) — Mrs. Betty Darling, 33, went gunning for a rabbit that was raiding her garden.

The bunny was unscathed but (1) Mrs. Darling's .22 caliber pistol accidentally discharged, wounding her arm; and (2) her automobile went into a ditch driving to a hospital, adding a cut lip and bruised forehead to her injuries.

Sausalito Trims 26 Cents Off Tax

The Sausalito City Council last night set a tax rate of 98.5 cents for 1964-65, a drop of 26.5 cents from last year, giving the city taxpayers what is believed to be the lowest overall rate for municipal services in Marin County.

Higher property assessments made by the county assessor made the cut in rate possible.

City Mgr. Charles A. Brown said that other municipalities may have lower city tax rates, but taxes for other services, such as sewer and fire districts, put them above Sausalito's overall total.

Aside from the city tax Sausalito taxpayers have to pay a sewer district tax of about 18 cents per $100 valuation.

Mayor Jan Dyk pointed out that Sausalito has no bonded indebtedness.

Brown said the city will have to raise $210,790 by property tax for the following purposes:

General fund, $108,310, at a tax rate of 50.6 cents; library fund, $23,090 at a tax rate of 10.8 cents; park fund, $42,155 at a tax rate of 19.7 cents and retirement fund, $37,235 at a tax rate of 17.4 cents.

Joint Marin Water Agreement Gaining

A big step toward cooperative attempts to bring additional supplies to Marin County was taken last night when the North Marin Water District board authorized the signing of a joint exercise of powers agreement with the Marin Municipal Water District.

"The importance of last night's action will be far-reaching," Jerome B. Gilbert, manager and chief engineer of the northern district said today.

"If the agreement is approved by the Marin Municipal Water District, which will consider the action later this month, we will be able to join forces in getting water for the county from the Russian River," he said.

The exact date of delivery of the additional water supply, scheduled early in the 1970's, will be determined by the growth of Marin County and the districts' ability to finance the project, he said.

"When the agreement is signed by both water districts, they will be able to jointly finance the facilities to bring the water to Marin County," Gilbert said.

The Northern Marin Water District board also:

1. Adopted a resolution of intention to consider providing water service to areas in West Marin which are not presently served by a water district.

2. Gave preliminary approval to revised regulations which will adjust charges for new water service in the district to make them uniform. When final approval is given, the charge will be $225 for all new connections to existing water mains. Presently a $170 charge is made for new connections on mains installed before 1959 and $395 for connections on mains installed after that date.

3. Approved an extension agreement for Marin Oaks Unit 1 in the South Novato area.

Reds Shoot Down Jet Of Laotian Rightists

VIETIANE, Laos (UPI) — A Laotian air force T-28 fighter-bomber was reported shot down by communist pathet Lao anti-aircraft fire and a second one was missing today.

A communique issued by the Army chief of staff's office said the plane belonging to the right-wing faction was downed yesterday while providing support for troops skirmishing with the Pathet Lao. The attack area was not pinpointed.

Stanford Crew Finds Giant 'Quake Victim

STANFORD (AP) — The $600,000 library on the Stanford University campus, which was to have opened for the fall term of 1906, never held a book.

The April 18 earthquake that year smashed the building beyond repair.

Workmen excavatin for the new Graduate School of Business have unearthed the massive foundations of the library building, which was 304 feet long and 200 feet wide.

Mill Valley Girl Injured In Fall

Lauren Le Clair, 18-month-old daughter of Mr. and Mrs. Lawrence Le Clair of 235 East Blithedale Avenue, Mill Valley, was reported in fair condition today at Marin General Hospital where she is under observation.

The child was taken to the hospital shortly before noon yesterday after falling the previous night, hitting her head and developing a high fever, the Mill Valley police were told.

Vandals Strike At Barry Town Halls

Vandalism continued last night in two of three Town Hall for Goldwater headquarters in Southern Marin with the breaking of a plate glass window in Sausalito and appearance of a new sign on the window of Mill Valley headquarters.

There was no damage reported at Tiburon headquarters, according to Mrs. Chester C. Vargas Jr., office chairman.

Officer Ernest Brown said that while patroling at 7:45 a.m. today he found that a 28 by 48 inch plate glass window had been broken in the Sausalito headquarters at 815 Bridgeway. Investigating, he found a medium sized granite rock inside the building, which apparently caused the damage.

On the door was a sign, written in red lipstick including the words blockheads, bigots, and swastika.

A paper sign printed in different colors and pasted on the window of Mill Valley headquarters at 17 East Blithedale Avenue with masking tape was found by Mill Valley police at 12:30 a.m. today by police. It read: "Goldwater is a Fink."

"Action of this type is extreme action," said Mrs. Vargas. She added "We have had no trouble in Tiburon at the 33 Main Street headquarters. We have been overwhelmed with the support from the public."

Vandalism was reported last week, and over the weekend students displaying anti-Goldwater signs before the Sausalito office Saturday in a sit-in and a swastika and other signs appeared on windows of the Mill Valley office.

High Speed Chase Ends In Collision

A 22-year-old Muir Beach man led Mill Valley police on a car chase at speeds up to 80 miles per hour last night which ended when the speeder overturned his 1964 Chevrolet station wagon in a creek at Fort Barry.

John Thomas Norton, who was uninjured but whose car was described as a "total wreck," was asked to get out of his car after it overturned on its left side.

"_____, you made me wreck my car," replied Norton. "Come and get me."

When Mill Valley Police Officer Douglas Stone opened a door of Norton's car, Norton lunged at him with a nine-inch screwdriver, said Stone.

Fifteen law enforcement officers, including Mill Valley and Sausalito police, sheriff's deputies and eight military police, took part in the chase.

The unemployed Norton, who had run through two red lights and two stop signs, was placed in county jail on eight charges. They are: Resisting arrest, assault with a deadly weapon against a police office, no valid operator's license in possession, running a red stop light, failure to heed a red light and siren, excessive speed, reckless driving and failure to heed a stop sign.

Officer Robert V. Kinney of Mill Valley said he, with reserve Officer Sam De Pillo, saw a dark colored car turn from Throckmorton Avenue to Miller Avenue at about 11:15 p.m. "at a high rate of speed."

Kinney said they pursued the car east on Miller where the driver drove through a stop sign at Montford Avenue, then through the red light at Camino Alto at 75 miles per hour. At Dolan's Corners he again went through a stop sign.

Kinney notified all Southern Marin units and Officer Stone, on patrol in Mill Valley with reserve Officer Tom Rogers, responded immediately using red light and siren.

Norton sped around Shoreline Boulevard to Highway 101 at 80 miles per hour, said Kinney and Stone. He drove at 60 to 80 miles per hour over the Golden Gate freeway, turning off at the Sausalito turnoff and drove into Fort Barry where he again passed a red light at the entrance to the mile-long, one-way tunnel.

Norton, said police, sped through the residential area of the fort, posted at 15 miles per hour, went about one half mile west of the tunnel, went off the road and rolled down a steep bank into a creek.

When Kinney and Stone asked for identification, Norton would not show his driver's license but took his wallet from his pocket and threw it on the ground. Stone removed the screwdriver from the suspect's vehicle to be used as evidence and Norton was handcuffed and taken to the sheriff's office.

Cosmonauts Hint At Russ 'Spectacular'

MOSCOW (UPI) — Cosmonauts Andrian Nikolayev and Pavel Popovich hinted today at a space spectacular involving several Soviet spacemen in a cosmic link-up this month.

August is "the month of cosmic starts," the spacemen said in a joint article in the air force's journal describing their tandem flight just over two years ago.

That flight, they said, was a first step toward solving the "cardinal problem" of a space rendezvous.

They said that in 1962 Soviet space scientists were able only to orbit two manned capsules in close proximity. Now they have developed automatic satellites capable of in-flight maneuvering, they added.

This technique may now be used with several manned spaceships finally to effect a link-up, the cosmonauts hinted. But they revealed nothing else.

Their remarks followed by a day the launching of three scientific satellites "Cosmos 38", "Cosmos 39" and "Cosmos 40" by a single carrier rocket of a "new type."

School Bond Backers Seek Fairfax Voters

A Fairfax citizens group, urging passage of a $500,000 local bond issue on the Nov. 3 ballot, will hold a voter registration drive on Aug. 29 at the Fairfax firehouse from 10 a.m. to 7 p.m.

Peter Berwick, member of the Citizens Committee for Schools, made the announcement last night at a meeting of the Fairfax School District board of trustees at Central School.

Also on the Nov. 3 ballot will be a proposal to accept a state loan of $500,000. The loan and bond issue are needed to finance a proposed new elementary and junior high school.

Four prospective sites for the new school were recommended last night by chairman Ray Barnes of the Citizens Committee Study Group. All sites are west of Oak Manor Drive and north of Sir Francis Drake Boulevard.

The sites include Mrs. Edna Smith's property known as Smith Lake, Ed Smith's property known as the barn area, Maiden Lane Kennels property of Mr. and Mrs. Arthur Bell, and the Sunnyside Nursery property of Donald C. Perry.

Supt. Homer Sisk reported that Mrs. Edna Smith and Perry have granted permission for an inspection of their properties, and permission to inspect are also expected in the near future from the other two property owners.

The school board, headed by president Laurence G. Hermann, set 7:45 p.m. Sept. 8 as the time to hear a report on the school sites by architects Crawford and Banning of San Rafael.

Other reports were presented by Tom Kelly, principal of the summer school, and Nyal Worsham, director of recreation.

The school board authorized superintendent Sisk to hire an additional teacher for the seventh and eighth grades at Central School.

High Cost Of Parking Hits Downtown Sausalito Drivers

The cost of parking in downtown Sausalito is going up, from five to 10 cents at most city meters.

The Sausalito City Council last night ruled that a previously-passed ordinance boosting the meter fee be put into effect immediately.

City Mgr. Charles A. Brown said the ordinance covers all street meters except those along Bridgeway and Caledonia Street, north of Village Fair.

The council also adopted a new parking lot ordinance boosting the cost of parking in downtown lots, effective in 30 days.

Under the new ordinance the rate at the city lot across from Village Fair will go from 25 to 50 cents a day and 10 cents an hour.

The monthly parking permits for the lot next to the Sausalito Branch of the Bank of America will increase from $5 to $7.50.

There will be a parking attendant at the municipal lot across from the Plaza and the rate will be increased from 25 cents a day to $1 and the rate of 10

Though normal retirement age in the United States is 65, many distinguished people have remained extraordinarily productive late in life. Verdi finished the opera "Falstaff" at 80, Goethe completed "Faust" shortly before his death at 83; the Greek dramatist Sophocles wrote "Oedipus Rex" at 75 and "Oedipus at Colonus" at 89.

Alto Leaders Discuss Annexation, City Idea

Annexation of Alto to Mill Valley and possible incorporation of Alto were discussed very briefly last night by the Alto District Assn. but little interest was aroused in either proposal by the 24 persons attending.

The association, bolstered by re-election of Franklin J. McClain as president and naming of three new directors, agreed to meet again as a steering committee to consider annexation, incorporation or Alto's remaining status quo. No date was set to meet.

Directors named to the association were Thomas M. Dugan, John Walters and Frank Gamble. A fifth director is expected to be named at a later time, said McClain.

"The possibility of incorporation was mentioned and it was indicated we had insufficient information to properly consider it," McClain said.

The Alto Sanitary District is expected to be a full body, McClain said, in that two directors, David G. Jones and Harry McNeill, whose terms expire in September, have said they will stay on and other men, whose names were not announced, have indicated an interest in the position of Sidney Dooray who plans to leave the board.

The association agreed to write a letter to Marin Municipal Water District to find out about replacing a water pipe on Shell Road, said McClain.

BEATLEMANIA IS CAUSED BY AH . . ER . . WELL

SAN FRANCISCO (UPI)—Perplexed adults, seeking an explanation to the popularity of the four Beatles, today could mull over this instruction by Helena Rand, 18, ex-Londoner who heads the San Francisco fan club.

"It is something that only a teen-age girl can know," she said. "You just like it. You don't try to explain it. It's the Beatles and it's the way they put it across. They have tremendous personalities, really."

Dynamite Blast Shatters Windows In Dixie, FBI Busy

JEFFERSON CITY, Tenn. (UPI)—A bundle of dynamite, apparently thrown from a passing car, blew a three-foot deep crater in a field on the fringe of this college town's Negro section early today.

Police Chief Fate Williford estimated 15 to 20 sticks of dynamate were used in the blast. Windows were shattered in homes as far as 200 yards away, but no injuries were reported.

The FBI sent agents to the blast scene early today. Local authorities would not speculate on whether the explosion was the result of racial trouble.

Racial trouble erupted here Aug. 10 when a group of about eight Negroes came to the newly-opened skating rink and asked for skates.

"A couple of them were ushered out the door by force," said a local resident who asked not to be identified. "The rest of them went out of their own will."

Mayor Everett Moyers said the explosion could have resulted from racial trouble or labor trouble at a Magnavox plant here, scene of a previous strike.

"It could have been some of the old (Magnavox) strikers who have gone to work in the mines," Moyers said.

Horse Show Aug. 30

Second annual horse show at Tennessee Valley Stables is scheduled to start at 3 a.m. Aug. 30, not Sunday as was stated in yesterday's Independent-Journal.

Dazed Woman Found On Road

A 46-year-old Lagunitas woman was found wandering in a dazed condition along Sir Francis Drake Boulevard near Woodacre early today.

A passing motorist noticed Mrs. Muriel Whittacker of Lagunitas Road wandering along the roadway at 2 a.m.

She was taken to Marin General Hospital where she was in fair condition today with a cut over her right eye and bruises on her scalp.

Her car was found parked against a fence at Meadow Road and San Geronimo Valley Drive. The California Highway Patrol said it appeared that Mrs. Whittacker had been beaten, rather than suffered the injuries when her car hit the fence.

She was unable to tell officers today how she was injured.

Public Defender Gets New Aide For Heavy Caseload

The Marin County Board of Supervisors approved the hiring of a third man in the public defender's office yesterday because of an increasing workload, particularly from San Quentin Prison.

Public Defender Peter Allen Smith said his office recently received 12 new cases from the prison and that there are several San Quentin cases where the death penalty will be involved.

The workload outside of San Quentin cases also has grown and the scope of the public defender's job has been extended to cover mental illness, sexual psychopaths and habeas corpus actions, Smith said.

"In the year just past, the public defender's office has spent 1,700 hours on the operation of its office," Smith said. "This represents an increase of approximately 400 hours over the previous year."

County supervisors approved the recruiting of a part-time deputy public defender at a salary of $555 a month effective Sept. 1.

Asst. County Administrator John F. Barrows pointed out that the county is reimbursed by the state for any time spent by the public defender's staff on San Quentin cases. "There is no additional burden on the taxpayer," he said.

Auditor - Controller Michael Mitchell estimated that about two-thirds of the new deputy's salary would be reimbursable because of the increase in handling prison cases.

Smith also requested that his salary, now $795 a month, be raised to $1,150, and the salary of Deputy Public Defender Jerome C. Durham, now $555 a month, be raised to $860 a month.

Smith, who represented John Lee King, convicted killer of Donald G. Corbett Jr. in Sausalito March 27, said he spent more than two months on the trial and received approximately $1,500.

For the same work, Attorneys Thomas P. Boyd and David J. Costamanga, appointed by the court to defend co-defendent Robert Lee Jones at the murder trial, received a total of more than $15,000.

Smith said his salary during the trial period not only covered representing King but also operating the public defender's office at the same time.

Supervisors referred the salary request to the personnel director with the request that he report back at the board's Sept. 15 meeting.

Smith also said that the staff of the public defender's office has not been increased since it was established 10 years ago, while the district attorney's office has doubled its criminal staff from four to eight men.

He said that, over all, he spends about half his time on the public defender work, but there are periods when it is full time, and it prevents him from becoming involved in litigation on behalf of private clients.

Head-On Crash Injures Driver

Phillip Victor Sturgeon, 19, of San Pablo was treated for back pains early yesterday at San Rafael General Hospital after the car he was driving was involved in a head-on collision on Highway 101, 180 feet south of Nave Drive, in Novato.

Studgeon's northbound car was hit by a car driven by Harry William Anderson, 29, of Palo Alto who was driving south. Another northbound car, driven by Paul Beckett Stevens, 59, of San Bruno piled into the rear of Sturgeon's car after the first collision at 7:50 a.m.

Anderson was cited by the California Highway Patrol for driving to the left of the center divider.

Fish Business Given Word To Obey Law In Sausalito

The Sausalito City Council made it clear last night that it wants a commercial fish business operating on federal property to comply with city regulations or face court action.

The firm, Ocean Traders Inc. is conducting business at a pier adjacent to the Army Corps of Engineers San Francisco Bay model.

City Mgr. Charles A. Brown reported that the firm has not applied for a building permit, business license or rezoning.

Mayor Jan Paul Dyk said the city should put the firm on notice that the city will be forced to take legal action if it fails to comply.

The council authorized City Atty. Leland H. Jordan to negotiate with the attorney for one of the owners of the firm, William Grader, one time congressional candidate.

They also authorized Jordan to commence litigation against the firm if negotiations are not successful in 30 days.

Ocean Traders Inc. is leasing the property from the Army Corps of Engineers, which believes that the operation is exempt from local regulations.

Councilmen also discussed the possibility of using the federal land for park purposes when the government declares it surplus.

The council ran into another waterfront problem in the form of noisy boats.

Councilman Carl W. Gabrielson asked what control the city has over boats that "make a racket" in the city limits.

Jordan said the noisy boats could be stopped only by the ordinance covering a public nuisance and the charge would be disturbing the peace.

The council asked Brown to check the Coast Guard on the speed regulations for boats in waterfront areas.

Councilmen held a hearing on another waterfront operation, the United Sand and Gravel Co. business at the A. G. Schoonmaker Co. land.

The firm was appealing a planning commission recommendation against extending the permit for the sand and gravel operation.

After the council said it could not grant a permit under the present zoning regulations, the firm withdrew its request with the indication that it will go back to the planning commission and seek a zoning variance.

The Sausalito City Council Also:

1. Set Sept. 15 for a public hearing on a request by Rob Rose, owner of Sausalito Community TV System, to extend his non-exclusive franchise to include all northerly limits of the city, mainly so he can provide Bayside and Richardson Bay schools with Channel 9 programs for their educational programs.

2. Passed a resolution backing the Sausalito Elementary School District's request to the Marin County Board of Supervisors for funds to make up the entire loss of property taxes from the low-rent public housing at Marin City. The Federal government pays funds in lieu of taxes, but they are below what tax of private property would bring.

3. Delayed a decision on a recommendation by Brown that a loading zone be established between the Gladhand and Ondine restaurants on the east side of Bridgeway to alleviate traffic congestion.

4. Approved the establishment of a tow away zone on the west side of Bridgeway from Princess Street south to the Kettle Cafe to alleviate the bottleneck at the Princess Street-Bridgeway intersection and reduce the traffic hazard.

5. Approved the expenditure of $1,612 for the painting and relighting of the council chambers and administrative offices and the painting of the stairway and hall to the city library.

6. Withheld action on the application of the Greyhound Bus Co. to the Public Utility Commission for fare increases in the Bay Area until Sept. 15.

7. Requested Stanley J. Fontez, county treasurer, to withdraw a portion of an abandoned lane between Main and Valley streets, between Third and Fourth streets, from an upcoming public auction "in the interests of adjacent property owners" who want to acquire the land.

8. Authorized a liability insurance policy covering city employees, elected and appointed officials at a cost of $1,591.50 a year.

9. Agreed to notify the Public Utilities Commission that it is not opposed to an application by the United Ambulance Co. of San Rafael for a certificate to construct a new radio telephone utility system.

10. Granted Brown leave for Aug. 26-28.

Marin Aids In Sonoma Ranch Fire

Five Marin County fire trucks helped put out a large blaze yesterday which burned a ranch house and several barns located just 200 feet over the Marin-Sonoma County line on Huntley Road.

Owned by Fred Casselli of Valley Ford, Sonoma County, the ranch had been recently vacated by a tenant, Charles McConnel, 76, who left Aug. 10 to enter a Petaluma rest home, according to Marin County Fire Chief Louis J. Bloom.

The fire, which leveled the old ranch house, a horse barn and corral, and damaged a large hay barn, was reported to Marin County Fire Department at 6:32 p.m. Damage was estimated at $5,500.

It was fought by five trucks from the State Division of Forestry in Sonoma County, Marin County units, and three other units from nearby communities. Mop-up operations were not completed until after midnight, although the blaze was under control about an hour after it was reported.

Cause of the blaze, which started in the ranch house, was unknown. Bloom said McConnel's nephew, Walter O'Brien, had been painting inside the structure until just an hour before the fire broke out, and saw no flames.

Beatles 'Aid' Beating, Theft

SAN FRANCISCO (AP) — A woman was beaten unconscious, shot and robbed in her room at the Hilton Hotel yesterday—her screams for help mistaken by a maid for shrieks of girls waiting for the Beatles.

The victim, Mrs. Gertrude Goodman of Marysville, about 50, was taken to Children's Hospital. Police said a bullet had grazed her head.

Augustine Lewis, a maid, said she heard screams but assumed they had something to do with the Beatles.

About 2,000 fans of the British singing group swarmed around the hotel before the Beatles reached the hotel four hours later.

GOP Teen-Age Group Elects New Officers

Bruce Proctor, son of Mr. and Mrs. Kenneth M. Proctor of 8 Bayo Vista Way, San Rafael, will head the Teen-Age Republicans of Marin for the next 12 months.

He was elected president last night at the annual election of officers held in the courthouse in San Rafael.

Other officers elected were:

Ralph Murphy of 59 Rafael Drive, San Rafael, vice president; and Charlotte Clark of 31 Bonnie Brae, San Rafael, secretary-treasurer.

Both the new president and vice president participated in the Republican National Convention held at the Cow Palace this year. Young Proctor was also a delegate to the Teen-Age Republican Convention held in Oakland last month.

Next meeting of the Marin Teen-Age Republicans will be held on Sept. 2 in the San Rafael courthouse.

School Tax Raised

SHAFTER, Calif. (UPI)—Voters in the Maple Elementary School District passed a 30-cent tax increase last night by a vote of 60-13.

Novato Adopts Budget With 1-Cent Tax Cut

Novato city councilmen last night adopted a final budget calling for expenditures of $765,365 during the 1964-65 fiscal year to be financed, in part, by a tax rate of 33 cents per $100 assessed valuation, a one-cent decrease in last year's rate.

City Administrator J. Julien Baget reported that with the city's total assessed valuation of $3,571,120, each cent of the tax rate will bring about $3,000 to the city's coffers.

Income from fines, fees and state vehicle license and gas taxes will supplement the more than $99,000 which will be raised by local taxes to bring the city's revenues to a total of approximately $757,476, Baget said. Expenditures above revenues will be covered by reserves.

Included in the budget is $39,000 for street lighting, $14,940 for swimming pool construction; $40,405 for parks and recreation; $18,615 for operation of the swimming pool and $8,645 for redemption of bonds for the pool; $18,000 for acquisition of park sites and $9,400 for equipment replacement.

Budgets for operation of various city offices were approved by the council. Largest of these were police, $196,760; public works maintenance, $100,240; public works department, $96,695; planning department, $39,100; city administration-clerk, $32,345; city treasurer, $28,620; city attorney, $8,225, and city council, $7,080.

Residents of the Monte Maria Community Services District will pay an additional 15 cents per $100 assessed valuation to finance the district's budget of $1,300 for 1964-65.

The tax rate for 1963-64 was 35 cents per $100 assessed valuation but that rate was reduced last night at the request of E. D. King, president of the Monte Maria Improvement Assn. Any deficit in the district's budget will be met by existing surpluses totaling $2,200, the council agreed.

CABLE TV PLANS FOR WOODACRE

Two Groups Grant Pole Use Rights To Fairfax Firm

Clear View Cable Systems, Inc., of Fairfax, plans a $122,000 installation of cable and equipment in San Geronimo Valley to improve television reception there.

Both San Geronimo Valley Assn. and the Woodacre Improvement Club have approved turning over telephone pole rights and options they now hold in Woodacre, to Clear View, granting the firm a virtual monopoly in the valley.

At meetings Monday of San Geronimo Valley Assn. and Woodacre Improvement Club, the cable company, represented by Richard Webster, organization general manager, received letters of approval to the valley-wide hookup.

LETTERS RECEIVED

Webster yesterday confirmed that his company had received the letters from E. Kurt Kalemba, president of the Woodacre group, and L. A. Moulton of the San Geronimo group asking the firm to serve the entire area.

He estimated that his company will install some $122,000 worth of equipment, starting in three months with a $48,000 operation in Woodacre.

The community system will eventually provide 10 television channels and 38 FM radio stations "as clear as San Francisco" instead of the usual fuzzy reception received now, Webster promised.

For the first 18 months, only eight television stations and 20 FM channels will be available through a system of "daughter lines" built until the service is able to tie in with the firm's present Fairfax operation, said Webster.

Pole contracts for the valley outside of Woodacre have to be negotiated further with Pacific Telephone and Telegraph Co., as well as approved by the board of supervisors, Webster said.

VIRTUAL MONOPOLY

Exclusive use of telephone poles grants Clear View a virtual monopoly since telephone company spokesmen have deemed it technically impractical to install more than one line on a pole.

Webster said that the $122,000 development will be far in advance of the area's immediate needs and will be with "an eye to the valley's future growth."

Rates will be on three plans: $50 for installation and $4.50 per month service charge; $25 installation charge and $5.50 per month, and $6.50 per month with no installation charge for renters. Installation is transferable, said Webster.

Subscription is voluntary with the company "hoping" for a 65 per cent sign-up. Webster said he has received a total of 113 unsolicited letters from valley residents asking for the service.

Boy Can't Win As Dad Plays 'Big Brother'

ST. PETERSBURG, Fla. (AP)—Four-year-old Kenny Himes isn't likely to disobey his parents for a while.

Kenny, son of Mr. and Mrs. Gerald Himes, had been told he could not cross a bridge near his home. One recent day, when no one was looking, Kenny sneaked across the bridge.

That evening when his father came home, he spanked Kenny. He didn't bother to tell his son how he knew he had crossed the bridge.

Himes, a hospital cropsman at the U.S. Coast Guard Air Station, happened to be flying over the area in a helicopter, looked down and saw his son crossing into forbidden territory.

Chicago has been the scene of more presidential nominating conventions—23—than any other American City.

Draper Aide Quits To Open Office

Gordon H. Dohemann, for the past 18 months vice president of the Draper Companies, has resigned to open his own real estate office.

Dohemann said he will continue to work as an independent agent on some phases of Draper properties as they develop. Specifically, his firm, Dohemann and Co., will act as exclusive agent for the Northgate Industrial Park, and temporary offices have been opened nearby in the C. D. Christensen Building at 4280 Redwood Highway. The offices are expected to be moved later to the industrial park itself, he said.

The new firm will also specialize in other commercial and industrial real estate—sales, leasing and consultations, working with institutional-type investors throughout Northern California and in Arizona and Colorado.

Dohemann, a Marin resident since he was 3 years old, joined the Draper Companies early last year, first as vice president in charge of the brokerage division, and later in charge of the investment division. He was also a director of some of the Draper Companies.

He had previously been with Coldwell, Banker and Co. since 1957. In 1960 he opened the San Rafael office for this firm as manager, first on Grand Avenue, and later in expanded quarters on Fifth Avenue.

Dohemann was graduated from the University of California in 1957 where he received the Glenn D. Williaman Real Estate Foundation Scholarship. He and his family live at 228 Margarita Drive, San Rafael.

Associated with him in the new office are William Hoey of Terra Linda, formerly with Georgia Pacific Lumber Co. and Graham L. Harris of Glenwood, who was project coordinator with the Draper Companies. Neva Russell is office secretary.

Ampex Corp. Sales Up From Last Year

REDWOOD CITY — Ampex Corp. sales for the first quarter were $32,457,000, up from $31,869,000 in the first quarter a year ago.

Earnings before taxes were $2,345,000 compared with last year results of $2,285,000. Net earnings after taxes were $1,290,000 or 14 cents per shade on 9,201,000 shares, compared with $1,318,000, or 14 cents per share on 9,186,000 shares in the previous period.

Sales Increase For Hunt Foods

FULLERTON (UPI) — Hunt Foods and Industries Inc. has announced after-tax earnings of $9,563,000 on net sales of $401,825,000 for the fiscal year ended June 30, 1964.

This compared with net sales of $8,384,000 last year and after-tax earnings of $8,384,000.

The figures represented about a 4 per cent increase in sales this year over the previous year.

Officials said the figure did not include sales attributable to the Fuller glass operations, sold Jan. 1, 1963.

Moderately Active Trading Marks Stocks

NEW YORK (AP) — The stock market closed mixed today in moderately active trading.

Lorillard and Reynolds Tobacco gained about a point each as cigarette stocks rose and cigar stocks drifted off.

Volume for the day was estimated at 4.2 million shares compared with 4.21 million yesterday.

Gains of fractions to a point among key stocks outnumbered losers.

Lorillard, Liggett and Myers and Reynolds Tobacco were up about a point each on news of the recovery of cigarette shipments from their slump of earlier this year. Cigar stocks fell on a report shipments of small cigars were declining. General Cigar lost more than a point.

Texas Gulf Sulphur spurted more than 2. St. Joseph Lead, up more than a point, responded further to stock split news. Trans World Airlines sank more than a point. American and United Airlines were about a point lower.

Gains of about a point were made by J. I. Case, Philip Morris, Union Carbide and Boeing.

Rails continued soft. Louisville and Nashville and New York Central were off about a point each.

IBM, Xerox and Control Data shucked a point or so.

Prices were generally higher in moderate trading on the American Stock Exchange.

Corporate bonds were mixed; governments were mostly unchanged.

Virginia was the first of the Colonies to take a census — in 1624.

New San Anselmo Building To Be Completed In Three Months

A new office and professional building now under construcction in San Anselmo by **Watkin and Sibbald** is expected to be completed in another three months. This is a two-story, 5,500-square foot structure on Bridge Street, adjoining the Creek Apartments on Sycamore Avenue which were also built by Watkin and Sibbald. The building was designed by architect **Frederic S. Coolidge.**

The design will be similar to the apartments, with one outside deck extending part way over the creek and offstreet parking Watkin and Sibbald will occupy one suite. So far, others are being reserved for dentists **Dr. James W. Peters** of San Anselmo and **Dr. Charles M. Dahl** of Kentfield, optometrist **Dr. Jay C. Stovall** of San Anselmo, and a physician, **Dr. William L. Bewley** of Tiburon, who now has his offices in San Francisco.

NEW TENANTS in the Executive Building, 1330 Lincoln Avenue, San Rafael, include three more attorneys, making 13 now practicing here. They are **Leo Killion,** formerly of 1000 Fifth Avenue, **Harold Hayes,** formerly at 1010 B Street, and **Michael Dufficy** of Kentfield.

Also new in the building is **Cecil A. Rowe and Associates,** public accounting firm relocated from Tiburon. **Geigy Pharmaceuticals** here has expanded its existing facilities due to increased business.

SHELL OIL CO. has purchased space from the **Draner Companies** at Del Presidio Drive and Manuel T. Freitas Parkway in Northgate, and a 30-foot strip from the **Wells Fargo Bank** for access. This is the sixth gas station location in that area. The transaction was handled by Redwood Realtors. Shell will open its service station about the same time Wells Fargo opens its new bank.

BACK IN CIRCULATION. Bank of Marin, San Rafael, is offering a new $2 bill for every $1.95 in coins, in order to help bridge the local shortage among merchants who are sometimes hard pressed to make change.

Also to the first 200 persons bringing in $20 or more in coins for exchange, there is offered one free President Kennedy 50-cent piece—as long as the supply holds out. If you have so many coins you can't count them, the bank has high speed sorting machines to do it for you.

GORDON D. WILLIAMS of Sleepy Hollow has been elected executive vice president and general manager of **Hannaford and Talbot,** San Francisco. He was previously west coast manager of R. W. Pressprich and Co., specializing in institutional sales. Before that he represented the investment banking firm of Baxter, Williams and Co., Cleveland. He opened West Coast offices for this firm in Portland and San Francisco.

ERNEST S. BORDER
Wins award

OFFICE MANAGER Ernest S. Border and the staff at **Budget Finance Plan,** San Rafael, have placed ninth in a nationwide contest. Border receives an award of $45 and each staff member gets $17.

INSURANCE. Robert Forbush Sr., a native of Southern California and now living in Santa Venetia, has been appointed an agent with the San Francisco North district agency of **Prudential Insurance Co. . . . Robert A. Davies** of Belvedere has been named vice chairman, advisory board of directors, of **New York Life's** Top Club. He attended last week's educational conference in Los Angeles.

Colonial settlers in America found walnut trees growing 150 feet tall with branchless boles of 80 feet, but today a 100-foot trees is rare.

Bolinas Area Zoning Map Is Concluded

The question of zoning for Bolinas was wound up yesterday by a 3-1 vote overruling the supervisor representing the area.

The board had two small areas of Bolinas still under consideration, after having voted weeks ago on a zoning plan which was designed to comply generally with the Bolinas-Stinson Beach Master Plan.

Board members agreed on one change from that proposed by the planning commission, and passed without dissent a residential zone for the lower end of Wharf Road, which had been zoned commercial, although used for houses.

The split, with Supervisor George H. Ludy on the losing side, came over the zoning of two properties at the end of Brighton Avenue, where a tearoom had been located decades ago. Ludy asked that the land remain commercial, but he was overruled and this property, too, was made residential.

On the other side of the county, the board approved future width lines for the eventual widening of North San Pedro Road from the Civic Center to Sunny Oaks Drive, skipping over properties where the line would run through existing houses.

Beyond Sunny Oaks Drive, explained County Public Works Director Donald R. Frost, the road is expected to leave the present road alignment completely, and width lines would be of no use. The actual project is more than five years away, according to Planning Director B. D. Dobbs.

The width lines restrict new construction within the future right of way and cause front yards to be measured from the new line, rather than the front property line.

The Marin County Board of Supervisors also:

1. Referred to the County Counsel's office complaints that the new county policy prohibiting discrimination in hiring on county contracts would be unfair to prime contractors and would be unnecessary because of the federal civil rights law.

2. Called for a meeting Sept. 17 of representatives of all groups interested in the problems of Marin City.

3. Agreed to contract with Lloyds of London for a $2,694 annual premium for a one million dollar "umbrella" personal liability and property damage insurance coverage.

4. Set pay scales in the salary ordinance for junior stenographers and junior typist clerks, although no such positions are allocated in the budget. The move allows department heads to hire below the budget allocation in some cases.

5. Sold a county-owned house at 127 C Street, San Rafael, to Schultz Realty Co. for $14,180. There was only one bid.

6. Approved the freeway agreement with the state for that part of the proposed Novato Highway 101 freeway which lies outside Novato.

7. Called for bids for part of the repair job on the Civic Center roof, although architect Aaron Green said he is still negotiating with the subcontractors on the original job to try to convince them to do the job under the county's guarantee.

8. Held up until Tuesday the approval of plans and specifications for first phase work on Paradise Beach Park.

9. Approved a variance in the master plan of the Strawberry Point Towers project to allow Eichler Development Co. to fill part of the land involved with dirt from the hills on Strawberry Point.

10. Appointed Leighton Hatch Assistant district attorney; Leland DeLuca accountant auditor I, auditor-controller's office with half time charged against superintendent of schools office; Jacqueline V. Whitehead intermediate stenographer clerk, revenue division; James Jennings maintenance man II and Frank Tambo maintenance man III, public works.

11. Transferred Faith F. Nelson from intermediate stenographer, sheriffs office, to intermediate typist clerk, veterans' service office.

12. Promoted Thomas T. Storer from deputy district attorney I to deputy district attorney II.

Supervisor William D. Fusselman was absent.

Girls Chase Elk From Idaho Fields

ST. MARIES, Idaho (UPI)—Two school girls have a novel chore when they arrive home at Hells Gulch every day. They transfer from school bus to horseback and ride into their family's grain fields to chase away the elk.

Their father, Darwin Fleming, explains the elk don't just graze on the growing wheat; they pull it out by the roots. He adds: "Just wait till hunting season. There won't be an elk within 10 miles."

Young Giant Hurlers Should Have Gotten More Chances Last Year

CONNOLLY

The old wheeze about sending a boy to do a man's job is pretty well applicable to the S.F. Giants' mound staff, now swooning in a quicksand trap that threatens to sink the club in the stretch drive for the pennant.

All last year the same group of young pitchers craved a chance to work. Now this year, after injuries struck the older pitchers, the club is expecting these kids to bail them out of a jam worse than that caused by the Beatles' arrival in San Francisco.

BOB BOLIN, Jim Duffalo, Ron Herbel and Gaylord Perry are eager and willing but they can't be expected to shoulder the duties of older and more experienced vets. Had they been given a chance to work off the rough edges in 1963 they might have been ready for the jam they are now facing.

Perry was sent back to Tacoma after pitching 76 innings in 31 games last year; Herbel, after a spring tryout, was returned also and then recalled near the end of the year; Bob Bolin pitched a total of 137 innings in 47 games; Jim Duffalo worked 75 innings in 33 games. You can see how little work they got to get themselves ready for steady rotation pitching this year.

If you add it all up you discover that only a Giant pitching emergency is responsible for them getting a chance to develop. Everyone agrees the manager wants to win the pennant, but if he has to develop pitchers only when the Giants haven't a chance to win the pennant, then we'll all be as old as Methusale before the Giants come up with a live-wire young pitching staff.

REPEATEDLY sending potentially good pitcher back to the minors isn't good business. The kids already have proven they can win there but they HAVE TO PITCH IN THE MAJORS before anyone can tell if they can make it upstairs.

Duffalo and Bolin have been around since 1961, Perry since 1962, and the Giants moguls are not sure yet whether their investment in them is solid.

AND WHILE we're on the matter of developing pitchers, look what's happened to Bob Garibaldi, the $150,000 Rube Marquard of the present era. The young fellow is home for the balance of the year with a bum arm, and if you don't think the Giant scouts are red-faced, you're mistaken. All the chin music they gave Horace Stoneham about Garibaldi being "ripe" for the majors is still ringing in Stoneham's ears. But it only goes to show how much luck scouts have judging baseball beef on the hoof.

The injury to Juan Marichal, coming as it did in the middle of the flag race, has been a severe shock to the Giant troops. Coupled with the loss of Jack Sanford and the slow comeback of southpaw Billy O'Dell, it really is enough to make Manager Dark want to take a hike and forget all about pitching. In the hope that O'Dell and Sanford would hit their stride, Dark used his youngsters so much in the early part of the flag race they are now almost burned out. The same goes for Bob Shaw, who has gone to the trough almost daily. Once in awhile he gets 'em out but for the most part lately, he hasn't been the life saver he was early in the year.

"THERE is no rest for the wicked" could very well be the theme song of the Giants as they near the end of a 10-game homestand which followed a brutal 18-game road journey.

Beginning Friday night the St. Louis Cards come to town with murder in their hearts. The club must be shook up over its 1964 behavior and with owner August A. Busch growling back home, there is no telling how much fire they may have in them against the "Jernts."

Beatty, 12 Others To Get 2nd Try For Olympic Spot

NEW YORK (AP) — Thirteen athletes, including Jim Beatty, are getting an unprecedented second chance to make the Olympic track and field team.

The athletes, including seven track men and six field event specialists, were passed into the final Olympic trials, to be held Sept. 12-13 in Los Angeles by a board composed of five members of the Olympic Track and Field Committee yesterday.

This is the first time it has been possible for athletes to have a second chance to make the team after failing to qualify in the tryouts. The Olympic committee allowed appeals by those who felt their showing in the New York trials should not be considered a true test of their capabilities. Others were injured and didn't compete in New York.

48 APPEALS

A total of 48 athletes made written appeals, although a complete list was not disclosed.

Beatty, of Los Angeles, was the most prominent of the athletes advanced. The former world record holder for the indoor mile, withdrew from the 5,000-meter race in the New York trials with a leg cramp, and has had a relatively poor outdoor season.

It was felt, however, that his 8:38 clocking in the two-miles earlier this year was an indication that he hasn't passed his peak.

Other athletes passed into the Los Angeles trials were Cliff Cushman, Air Force colonel and 1960 silver medalist at Rome, in the 400 meter hurdles; Bernie Rivers, New Mexico U. sophomore, 200 meters; Dave Archibald, San Diego, 400 meters; Ron Larrieu, Los Angeles and Macy, Houston, 10,000 meters; Pat Traynor, Philadelphia, 3,000-meter steeplechase; Bob Humphreys, Pasadena, discus throw; Bill Floercke, Kansas, and Les Tipton, Oregon., javelin throw; Jim Pride, Iowa, hammer throw; and Ken Floercke, Kansas, and Norm Tate, North Carolina College, triple jump.

The board also moved Gerry Lindgren of Spokane, Wash. into the 10,000 meter trials at the recommendation of Lindgren's coach, Tracy Walters of Rogers High in Spokane. Lindgren is the 18-year-old distance sensation who won the 10,000 meter run against the Russians last month.

The youngster has qualified for the 5,000-meter trials, but U.S. track spokesmen feel he has a better chance at winning a medal if he runs the longer race.

The 10,000 meter trials in Los Angeles will be the only trials in the event. There were no preliminary trials.

PINSON PLUNKED — Cincinnati centerfielder Vada Pinson holds his leg after a fast ball from Giant pitcher Bob Bolin clipped him in the sixth inning last night. Pinson flew prone in midair to try to avoid the pitch. Catcher Del Crandall and umpire Vinnie Smith contemplate Vada's hurt, which didn't prevent him from walking in the eighth and scoring the only run in the Reds' victory. (AP Wirephoto)

Giants Lose Tough One To Reds; Still 5 Games Behind

You would have thought there was a holdup going on in the Candlestick Park clubhouses.

Vada Pinson had his hands up. Jose Pagan had his hands up. And Alvin Dark had his hands way up.

It was robbery, claimed Dark. Pagan agreed. Pinson said it was nothing to get excited about.

The reason for all the showing of palms was the disputed force play in the eighth inning last night that provided the run used by the Cincinnati Reds to defeat the San Francisco Giants, 1-0.

STILL 5 BACK

The victory moved the third-place Reds to within seven games of National League leading Philadelphia and kept the runner-up Giants five games back of the Phils.

Ron Purkey (6-7) went to the mound today for the Reds against Ron Herbel (8-7) for the Giants.

With the bases loaded and one down in the eighth last night, Frank Robinson hit a hard grounder to second bsaeman Hal Lanier. Lanier threw to second to force Pinson, but Jose Pagan's throw to first was wide.

Chico Ruiz dashed home with the winning run. San Francisco Manager Dark dashed out of the dugout even faster.

Dark threw his hands high over his head to show Umpire Bill Williams how Pinson slid into second, obscuring Pagan's vision. Williams threw Dark out of the game.

OPTION

"Anytime a runner goes into second base and intentionally tries to interfere with the throw, then the umpire has the option of calling an automatic double play," Dark said after the game.

"Pinson went in and threw his arms up like that," Dark said, once again flinging his arms in the air.

"My normal slide is with my hands up", said Pinson, his arms raised, but his elbows bent. "Guys have been sliding like that for a thousand years."

"I couldn't see at first base," said a dejected Pagan back in the Giants space. "I would have hit him in the face with the ball."

"That's not what beat us," said Dark. "I just ran out there to get what was coming to us. We played terrible ball. A guy pitches like that — he should win."

10 STRIKE OUTS

The guy was Bob Bolin (4-5), who struck out 10 and allowed only three hits in his eight innings before leaving for a pinch-hitter. The victory went to a deserving Jim O'Toole (13-5), who allowed only four hits while also striking out 10.

The run was unearned because Pinson reached base when Pagan raced into center with his back to the infield and dropped a pop fly. Willie Mays had stopped and was waiting to make the catch.

"I just blew it," said Pagan afterwards. "The ball hit the end of my glove."

Pagan had a bad night. His average drooped to .200 because he went hitless in four trips. He also struck out after failing to bunt safely in the eighth after Cap Peterson had opened the inning with a double that almost went over the center field fence.

"A ball like that is the outfielder's ball," said Dark about Pinson's pop. "I'm going to give Jose a rest. Jim Davenport is going to play short."

JUAN THROWS IN BATTING PRACTICE

Juan Marichal, the ace right-hander of the San Francisco Giants, pitched batting practice last night before the game against the Cincinnati Reds.

"He threw sliders and curve balls," said San Francisco coach Herman Franks. "He may be able to go again at the end of the week."

Marichal injured his back July 29 and hasn't pitched since. His record is 15-5.

Football Pool Operators Lose In Tax Appeal

CHICAGO (AP) — Two operators of a weekly football pool lost their protest with the Internal Revenue Service when they contended the operation had been a money loser.

The Commerce Clearing House says an appeals court ruled that the IRS was right in determining the amount of income the operators derived from the pool over a three-year period by totaling the number of betting cards printed each week.

Evidence showed that the partners sold about 5,000 football wagering cards per week at prices ranging from 25 cents to $5 each, at an estimated average of $1 per card.

The IRS multiplied the number of cards by the average bet and came up with substantially more than the operators estimated.

Since the pool had operated for three years, the court was led to believe that it must have made some money.

Runs Plentiful In Softball Action

Runs were as plentiful at Albert Field yesterday in San Rafael Recreation Department softball action as they were scarce at Candlestick Park.

Twin Oaks had 16 of the things while limiting the San Rafael Probation Department to 3 in a Class B-Green game, and Cain's Tires clustered 22 to the Emporium's 18 in a B-Blue contest alleged to have been played according to the rules of baseball.

Bob Hunt had three hits to back up Marlin Olsen's four-hit pitching for Twin Oaks, who iced the game with 10 runs in the fifth inning. Cain's poured 14 across the plate in the first and Emporium got close with an 11-run inning later. Paul Widdess had two triples and two singles for Emporium.

Casey Gives Out Good Advice

CHICAGO (AP)—Casey Stengel had some good advice for his Mets on their last trip here.

"When they holler, 'heads up' " Stengel said, "Don't do it. You could lose your teeth.'

" 'Do this,' " Casey explained as he ducked his head under folded arms.

Stengel was a left-handed dentist and he still maintains respect for the profession—and for his Metsies, too.

A Fat Young Fullback Reports To 49er Camp

REDWOOD CITY (UPI) — Fullback Gary Lewis was in San Francisco 49er training camp today, but there was about 15 more pounds of him than coach Jack Christiansen wanted.

Lewis is a former San Francisco high school and junior college star who was unable to report earlier because of Army duty. He showed up weighing 244 pounds.

The highly-touted Lewis still showed surprising speed in workouts yesterday, but Christiansen said glumly that "he doesn't move fast very long because he is out of shape."

Lewis was sixth draft choice for the 49ers and will attend Arizona State. The Sun Devils gave the Prospectors permission to draft him since he is ineligible to play there.

"He is far, far, far out of shape," Christiansen repeated. Asked if he meant all three of those fars, he said "three fars is right." He promised that Lewis would have an exhausting few weeks ahead of him, getting into shape.

Christiansen was also depressed when asked to comment on the forthcoming battle with the Minnesota Vikings. He said that the Vikings were much improved over last year, especially along the defensive line.

The Vikings have obtained the great Carl Eller, everybody's All-America at the University of Minnesota last year. But Christiansen indicated he felt veteran tackle Bob St. Clair could hold his own against the huge rookie defensive end.

The youthful 49er coach said there would be no cuts before Saturday's battle at Salt Lake City, but said six men would be let go before Tuesday. He hinted some well known names might be released or traded in order to reach the limit.

Meanwhile, four injured players were listed as definitely out of the Viking game. They included defensive lineman Roy Williams, linebacker Floyd Dean, rookie lineman Mike Ruiz, and rookie end Vern Burke.

Pitching Coach Jim Turner of the Cincinnati Reds broke in as a pitcher in 1925 with Winston-Salem of the Piedmont League.

Dodgers' Bavasi Forsees A Big Deal In Future

LOS ANGELES (AP) — Los Angeles Dodgers' Vice President Buzzie Bavasi said yesterday he envisions "one big, really big deal" this winter to bring a consistent hitter to the slump-ridden world champions.

The Dodgers, now languishing in seventh place, have often been criticized for a stand-pat trading policy.

"I just don't mean we'll wheel and deal just to change faces," Bavasi told a reporter. "We just want one consistent hitter" — one who hits .290-.300 every season.

Bavasi said it is too early to say who will be offered in a trade, and who the Dodgers want.

Mrs. May Wins At Indian Valley

Mrs. William May won Class A honors at Indian Valley yesterday with a fine round of 79-11—68. Mrs. Arthur Sears was second with 87-17—70, followed by Mrs. John Mumaw with 95-21—74.

Class B went to Mrs. Charles Zapelli (105-27—78) and Mrs. Thomas Hardcastle (107-29—78), trailed by Mrs. Joel Hanby with 103-24—79.

Mrs. Elmer Martin won Trophy Day action at Peacock Gap by shooting 90-24—66, which was tops in Class B. Ty Seeley won Class A with 90-22—68, followed by Mrs. Donald Fox (95-23—72) and Mrs. Herman Bergfried (83-11—72).

Trailing Mrs. Martin in Class B were Mrs. Roland Hellman (103-30—73), Mrs. Fred Craddock (100-26—74) and Mrs. Al Ennis (101-27—74).

Cubs Tip Phillies In Marathon Tilt

By U.P. INTERNATIONAL

Baseball doesn't owe Joey Amalfitano a penny but the 30-year-old Chicago Cubs handyman feels he owes something to the game.

Joey probably has collected more money from baseball than 90 per cent of its players and has had more spent on him than 95 per cent of the athletes.

He signed for a $54,000 bonus with the New York Giants in 1954, the year they won the World Series and collected a full share (about $11,000) for coming to bat exactly five times during the season. His first year in baseball he realized about $70,000. After a second year with the Giants (22 at bats) under the bonus rule he was shuttled to the minors, later drafted by the Giants for $25,000 then sold to Houston for $125,000.

Now he wants to return dividends, and the Cubs got an installment last night when he homered in the eighth inning against the league-leading Philadelphia Phillies then doubled home two runs in the 16th inning to give Chicago a 4-3 triumph.

Amalfitano's double followed a two-out single by Andre Rodgers off loser John Boozer and a walk to pinch hitter Dick Bertell. Clay Dalrymple homered in the last of the 16th off Ernie Broglio but the Phils could not produce another run. Fred Burdette was the winner. The Phils tied the score in the ninth on Tony Taylor's second run-scoring single.

The loss did not cut into the Phillies five-game bulge over second place San Francisco. The Giants lost to Cincinnati 1-0. In other National League games, St. Louis moved into fourth place by whipping Houston 5-2 while Pittsburgh was losing to the New York Mets 7-3. Milwaukee beat Los Angeles 3-1.

Ray Sadecki received hitless relief pitching from Barney Schultz over the final 2⅓ innings to post his 15th victory for the Cardinals. Sadecki also tripled and scored the winning run in the seventh on a single by Lou Brock. Tim McCarver homered for the Cardinals off Houston loser Don Larsen.

Joe Christopher slugged a home run, two triples and a double against the Pirates to jump into fifth place among the N.L.'s leading hitters with a .315 average. The 29-year-old Mets outfielder has hit at least one double in his last six games. He tied the league record with five consecutive extra base hits, starting with a double in his last at bat the previous night. Al Jackson was the winner and Joe Gibbon took the loss.

Ed Bailey drilled a bases-loaded single in the sixth inning to score two runs and end a scoreless pitching duel between the Dodgers' Don Drysdale (13-13) and Denny Lemaster (13-8) of the Braves, who went the route yielding four singles. Hank Aaron singled home the other Milwaukee tally in the seventh. John Roseboro's seventh inning hit drove in the only Los Angeles score.

What Will Belinsky Do Now?

LOS ANGELES (AP)—What's Bo Belinsky going to do now?

Will he go to Hawaii and play ball—or stay on the mainland and litigate?

His attorney says Belinsky will refuse to be optioned to Hawaii, the Pacific Coast League team where the temperamental lefthander has previously spent time.

But he has 72 hours (from option times Tuesday) to make his decision—or find a way out of the corner where the Los Angeles Angels have maneuvered him:

If he doesn't go to the Angel farm club, he'll be suspended again. And it will give the Angel management a good reason to fire him completely.

If he does go, it'll mean he'll miss the hearing he has asked with Commissioner Ford Frick, who shows no sign of planning to grant it within the same 72-hour period.

The hearing was asked on Belinsky's original suspension—from the Angels—following an altercation with a Los Angeles sportswriter in Washington.

"We want our day before the commissioner to see if the original suspension was justified," said attorney Paul Caruso yesterday. "We don't feel the case should be dropped by having Belinsky agree to being optioned."

Belinsky has already been replaced on the Angel roster—by left-hander George Brunet, purchased from the Coast League's Oklahoma City team. Belinsky had been the Angels' only lefthander.

Angels General Manager Fred Haney said "We have 24 players fighting for a position in the pennant race. They should not be penalized by the actions of Belinsky, or by the club."

Belinsky went to Hawaii last season, after making a series of dismal appearances on the mound, and finished out the season there. He was a big box office attraction with the Islanders, and earlier this summer told reporters he frequently wished he were back there.

Dancer's Racing May Be Finished

TORONTO (AP) — A leg injury may end the racing career of Northern Dancer, winner of the Kentucky Derby and Preakness, but a decision will not be made for three weeks, the horse's owner said today.

E. P. Taylor issued a statement after reports that a bowed tendon would force the retirement of the leading 3-year-old.

"There have been many inaccuracies about the whole matter and I wanted to get them cleared up," Taylor, owner of the Windfields Farm, said.

Taylor said the colt suffered a rap on the inside foreleg July 30 and this injury had not responded to treatment.

Northern Dancer is ranked as the greatest Canadian-bred stakes winner in history with total earnings during two season of $580,647.

In 18 starts he has never finished out of the money. He won seven of nine outings last year and ran second twice. This year he again won seven of nine starts, finishing third in the others.

One of the thirds was in the Belmont Stakes, where a victory would have made the Dancer the first horse in 16 years to win racing's hallowed Triple Crown, the Belmont, the Kentucky Derby and the Preakness. He also won Canada's Queen's Plate classic.

Long Shot Lovers Happy At Del Mar

DEL MAR, Calif. (AP)Long-shot lovers won encouragement—and $32.20 for a $2 win ticket—when Spanish Cavalier took the mile and one-sixteenth seventh race here.

One race later, things were true to form once more yesterday as Nashville Light, an odds-on favorite, defeated eight other 3-year-old fillies over six furlongs for a $3.80 payoff.

Constellation Easily Whips The 'Eagle' In Match Race

NEWPORT, R.I. (AP) — Constellation trounced American Eagle by 11 minutes, 42 seconds yesterday in the second day of match races in the final trials for America's Cup defense candidates off Newport.

It was the first defeat in a match race this summer for American Eagle. The Aurora syndicate boat had won six races during the preliminary trials, six more during the observation trials and still another on the first day of the final trials Monday.

JIB FALLS

American Eagle dropped virtually out of contention 10 minutes after the start when the snap shackle for her jib halyard broke, sending the halyard up the mast and dropping her jib to the deck.

American Eagle's foredeck hands hoisted another jib up in stops. When they tried to break it out they discovered the sail was twisted and had to lower it to the deck to untangle it.

More than three minutes elapsed from the time the first jib dropped to the deck until American Eagle's second jib was up and drawing. By that time Constellation was some 300 yards ahead and well to windward.

Nefertiti outsailed Columbia by a wide margin on the first windward leg and led by 4 minutes and 12 seconds at the first mark.

REDUCES LEAD

Columbia reduced Nefertiti's lead to 1:25 on the second leg, sailed in a light and shifty breeze, and to 37 seconds on the third leg. But Constellation gained on each succeeding leg of the course.

More than 100 spectator boats followed the two match races over the 24.3-mile course on Rhode Island Sound.

Today in the American trials Columbia was to race American Eagle and Constellation was paired with Nefertiti.

Youngster Wins After 18-Hour Fight

Catches Huge Sting Ray Off Florida Pier

COCOA BEACH, Fla. (AP)—Bolstered by a ham sandwich weary 15-year-old Tom Joyner Jr., battled a 370-pound sting ray for 18 hours.

He finally got it to shore, but with the help of divers.

"I don't care," Tom said. "I got him anyway."

He never let go of the line from 6:45 p.m. Monday until 1:30 p.m. yesterday when two divers ran a spear through the ray's gills and helped Tom haul him to the beach with a boat.

A huge crowd, part of the thousands who came by during the day, had gathered.

Tom wouldn't leave the 600-foot-long Patrick Air Force Base pier after he hooked into the ray, a round, flat-bodied creature with a whip-like tail capable of inflicting severe wounds.

Through the night, his father and friends fed him coffee. When morning and the hot Florida sun come, Tom switched to soft drinks.

His father sprayed the reel with water but it still burned Tom's hands through his heavy gloves.

Just before noon, Tom ate a ham sandwich — his only food during the battle. He was never able to bring the ray closer than 200 yards, and he decided to go after it in a boat when it played out 300 yards of his 400-yard, 98-pound test line.

Tom's battle wasn't the first at the pier. Last July Mike Douglas, 15, battled a giant jewfish for 33 hours before losing it. Also last July, Tom landed a 310-pound shark, a record for the pier.

WHAT A FIGHT—Tom Joyner Jr., of Satellite Beach, Fla., battled this cute 370-pound sting ray for 18 hours before allowing two divers to spear it yesterday. Sting rays ordinarily do not exceed 150 pounds, but this one sure did. (AP Wirephoto)

Orioles Bump Boston 5-2; White Sox Edge Yankees

By ASSOCIATED PRESS

The Baltimore Orioles are flying again, but they haven't reached Mickey Lolich's altitude.

The Orioles, recovering from two straight losses to the New York Yankees, defeated Boston 5-2 last night and maintained their 1½-game lead over Chicago in the American League pennant race.

Lolich took time out from a two-week hitch with the Air Force for a three-hit 1-0 shutout over the Los Angeles Angels in the second game of a twi-night doubleheader. The Angels won the opener 1-0 behind the two-hit hurling of Dean Chance.

Stationed at Alpena, Mich., 230 miles from Detroit, Lolich flew in on a C47 especially for the game. He planned to return to Alpena the same way today.

The 24-year-old left-hander stopped over in Detroit long enough to allow three singles in the first inning, then hold the Angels hitless the rest of the way for his 13th triumph against seven defeats.

Lolich also had time to watch the major leagues' leading shutout ace at work. Chance, a remarkable 23-year-old right-hander, shot down the Tigers for his eighth shutout of the season and his second straight two-hit whitewash performance.

The victory was Chance's ninth in a row and gave him a 14-5 record. It also moved him one shutout ahead of Whitey Ford of the New York Yankees and Sandy Koufax of the Los Angeles Dodgers.

The Angels' ace, who hasn't lost since July 1, also reduced his earned run average to 1.60.

Elsewhere in the AL, the White Sox nipped the Yankees 4-3 in 10 innings, Minnesota whipped Washington 6-1 and Cleveland downed Kansas City 5-1 after losing 13-9.

The Tigers gave Lolich all of the help he needed in the first inning. Jerry Lumpe singled, took second on an infield out and dashed home on a single by Gates Brown. The Angels had loaded the bases with one out in their first on three singles, but Lolich got Lou Clinton on a foul pop and struck out Bob Perry.

Vic Power homered off Hank Aguirre in the second inning for the Angels' run in the opener. Chance escaped a bases-loaded situation in the first by retiring Bill Freehan on an inning-ending grounder. The only hits off Chance were singles by Brown in the first and Al Kaline in the sixth.

Norm Siebern and Boog Powell led the Orioles' attack, each banging a two-run double off Boston starter Bill Monbouquette. Siebern hit his in the three-run fourth inning while Powell connected in the sixth.

Dick Hall preserved Robin Roberts' 11th victory against five defeats. Hall relieved Roberts in the seventh after Ed Bressoud sliced a leadoff single. Hall retired the Red Sox the rest of the way.

The Yankees held a 3-0 lead over the White Sox until Floyd Robinson drove a three-run homer against Al Downing in the eighth. Chicago won the game with two out in the 10th on singles by Al Weis, Pete Ward and Mike Hershberger. Phil Linz tripled twice for New York, driving in one run and scoring two. The loss dropped the Yankees four games behind the Orioles.

Don Mincher belted his 17th and 18th homers, driving in four runs, as Camilo Pascual won his 11th game against nine losses for the Twins. Bob Allison slammed his 29th homer in the seventh following Mincher's three-run blast against the Senators' Steve Ridzik.

Rookie Luis Tiant pitched his fifth complete game, recording his sixth triumph in eight decisions with a four-hitter over the Athletics. Tiant struck out 12. Fred Whitfield and Tito Francona hit solo homers in the Indians' fourth while Joe Azcue batted in two runs with a single and a double.

The A's unleashed a 16-hit attack in the opener with Rocky Colavito lashing a three-run triple in the third and Jim Gentile getting a two-run homer in the fifth. Wayne Causey contributed two singles and two doubles while the Athletics aided Cleveland's cause with four errors.

Fairchild Edges HAFB In Thriller

JOHN BROOKMAN
Clutch single

Bob Brown's shutout pitching and John Brookman's clutch single gave Fairchild Conductor a thrilling 1-0 victory over Hamilton Field last night and undisputed possession of first place in the San Anselmo Invitational Softball Tournament.

Fairchild (3-0) now holds a half-game lead over Perry's Delicatessen (2-0) and a game lead over Hamilton (2-1).

In tonight's action, Sohner Tree Service (0-2) and Indian Valley Lumber (1-2) tangle at 6:30 o'clock. Perry's and Fairchild collide tomorrow for first place.

Fairchild's lone run came in the sixth inning when Nolan Wilson singled to left, moved to second on a passed ball, and scampered home on Brookman's two-out single to center.

Last night's thriller was played in 58 minutes and was witnessed by what tourney director Frank Quinn referred to as "the largest crowd we've had in the five-year history of this tournament."

OLYMPIC BOOZE

Eyebrows Lifted In Tokyo

By TED SHIMIZU

TOKYO (UPI) — There were raised eyebrows in Tokyo when the Japanese Government announced that every athlete and every official entering the country for the Olympic Games would be allowed to bring with him:

Seven and one-half bottles of whiskey.

Sixty bottles of beer.

Sixty bottles of wine.

And 60 packages of foreign cigarettes.

It looked like one of the most unusual athletic training programs of all time, until a spokesman of the Japanese finance ministry explained it away.

"Naturally we don't expect everybody is going to bring that much liquor in with him," the spokesman said.

"We just made the rule because we've been told training diets differ from country to country."

Americans generally expect their athletes to be on the wagon, at least while they're in serious training. But according to the finance ministry, the Europeans don't see it that way.

The spokesman said that German Olympic officials had asked permission to bring in German beer to round out their athletes diets. The French wanted wine with their meals, and the Italians said they couldn't be at their best without mineral water.

Japan, struggling with a perpetual balance of payments problem, normally allows foreign liquor in the country only after a stiff tarriff has been paid. The Olympic officials and athletes will get to bring it in filed with the division for consuming the bottles," the finance ministry spokesman explained.

"We made the decision with the hope that each athlete will exercise good judgment in consuming the bottles," the finance ministry spokesman explained.

"They understand they're not supposed to sell these things, and they will not be allowed to take them out of the Olympic Village, for parties at hotels or things like that."

"If there's any left over, I assume most countries will give it to their embassies."

2 Marin Golfers Still In Norcal Tournament

Fourteen-year-old Ray Leach of Novato and Rick Timmer of Terra Linda were the only survivors among the nine Marin boys who teed off yesterday in the first round of the Northern California Junior Golf championships at the San Francisco Golf Club.

Young Leach, playing in the championship flight, fought through two tough matches yesterday and thus earned himself the unenviable position opposite defending champion and current National Junior titlist Johnny Miller of San Francisco.

Ray won his morning match 2 and 1 over Charles Schmuck of San Mateo County and had an even rougher struggle in the afternoon before eliminating Steve Beck of San Francisco on the third extra (21st) hole.

Timmer is competing in the third flight and won his first match 1 up over Philip Clare of San Francisco. He faced Mihael Veuve of San Francisco today.

Miller won his first match yesterday 5 and 1 over Barry Hachmyer of Novato High School, but played relatively poorly in the afternoon and had to scramble to edge Joe Ward of San Mateo County one up.

Marin's other two players in the championship flight, Buzz Beattie Jr. of Ross and Jim Brown of Terra Linda, both fell before players who went on to win their afternoon matches as well and enter this morning's round-of-eight.

Beattie lost 3 and 2 to Tommy O'Kane of San Francisco and Brown was eliminated on the 19th hole by Denny Mori of San Francisco.

In other results, Don Hawken of San Rafael lost 1 up to Mark Iverson in the first flight; Jim May of San Rafael lost 3 and 1 to Bob Newell in the second flight; Randy Patterson of Greenbrae lost on the 19th hole to Jerry McCormick in the fifth flight and Ron Cannaday of San Rafael lost 3 and 2 to Dave Drake in the sixth flight.

Youngster Bowls 608 Set To Top Nave Lanes Action

Seventeen-year-old Gene Helbing had the best series and came within one pin of the best game at Nave Lanes last week with 236-608 in the Adult-Junior League.

Dee Daugherty edged him with a 237 in the Monday Men's Handicap League, while Milt Schwartz was third with 234 in the 500 Scratch Trio League.

Hall, Monti's Win Cage Tilts

Former USF forward Dave Lee pumped in 20 points to pace the Hall team past the Old Soldiers 62-42 Monday night in Drake High School summer basketball action. Dave Robertson had 14 for the losers.

Monti's stayed one game behind Hall by nipping Cain's Tires 66-63 as Rod Monti meshed 22. Terry Thomas got 18 for Cain's.

Cain's will get a chance to jump back into the race tonight at 8 o'clock when it tackles Hall.

San Rafael Driver Wins In Petaluma

Jack Dempsey of San Rafael captured the fifth heat in the 50-lap Gold Cup race at the Petaluma Speedway Saturday night. Bob Lundberg of Point Reyes Station was third in the first heat, but Lyle Lister of San Jose was the winner of the race.

Thompson Will Drive In '500'

LOS ANGELES (AP)—Racing car builder Mickey Thompson says he plans to drive himself in next May's 500-mile Indianapolis race—in a radical car of his own design.

It will be a front-engine, front-drive car with a single tubular frame member between the front and rear wheels. Thompson says it would weigh 900 pounds and be powered by a Chevrolet engine.

He said he decided to drive himself after the death in the 1964 500 of Dave MacDonald of El Monte, Calif., who was driving a Thompson car.

McKinley And Ralston Head Davis Cuppers

NEW YORK (AP) — Chuck McKinley and Dennis Ralston, the two-man combination which wrested the Davis Cup from Australia last year, were named today to head a seven-man team for defense of the trophy next month.

Besides McKinley and Ralston, the country's No. 1 and No. 2 ranked players respectively, the squad included Frank Froehling of Coral Gables, Fla., No. 3; Marty Riessen of Evenston, Ill., No. 5; Arthur Ashe Jr., of Richmond, Va., No. 6; Charley Pasarell of Puerto Rico and Clark Graebner.

The squad must be cut to four players by Sept. 11 — ten days before the Challenge Round.

Swim Teams Prep For Big Meet

The Las Gallinas Aquatic Club and the Tiburon Peninsula Club warmed up last week for their Marin Swim League showdown tomorrow by trouncing the Rafael Racquet Club and the Strawberry Swim Club, respectively.

Undefeated Las Gallinas posted its sixth duel meet victory when it trimmed the Racquet Club 207-102. John Miller, Cathy Mullowney, Ted Woods and Ann Roberts each won three races for Las Gallinas.

Tiburon, meanwhile, prepped for its revenge match with the league-leaders by routing Strawberry 228-86. Tate Holt and Pete Banning of Tiburon and Debbie Davis of Strawberry each was a triple winner.

Las Gallinas handed Tiburon its only loss in six meets July 16 by the thin margin of 163-151. Las Gallinas victories in the last relays were decisive.

The meet tomorrow will begin at 4 p.m. at the Tiburon pool.

West Marin Team Beats Sacred Heart

Gary Kerch of Nicasio scattered four hits and struck out 19 Sunday while pitching the newly-formed West Marin baseball team past Sacred Heart of San Francisco 3-0 at Albert Field, San Rafael.

The West Marin squad is composed of high school boys who hope to take their team into the Marin Semi-Pro League next year.

A Touch Of Hawaii For Party

By MOLLY MARIN

Marin deb Carolyn Zeiss wore a gift from her godfather, a pink carnation lei, for last night's dinner and theater party in her honor.

Her godfather, Winthrop P. Watrous is vacationing in Hawaii and sent Carolyn the lei which matched her dress of pale pink cloque. The dinner, held at the Woman's Athletic Club in San Francisco, was hosted by Carolyn's parents, Mr. and Mrs. Allen Zeiss of Ross, and Mr. and Mrs. John Tappendorf of Sausalito. Mrs. Tappendorf is Carolyn's godmother.

Fifty guests were in the group which attended the dinner and the Curran's production of "110 In The Shade."

ANOTHER DEB party is in offing for tomorrow—a luncheon given by Mrs. Roger Kane at her home in Kentfield honoring Cathy Cole.

PLANNING A MOVE to Ross the end of this month are Dr. and Mrs. William Vizzard of San Francisco. Mrs. Vizzard is a former Marinite and is vice chairman of the Council of Volunteers at Marin General Hospital. On the weekend the couple will be hosts at a cocktail party for Dr. Vizzard's daughter and her husband, Dr. and Mrs. Clarence Harper, who are leaving for Florida Naval duty.

Mrs. Vizzard's daughter and son-in-law, Mr. and Mrs. Thomas Morrison of Stockton, welcomed their fourth child and first son. He is also the grandson of the Eugene Morrisons of San Anselmo.

A LUNCHEON was given yesterday at Peacock Gap Country Club by Walter Van Vechten of San Anselmo to honor Mrs. Sally Templeton and Miss Sara Weidman, who are leaving next week for their home near Lancaster, Pa. after spending the summer with Mrs. Templeton's son, Richard, in his Bret Harte Heights home, San Rafael.

Mrs. Templeton, who is in her late eighties, is an avid baseball fan and has been in her son's box at Candlestick Park for every Giant home game.

WILLIAM HAMILTON, who has been stationed at Ft. Richardson, Alaska, hosted a cocktail and dinner party Monday honoring the Myron Jaffes of Ibiza, Spain, at the home of his stepfather and mother, the F. Bourn Haynes of Kent Woodlands. Mrs. Jaffe is the former Elizabeth Rodgers.

THE STANLEY LYNOTTS of Sleepy Hollow have returned home following a vacation at Lake Tahoe and sailing in the delta region with the Robert Millers of San Rafael. They also watched their daughter, Connie, ride in the Pebble Beach Horse Show.

A HOST OF PARTIES have been given in honor of Mary Franzman of San Rafael and Joel E. Rubey of Mill Valley who will be married on Saturday at St. Paul's Episcopal Church in San Rafael. The Eugene McGeorges and their son, Douglas, who will be best man, entertained at a cocktail party for the couple on Aug. 1 in their Mill Valley home. The bride elect was recently honored at a patio luncheon given by the future bridegroom's sister, Mrs. Raye A. Murray at her home in Novato and a shower hosted by the maid of honor, Dede Simenstad in San Rafael.

DEBUTANTE CAROLYN ZEISS chats with her escort, Bruce Von Borstel of Tiburon before the two depart for the Woman's Atheltic Club in San Francisco where Carolyn was honored at a dinner and theater party last night. Hosting the event were Carolyn's parents, Mr. and Mrs. Allen Zeiss of Ross and the John Tappendorfs of Sausalito. (Independent-Journal photo)

Marin Women

Setting Trend For Government

Second of a series of three dispatches on women in government.

By HELEN THOMAS

WASHINGTON (UPI) — President Johnson's hiring of women to do some of the big jobs for government is a trend setter for the entire country.

Local governments and private industry also are looking at the qualifications of women with new eyes.

So say Assistant Secretary of Labor Esther Peterson and Mrs. Mary Keyserling, head of the Women's Bureau.

Mrs. Keyserling says the President's recognition of female talent has made the government "a showcase" for the country. She says it has given a tremendous psychological lift to those who strive to break down the barriers against career women.

Fewer women, she said, are facing the prospect of job openings tagged with "only a man need apply."

Mrs. Keyserling compares the impact of the White House campaign with the granting of suffrage to women. The equal pay law and Title VII of the Civil Rights Act which bars discrimination in employment on account of race or sex also is a great boon for females who work outside the home, she believes. It takes effect in one year.

She believes there is no stopping the momentum for female equality — much of it economic. A big help, she says, will be the job corps for women, a part of the anti-poverty law which will give underpriveleged young women a chance for training in homemaking and careers.

Thirty-three states have followed the national suit by setting up commissions on the status of women and they are tackling the problems with enthusiasm and energy.

Mrs. Peterson says "we have to keep pushing," that a lot remains to be done to make a woman's lot an equal one. But she believes the White House impetus is spilling over.

Businessmen are becoming more aware of different standards applied to the female staff.

Neither Mrs. Keyserling nor Mrs. Peterson worry about the loss of feminity in the increase of women executives. "We're less feminie when we feel underpriveleged, when we have a chip on our shoulder," said the Woman's Bureau head.

If he wins re-election, the word around town is that Johnson is sure to name a woman to his cabinet. Most presidents are subjected to some pressure from big female organizations to put at least one woman in the cabinet. But Johnson is a man who doesn't need much pushing in that direction.

He has scored "firsts" with several appointments of women to jobs once considered strictly the man's world. Among these were the selection of Dr. Mary Bunting, former president of Radcliffe College to be a member of the Atomic Energy Commission; Mrs. Virginia Mae Brown of West Virginia as a member of the Interstate Commerce Commission and Mrs. Elizabeth S. May, former dean of Wheaton College in Massachusetts to the board of directors of the export-import bank.

Other standout appointments were Mrs. Dorothy Jacobson, formerly of the Minnesota State Department of Education as Assistant Secretary of Agriculture; Mrs. Jane Hanna of St. Joseph, Mo. as deputy director for civil defense in the Department of Defense and Mrs. Charlotte M. Hubbard as Deputy Assistant Secretary of State for Public Affairs.

In the world of diplomacy, he sent Mrs. Katherine Elkus White as ambassador to Denmark and career diplomat Margaret Joy Tibbetts as ambassador to Norway.

The appointments seem to sit well too. The government has had no complaints, so far. In fact, one woman wrote the First Lady: "I feel much safer knowing that a woman who is also a mother is participating in the deliberations on the use of atomic energy."

Mrs. Bunting is an educator, a scientist and a mother of four children. A beauty and a mother, whose nickname is "Peaches," ICC Commissioner Brown holds down a tough job that always has been associated with men because it deals with trucking and railroading.

A fellow member of the commission says: "She is a quiet, efficient person who does the job."

"There is a lot less fuss than we thought there would be," he added. "She is fully accepted as would be any other member of the commission."

Mrs. Brown returns the compliment. "They just want you to do a job," she says. "They respect a job well done. I've gone into every bureau and met the people who work there. They are very helpful."

Such efforts have been higly praised by the national federation of business and professional women who call trend a real "breakthrough."

But it's not just a one-way street. Two women in Congress recently showed they mean equality for all—even men. Rep. Frances Bolton (R-Ohio) introduced a bill to permit male nurses in the Army and Air Force Nurse Corps to receive commissions.

But the main concentration these days is on boosting the status of women and helping to make true Johnson's quip that "a woman's place is not only in the home, but in the House, the Senate and throughout government service."

GO ANYWHERE . . .

Young Viewpoint interprets the new softness of fashion in a sophisticated cherry-red, two-piece knit dress, a young fashion emerging with new importance. The overblouse tops a slimming skirt and is fashioned of dacron polyester in an original pattern, 'Treebark,' dimensional in feeling with surface interest. Rib-knit banding edges the openings at the sides with button and button-hole detail, which also enhances the overblouse.

Back-Seat Tips Help The Driver

CHICAGO (UPI)—This news will come as a shock to husbands—but intelligent back-seat driving can be a big help, reports the Chicago Motor Club.

The club said there are certain rules the back-seat driver must follow in order to do the job intelligently.

— Never startle the driver. Don't shout "look" to call his attention to some scenic attraction.

— Don't irritate the driver by continuously pointing out hazards, traffic signs and driving conditions that are obvious to him. Sound off only if you're certain some point has escaped the driver's attention.

— Learn to read maps and take the full responsibility for navigating on long trips.

— Stay awake and keep the driver company.

Sharyl Strittmatter Wed At Ceremony In Sausalito

MRS. DAVID CLINE

The Star of the Sea Church in Sausalito was the setting for the marriage Saturday afternoon of Sharyl Louise Strittmatter of Sausalito and David Lee Cline of Mill Valley.

The bride is the daughter of Mr. and Mrs. William H. Strittmatter of Sausalito, and the parents of the bridegroom are Mr. and Mrs. Willis Cline of Mill Valley.

The Rev. Henry O'Flynn performed the double ring ceremony at 2 o'clock.

Given in marriage by her father, Sharyl recited her vows wearing a full length gown of white organza with lace bodice and insets in the full skirt with chapel train.

Maid of honor was her sister, Lenore Strittmatter of Sausalito. Bridesmaids were her other sisters, Mrs. Paul Kordik of Mill Valley and Christine Strittmatter of Sausalito and the bridegroom's sister, Jacqueline Cline of Mill Valley.

All were gowned in full length dresses of blue brocade in empire style.

Stanley McGinnis of Mill Valley was best man, and ushers were Marvin Ravely and Paul Kordik of Mill Valley and John Leones of San Rafael.

Coming from out of town for the wedding were the bridegroom's grandmother, Mrs. Amos Foster of Guam and Mrs. Roger Wittenberg of Gurnee, Ill., and the bride's uncle and aunt, Sgt. and Mrs. Stanley Strittmatter of Fort Bliss, El Paso, Tex.

Following the ceremony a reception was held at the Sausalito Woman's Club.

On their return from a motor trip through Northern California the young couple will live in Mill Valley.

The bride, who is known to friends as Sheree, was graduated in June from St. Vincent High School in San Francisco.

David is a graduate of Tamalpais High School and is employed by the city of Mill Valley.

Janet Allen Becomes A Bride

At a garden wedding at the home of her parents, Mr. and Mrs. Richard Donovan Allen in Kent Woodlands, Janet Hamill Allen became the bride of John Tregarthen Marrack of Honolulu on Saturday.

The Rev. James E. Young performed the nuptial rite, for which the bride was gowned in ivory peau de soie and wore a lace mantilla which has been worn in her family for five generations.

Sarah Allen was her sister's maid of honor and the other attendants were cousins of the bride, Mrs. Leif Thorne-Thomsen Jr. of Lake Forest, Ill., and Katherine M. Brown of Tucson. Their dresses were yellow organdy over taffeta.

Taylor Ambrose of Santa Barbara served as best man and the ushers were the bride's brother, Richard D. Allen Jr. and Keith Howard of Walnut Creek.

The couple left for Hawaii and will live in Honolulu.

The bride was graduated from the Katherine Branson School and attended Pomona College and will enter her senior year at University of Hawaii.

The bridegroom's parents are Mr. and Mrs. Alexander O. Marrack of Honolulu. He attended Punahou School and was graduated from Claremont Men's College and is employed in Honolulu.

Guide Dog To Aid Stylist In Show

A special feature of the annual hair fashion show sponsored by Marin Affiliate 41 of the California Cosmetologists Assn. on Sunday at Dominic's Restaurant, San Rafael, will be a "hair fashion routine" by blind hair stylist Maurice LeVesque.

LeVesque is a graduate of Guide Dogs for the Blind, of San Rafael, having received Keleen, his German Shepherd Guide Dog from the school in 1958. He is the owner of a beauty salon in Bakersfield and is the only known blind hair stylist in the West. The only phase of salon work that he doesn't perform is hair coloring. He is currently fourth vice president of the California Cosmetologists Assn., and travels frequently throughout the state to the various hair fashion shows putting on demonstrations for fellow beauticians.

"This is where Keleen is absolutely indispensable to me," said LeVesque. "Having her to guide me has made it possible for me to attend these shows alone, leaving my wife in charge of my shop." The LeVesques have three children, Cynthia, Maurice Jr., and Mark.

The show will be held at Dominic's Sunday from 11 a.m. to 6 p.m. and is open to the public. The show will benefit Guide Dogs for the Blind, and according to Mrs. Laurine Giannini, president, there will be plaques and trophies presented to winners of the various contests.

LeVesque will do his demonstration at 12:30 p.m., and special artist Salvatore Megna will present "Current Trends" at 2:30 p.m.

Teen Diet Ideas May Be Harmful

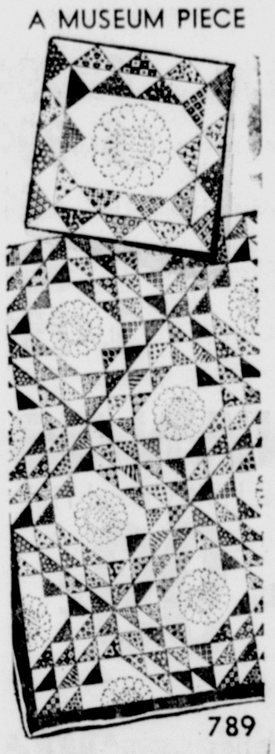

CHICAGO (UPI) — The extreme methods in wide use by teenagers in efforts to lose weight are damaging enough to create medical problems, cautions Dr. Philip L. White, of the American Medical Association's Council on Foods and Nutrition.

Dr. White cited these examples: the cigarets and coffee diet, which may result in ulcers; the starvation diet; lack of sleep.

Interest In Piercing

London's Jewelry Information Centre is busy passing out names of ear-piercers. Not all of the inquiries come from women. A leading ear-piercing expert reports that he numbers many men among his clients, including plane pilots and sailors. Some fishermen also wear earrings, as do male gypsies. New interest in piercing the lobes has been traced to a revival of heirloom jewelry — heavy blobs of stone and metal looking like a steal from the crown jewels. The wearer of the real crown jewels, by the way, Queen Elizabeth, already has pierced ears. Cyril Wilkinson, an ear piercer from 'way back' has operated on royal patrons and commoners — as young as eight weeks, as old as 84.

REA CHAIRMAN — George Yarmor of Crescent City has been named chairman for the 44th annual convention of the Redwood Empire Assn. to be held in Crescent City Sept. 24 through 26.

Brown Seeks Increase In Jobless Benefits

SACRAMENTO (CNS) — Gov. Edmund G. Brown has told an AFL-CIO convention he will ask the 1965 Legislature to increase unemployment insurance benefits next year—probably from the present $55 to at least $65 per week.

The governor told the convention in San Francisco action also must be taken to increase employee contributions to the disability insurance program in order to meet increased benefits.

"Let me tell you now that I intend to ask the Legislature next year to restore unemployment benefit levels to a proper relationship to present weekly wage levels," Brown said.

"The maximum weekly benefit for unemployment insurance was raised from $40 to $55 in 1959, my first year in office," he said. "In 1959, the average weekly wage earned in jobs protected by unemployment insurance was $102.64 a week, so that the maximum benefit represented 54 per cent of the average wage.

"Now, five years later, the average weekly wage is $120," Brown said. "And unemployment benefits must be raised accordingly. I will ask for other improvements in unemployment as well."

Fifty-four per cent of $120 would be $64.80 so Brown's statement would indicate he would seek at least an increase to $65. Earlier this year, when labor officials urged Brown to include unemployment insurance increases on the agenda of the special session, they proposed a boost to $70 per week.

Unemployment insurance is paid totally by employers. Recent reports from the Department of Employment were that contributions by employers in 1963 "almost exactly matched balanced benefit payments."

This would indicate that an increase in benefits next year would require an increase in employer contributions or would result in a decrease in the unemployment insurance fund.

"We must take action, too, on the disability insurance program," Brown said. "Benefits are based on a sliding scale and by next year the maximum will almost certainly be $80.

"But the program is now spending about 30 million dollars a year more than it is taking in," he said. "And the 1965 session will have to raise contributions to this fund to keep it solvent."

Brown's comments on disability insurance, financed entirely by contributinos from workers, came as no surprise. The Department of Employment had reported last month that the DI fund paid out 31.3 million dollars more than it took in during 1963. The reserves were reduced to 46 million dollars by the end of the year.

The department said that emergency legislation would be required of the 1965 legislative session in order to increase contributions to the fund. Otherwise, the fund is expected to have an outright deficit of about 21 million dollars by next April, the department said.

Employee contributions to DI increased this year to 1 per cent of the first $5,100 of wages, or $51, and will increase to 1 per cent of the first $5,600 in 1965. But the department said this still wouldn't be enough to keep the fund solvent.

In past years, the governor's office has been somewhat inconsistent as to whether it considered increases in the social insurance programs tax increases or not. In 1961, Brown claimed the budget had been balanced without new taxes, although such insurance contributions were increased about 75 million dollars a year.

In 1963, when Brown pledged no new taxes, he said increases in insurance programs which would require higher contributions would be increases in taxes and he did not support them.

U.S. Jet Fighter Crashes Near Laos

BANGKOK, Thailand (UPI) —A U.S. Air Force F-100 jet fighter plane crashed yesterday near the Laotian border but the pilot parachuted to safety, American officials said today.

The plane crashed inside Thailand about 60 miles from the Mekong River border with Communist-threatened Laos. The United States sent two squadrons of F-100 and F-105 fighters to Thailand early this month following the crisis in the Gulf of Tonkin.

Warden Gave Him Lift

PRINCETON, England (UPI)—A prisoner who escaped from a Dartmoor Prison work party yesterday and tried to thumb a ride away from the jail was returned to his cell by the off-duty warden who stopped to give him a lift.

Johnson, Humphrey Confer For An Hour

WASHINGTON (UPI) — Senate Democratic whip Hubert H. Humphrey (Minn.), conferred for more than an hour yesterday with President Lyndon B. Johnson, but denied upon leaving the White House that they talked about Johnson's choice of a vice presidential running mate.

Humphrey said he discussed legislation pending before Congress and "procedures" at the Democratic National Convention, but the vice presidential situation was not mentioned. He said he planned to go to Atlantic City, N.J., Saturday.

Minimum Pay For Women, Minors Set

SACRAMENTO (CNS) — A minimum wage of $1.30 an hour for women and minors employed by private industry in California in just about every type of work but farm labor will be required on Aug. 30, the State Department of Industrial Relations reported.

While there has been much controversy in the State Legislature over a statewide minimum wage, and it has not been adopted for men, the employment of women and minors comes under the industrial welfare commission, a part of the industrial relations department.

The 13 new orders which take effect in industry and various occupations on Aug. 30 also set forth standards for hours and working conditions, as well as wage and overtime provisions. They provide for the length of meal periods, rest periods, seating, lifting, ventilation, lighting, rest and wash room facilities and other conditions.

The orders cover manufacturing, personal service, canning, freezing and preserving, public housekeeping, laundry, linen supply, dry cleaning and dyeing, mercantile, handling products after harvest, transportation, amusement and recreation, broadcasting, motion picture, preparing agricultural products on the farm for market, and professional, technical, clerical and similar occupations.

Income In U.S. Rises To $490-Billion Rate

WASHINGTON (UPI)—U.S. personal income rose to an annual rate of 490.75 billion dollars in July—1.5 billion dollars higher than in June and 27 billion above a year ago, the Commerce Department said yesterday.

The July increase, seasonally adjusted, was about the same as other monthly increases since April, the department said, with wage and salary increases accounting for about three-quarters of the gain.

Anti-Israeli Posters Land Arabs In Jail

ACRE, Israel (UPI)—Police arrested 10 Arab pupils at Acre Secondary School yesterday after Egyptian flags and anti-Israeli posters appeared in the old quarter of the city.

The posters were signed, "Palestine Liberation Front." It was the second time in the past few days that anti-Israel signs had appeared.

HARDLY RIPPLE AFTER YEAR

Rumford Fair Housing Act Causes No Mass Appeals

By WAT TAKESHITA

The Rumford Fair Housing Act, which went into effect almost one year ago, has caused no mass appeal from complainants alleging housing discrimination.

In fact, it has scarcely caused a ripple in the daily routine of the Fair Employment Practices Commission, according to FEP officials in San Francisco.

Marin County had only five housing cases brought before the FEPC in the first 10 months that the Rumford Act has been in effect. Oen was from Santa Venetia and four from the Mill Valley area.

Two of those were tossed out because consultants of the Fair Employment Practices Division found insufficient evidence to support a discrimination charge.

In the other three cases, FEP consultants discussed the complaints quietly with apartment owners or landlords in question, and "corrective action was effected," Assistant Education Officer Lloyd Zimpel of the San Francisco office reported. He said this means that the discriminatory practice has been corrected.

Throughout the state, only 159 cases of alleged housing discrimination came to the attention of the FEP division during the 10 months from Sept. 20 last year through July 31 this year.

Of the 159 cases, 93 have been closed and 66 are still pending. Of the 93 closed, the FEPC found evidence of housing discrimination in 51 cases (about 55 per cent) and no evidence or insufficient evidence of discrimination in 31 cases (33 and ⅔ per cent).

In other words, minority races who complained of housing discrimination were upheld 55 per cent of the time, and landlords and rental owners got the nod in 33 per cent of the cases.

The other cases were disposed of in this way:

In seven instances, the complainant later withdrew his charges, and in three cases, the FEPC found it had no jurisdiction. The Rumford Act does not cover housing operated by religious, fraternal or charitable organizations not for profit, and privately financed single family homes and duplexes.

In only one case out of the 93 housing cases closed did the complaint end up in a public hearing. This was in San Fernando, Los Angeles County.

Both parties may appeal the FEP findings, first before the full Fair Employment Practices Commission, and ultimately through the courts if that becomes necessary.

The administration of the Rumford housing law is less than a year old, but the FEPC has been handling alleged discrimination in employment since Sept. 18, 1959.

Complaints alleging discrimination in employment are far more frequent than complaints on housing, according to FEP records. During the past five years, a total of 3,600 cases of alleged employment discrimination has been handled by the FEP division throughout the state.

Of the 2,840 cases closed, FEP evidence in 1,740 cases and found in favor of the employee in 820 cases.

Only three of these employment cases ever reached the public hearing stage.

Zimpel estimated that 90 per cent of the discrimination allegation come from Negroes, about 6 per cent from Mexican Americans, and 4 per cent from other races like Oriental, and some religious like Jewish.

The state headquarters for the Division of Fair Employment Practices is located in the State Building in San Francisco. Division chief is Edward Howden of San Francisco.

Members of Howden's staff includes a Mill Valley resident, Fred Gunsky, education officer.

The FEP division has an area office in Los Angeles, with an area supervisor and consultants. Branch offices in Fresno and San Diego are one-man operations.

The policy-making body is the Fair Employment Practice Commission, composed of seven members appointed by the governor. Commission chairman is Carmen H. Warschaw of Los Angeles.

The commission meets about twice a month, usually alternating between the San Francisco Bay Area and Southern California. Commissioners are paid $50 per day during meetings, but no regular salary.

But What Are Dreams Made Of?

By WIL LEPKOWSKI
Advance News Service

WASHINGTON — If you've been wondering why your spouse has the annoying habit of grinding his or her teeth while asleep, science has come up with a partial answer. He or she is dreaming.

What the dreams are about, and why only some dreamers are grinders, is still a mystery.

There's a word to describe this activity. It is called "bruxating." And it turns out to be fairly common. One person in 10 is a bruxator.

Some psychologists believe the number is growing. They attribute bruxating, by people asleep and awake, to the mounting tensions of modern life.

Scientists at the University of Chicago decided to monitor the physiology of nighttime bruxators. They hooked electrical instruments to grinding and non-grinding volunteers of both sexes and discovered that gnashing occurs only during dreaming.

Dreaming was indicated electronically by rapid eye movements and intensified brain wave patterns — proven indicators of nocturnal visions. There was no difference in dream frequency between bruxators and non-bruxators. And both types tightened their jaws.

But grinding, they said, is a "pathological exaggeration of the physiological process"; in other words, distortion of a normal response.

The basic mechanism resides in the brain stem, said the researchers. The nerves that trigger eye movements are located close to nerves that direct jaw movements. A neurological short circuit apparently fires too drastic a signal to the jaw muscles.

Psychiatrist Robert S. Daniels said the group's next step is to determine what the grinders dream about. Are the visions nightmares, or are they ordinary dreams?

Another goal is to tie the causes of nighttime grinding in with those of conscious, daytime grinding. Do sleeping bruxators have the same tensions as wakeful bruxators? Does a wakeful bruxator bruxate in his sleep? Those are the questions.

Food Poisoning Leads Diseases

Salmonella food poisoning, which is most common during vacation months, led the list of communicable diseases reported by the Marin County Health Department last week.

Nine cases, five of which were in San Rafael, were reported. Corte Madera and Kentfield each had two cases.

Next most common were mumps and streptococcus infections, with eight cases of each. San Rafael had five cases of mumps and three strep infections.

Only other diseases listed were three cases of measles, reported in Fairfax, San Rafael and the Belvedere-Tiburon area.

Bass feed almost constantly, but early morning and evening hours are usually considered the best times for angling.

Marin City Pupils Is Topic In Mill Valley

Shuttling pupils from Marin City to Mill Valley to help reduce racial imbalance at Manzanita School will be discussed at a meeting of the Mill Valley School District trustees at 8 p.m. tomorrow in Park School, Mill Valley.

Also to be discussed will be possible unionization of the two districts — Sausalito, in which Manzanita School lies, and Mill Valley.

Citizens have proposed to the Mill Valley school trustees that pupils from Sausalito be accepted following the report of Wilson C. Riles, state consultant, who said racial balance cannot be achieved without outside cooperation.

Sausalito, citizens told the Mill Valley board, could reimburse Mill Valley for cost of education and parents could provide transportation, the movement of students being accomplished through an inter-district agreement.

Mill Valley classroom needs for 1963-69 shows a shortage of classrooms in the 1964-65 school year. "We will be out of facilities before too long and some building would have to be done if we were to absorb additional children," said Supt. G. R. McConnell of the Mill Valley district.

Beer Drinking Ban

CALAIS, France (UPI)—The government of Pas de Calais banned beer drinking contests today on the ground that they sometimes lead to disorders.

Father Of Sightless Child Invents Blind Reading Aid

STANFORD (AP) — A pocket-sized electronic reader for blind people was displayed yesterday by a Stanford University engineer whose daughter is sightless.

The device rolls over ordinary print with photoelectric cells, scanning the words. The cells activate reeds so they vibrate against fingerprints of the blind reader.

Prof. John G. Linvill is developing the device at the Stanford Research Institute. Linvill's 12-year-old daughter, Candace, is blind.

Linvill showed an experimental version of the device along with a film starring Candace during a government-sponsored conference in the Stanford electronics laboratories.

"Candy already can read about 25 words a minute with just a few weeks of one-hour practice sessions," he said. "Of course she can do much better than that with Braille (165 words per minute) but we think her speed with the reading machine will increase with practice and improvements in the device."

Linvill said eventually the device should be about the size of a blackboard eraser and operated by penlight batteries. It would eliminate the need for reproducing books and papers in Braille, he said.

"If a photo cell sees black, the reed connected to it vibrates. By moving the device over the page, a blind person feels the vibrating outline of each letter as his fingertips touch the reeds. In time he might recognize whole words by touch," said the inventor.

Four Marinites Win Prizes For Stamp Collecting

Four Marin County residents, members of the Tamalpais Stamp Club, were among winners of the Seventh Annual Norbapex exhibit last weekend in Santa Rosa of Northern California Philatelic Societies.

The local stamp collectors are: Donald McPherson of 169 Birch Avenue, Corte Madera, first prize in "selected" pages of Asiatic Fleet Naval Covers and "Dornier DO-X Flights," covers flown by this flight and stamps honoring it; Liz DeMello of 421 Tamalpais Drive, Corte Madera, first prize for composers on stamps; second prize for Doralise DeMello of the same address for Animal Alphabet; and second prize for A. E. Mork of 8 Neila Way, Mill Valley, for stamps on stamps.

McPherson's Asiatic Fleet exhibit was entered under auspices of U. S. S. Saganaw, chapter 59 of Vallejo.

Parish Day School Gets Staff Addition

Mrs. Heloise Yates of Mill Valley will be the newest member of the teaching staff at St. Stephens Parish Day School in Belvedere this September.

Udall Announces Job Corps Plans

WASHINGTON (UPI) — Interior Secretary Stewart L. Udall announced today that 14 job corps camps to be administered by his department will begin accepting trainees in October.

Udall said the camps, announced last Saturday by President Lyndon B. Johnson, will eventually accommodate a total of more than 1,300 men at sites in national parks, wildlife refuges, reclamation projects, Indian reservations and other public lands administered by the interior department.

The 14 sites selected for the first camp are in Arizona, California, Colorado, Massachusetts, New Mexico, New York, Oregon, Utah, Washington and Wyoming.

Retriever Dog Wins Second Championship

Baroness Meisterfeld C.D.X., owned by Mr. and Mrs. C. W. Masterfield of Petaluma, formerly of Forest Knolls, won the national retriever championship for the second year in a row at trials in Elyria, Ohio, Aug. 8-9.

Baroness won the award at the sixth annual National German Shorthaired Point Assn. Retriever Championship after taking first in the National All Pointing Breeds Retrieving Trial.

CHOOSE A PEAR DESSERT TO CLIMAX EXOTIC SUPPER

EXOTICA

Oriental Buffet Features Pears

Like so many fruits we enjoy today, pears probably originated in Asia. So nothing could be more appropriate to conclude "Oriental Buffet Supper" than one of the three pear desserts shown on the right.

For "Pears Exotica," serve fresh Pacific Coast Bartlett pears to be eaten out-of-hand with a choice of Oriental sweets such as pungent crystallized ginger, sweet winter melon in a crisp sugary coating, chewy strips of candied coconut and dried litchi nuts.

TO PREPARE "Poached Pears," pare, halve and core 4 fresh Bartlett pears. Slice 1 lemon. Combine lemon, 1 cup sugar, ½ cup water and 12 cloves in large skillet. Bring to a low boil; add pears cut-sides down. Cover and simmer 4 minutes. Turn pears and simmer covered 3 minutes. Chill pears and lemon in syrup.

Simply spoon preserved kumquats and their syrup over halved and cored fresh Bartletts for "Kumquat Pears."

ANY ONE of these desserts will be the perfect climax for glamorous "Oriental Buffet Supper." The main dish, "China Seas Chicken," is a multi-hued potpourri of strips of chicken, cherry tomatoes, Chinese pea pods and whole almonds in a piquant sauce. It's accompanied by hot noodles tossed with poppy seeds and butter.

CHINA SEAS CHICKEN

2 cups chicken stock
¼ cup chopped parsley
½ teaspoon each salt and garlic salt
⅛ teaspoon pepper
3 cups cooked chicken, cut into strips
3 tablespoons each cornstarch and water
1 package (7 oz.) frozen Chinese pea pods or 1 package (10 oz.) frozen peas
½ cup whole blanched almonds
1½ cups cherry tomatoes, halver, or 2 medium-size tomatoes, cut into wedges
Hot poppy seed noodles.

Bring to boil in skillet chicken stock, parsley and seasonings. Add chicken; heat through. Blend cornstarch and water; add to chicken mixture. Cook, stirring until thickened and clear. Add pea pods, almonds and half the tomatoes; cover and heat 2 or 3 minutes. Turn into serving dish; garnish with remaining tomatoes. Serve with noodles. Makes 6 to 8 servings.

Czech Cooking Provides The Inspiration For Pear Kolacky

The stream of hot breads, cakes and pastries that has flowed from Europe to virtually all parts of the globe is seemingly endless. Czech cooking provides the inspiration for "Pear Kolacky," adapted to use American convenience foods and California's unique fresh Bartlett pears.

The dough for the rounded buns is prepared with packaged hot roll mix. The filling in the indented centers of the hot bread is a tangy treat of pear slices cooked with brown sugar, cinnamon and lemon rind and juice. The end result is an Old World specialty given a New World fillip — and giving you an ideal breakfast bread.

IN ORDER to enjoy fresh California Bartletts at the peak of their flavor, the fruit must be golden-ripe. Buy either yellow-skinned Bartletts or green- skinned ones and let the latter become yellow-ripe at room temperature. After the skins have turned appetizing yellow, perhaps with a rosy blush on them, chill them in the refrigerator a little while.

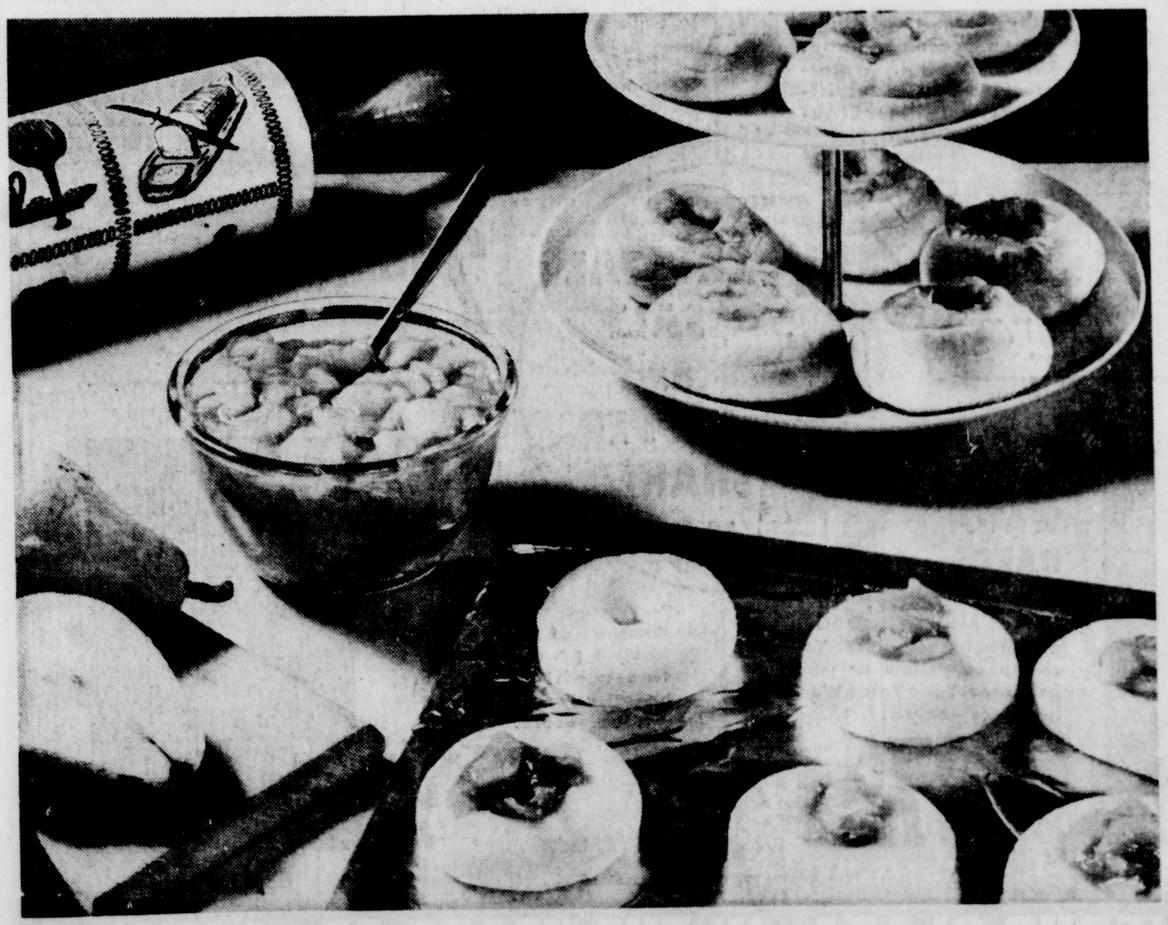

THE PEARS are eating-ripe when they "give" to gentle pressure as you cup them between the palms of yous hands. And when California Bartletts are eating-ripe, you have in your possession a true aristocrat among fresh fruits.

PEAR KOLACKY

1 package (13¾ oz.) hot roll mix
2 tablespoons granulated sugar
3 fresh California Bartlett pears
2 tablespoons cornstrach
½ cup brown sugar
½ teaspoon cinnamon
¼ teaspoon salt
1 teaspoon grated lemon rind
1 tablespoon lemon juice
1 tablespoon butter or margarine

In a large bowl prepare roll mix as package directs, adding granulated sugar to dry mix. Grease bowl and top of dough; cover and let rise until doubled in size (about 1 hour). Meanwhile, pare, quarter and core pears; cut crosswise into thin slices. In a saucepan mix cornstarch, brown sugar, cinnamon and salt; stir in pears and lemon rind and juice. Cook over medium heat until mixture is thickened and shiny and pears almost translucent. Remove from heat and stir in butter; cool. Roll dought ¼-inch thick on floured board; cut into rounds with 2½-inch cutter. Place on foil-lined baking sheets. Cover with towel; let rise in warm place until light and doubled in size (30 to 45 minutes). Press an indention in center of each round and place a rounded teaspoonful of pear filling in each. Bake in 375-degree (moderately hot) oven 10 to 15 minutes. If desired, glaze while warm with a mixture of 1 cup powdered sugar and 4 or 5 teaspoons water or milk.

Makes about 2 dozen.

BREAKFAST WITH "Pear Kolacky" on the table is a meal to anticipate with pleasure, thanks to the delicious fresh California Bartlett pear filling in these easy-do buns.

Pears Glamorize Rice Pudding

When is rice pudding good enough for company?

When it is made with fresh Bartlet pears and toasted slivered almonds. The pears are juicy and full of flavor. The almonds come in handy cans — to our minds one of the best of modern packaging feats.

As to the rice mixture: it is pleasantly soft and creamy because the rice is given a brief water-bath before it is cooked in milk.

SPICY PEAR RICE PUDDING

½ cup long grain rice
1 cup cold water
2 cups milk
½ teaspoon salt
¼ cup sugar
2 eggs
2 tablespoons butter or margarine
2 firm-ripe Bartlett pears
1 teaspoon grated lemon rind
½ teaspoon cinnamon
¼ teaspoon nutmeg
⅛ teaspoon cloves
2 tablespoons honey
¼ cup toasted slivered almonds

In a saucepan, bring the rice and cold water to a boil; let stand 5 minutes; drain thoroughly.

In the clean saucepan, stir together the drained rice, milk, salt and 2 tablespoons of the sugar. Cover and cook over low heat, stirring occasionally, until rice is tender — about 25 minutes. Remove from heat.

In a small bowl, beat eggs enough to blend yolks and whites. Stir a little of the hot rice mixture into the eggs; return mixture to saucepan; stir in butter.

Pare, core, halve and slice pears lengthwise. Mix together the remaining 2 tablespoons sugar, lemon rind, cinnamon, nutmeg and cloves.

Turn half of the rice mixture into a glass pie plate (9½ inches across inside and 1½ inches deep). Arrange half the pear slices in a concentric design over the rice; sprinkle with half the sugar mixture. Repeat layers. Drizzle honey over top; sprinkle with almonds.

Place in a pan of hot water. Bake in a moderate (350 degrees) oven for 25 minutes. Serve warm — with cream, if you like. Makes 6 servings.

Scandinavian Lemon Dessert Is Refreshing

Scandinavian cuisine has a delightful dessert called citronfromage.

Although we have never found this dish served as dessert after smorgasbord, we can't understand why. Its refreshing lemon flavor and delightful molded appearance give it every right, in our opinion, to end a feast.

Although some recipes for lemon fromage incorporate only whipped cream, this American-style recipe calls for milk and half-and-half. So we suggest that you serve the dessert with a garnish of whipped cream.

LEMON FROMAGE

1 envelope unflavored gelatin
½ cup sugar
¼ teaspoon salt
4 egg yolks
½ cup milk
2 cups half-and-half (milk and cream)
1 teaspoon grated lemon rind
¼ cup fresh lemon juice
Whipped cream

Stir together the gelatin, sugar and salt in top part of a double boiler. Beat egg yolks until thick and lemon colored; add milk and half-and-half. Stir egg-milk mixture into gelatin mixture; cook and stir constantly over boiling water until mixture coats spoon — about 10 minutes. Remove from heat. Stir in grated lemon rind; slowly stir in lemon juice. Turn into a 1-quart mold. Chill until set. Unmold. Serve with whipped cream. Makes 6 servings.

Lime Pie Recipe Yields Filling On The Soft Side

Here it is, ladies — a lime pie with a custardy filling and a meringue topping that's a relative of old-fashioned lemon pie.

This particular recipe yields a tangy flavor and has a filling that is on the soft side. If you would like less tang, you might omit some of the lime rind. If you would like a firmer filling, increase the amount of corn starch, according to the directions given at the end of the recipe.

We like a thin, rich flaky pastry for the pie shell. And have you noticed that pastry is at its best when it is served at room temperature?

TANGY LIME MARINGUE PIE

1 cup sugar
¼ cup corn starch
¼ teaspoon salt
1½ cups cold water
3 egg yolks
2 tablespoons grated lime rind
⅓ cup fresh lime juice
Green food coloring
1 baked 9-inch pastry shell
Meringue

In the top of a double boiler, stir together thoroughly ½ cup sugar, the corn starch and salt. Gradually stir in the water, keeping smooth. Cook and stir constantly over boiling water until thickened. Cover; cook 10 minutes longer, stirring occasionally; if glass double boiler is used, increase this cooking time to 15 minutes. Do not remove from boiling water.

Beat egg yolks with remaining ½ cup sugar. Stir a little of the hot mixture into the egg yolk mixture to blend, then return to remaining hot mixture over boiling water. Cook and stir constantly for 2 minutes. Remove from boiling water. Stir in the butter, lime rind, lime juice and enough food coloring to tint pale green. Cool to room temperature shell. Spread meringue over filling; seal edges to crust. Bake without stirring.

Turn filling into baked pastry in a slow (325 degrees) oven until meringue is delicately browned — 15 to 20 minutes. Cool at room temperature; if pie filling is not set enough to cut and serve, refrigerate until set.

Merengue: Beat 3 egg whites until foamy. Beat in 6 tablespoons sugar, 1 tablespoon at a time; continue to beat, if necessary, until very stiff.

SUMMER JOB TRAINING

Pitching hay and giving a dog a physical examination are all part of the job this summer for two Marin County youths participating in a summer on-the-job agricultural training program sponsored by the University of California at Davis. Making hay (right) while the sun shines is William Siech of 86 Highland Avenue, San Rafael. Sharon Cooney of 9 Kentfield Lane, Kentfield and veterinarian, Dr. Robert York, advisor, of 49 Alcatraz Avenue, Belvedere, are examining the dog, above.

U. S. Astronauts To Breath Pure Oxygen Despite Danger Of Fires

By WILLIAM E. HOWARD
Advance News Service

WASHINGTON — American space officials have decided astronauts will breath pure oxygen—not normal air—on the week-long moon flight and during orbital missions lasting two weeks. It could be one of the most fateful decisions of the whole space program.

Studies conducted over the past two years reveal very definite hazards associated with pure oxygen. The biggest one is fire. A small spark will set aflame any material soaked in oxygen, even flesh. It also can trigger physical disabilities, including collapsed lungs.

But employment of a so-called "one gas" system also holds advantages. It is simpler to operate than one duplicating the earth's atmosphere with both oxygen and nitrogen and thus is more reliable, the experts claim.

Moreover, and this is perhaps the overriding factor, astronauts could survive the sudden decompression of their space capsule of a few minutes if they were breathing pure oxygen. They would die immediately if dependent upon any other type of air.

The decision to stick with pure oxygen, which was used in the short duration Mercury flights, has been the subject of considerable technical debate in recent months. This has been prompted by the fact that the Russians report their Vostok spacecraft are equipped with oxygen-nitrogen systems that maintain cosmonauts at normal atmospheric pressure of 14.7 pounds per square inch. The Vostoks have sustained men aloft for up to five days without any reported major ill effects.

To U. S. experts worried about the fire hazard, the Soviet approach looks more sensible. A lighted match would be safe aboard a Vostok while it would be fatal inside the two-man Gemini orbital spacecraft and the three-man Apollo moonship, which will have pure oxygen atmospheres of five pounds per square inch. Navy experiments show that in an oxygen environment, materials burn six times as fast and at a much higher flame temperature and with a lower ignition point than in ordinary air.

In one experiment, a man attempted to slap out a small fire and his hand burst into flames. He tried to beat out the fire on another part of his body and that began to burn, too, all because of oxygen saturation.

The National Aeronautics and Space Administration plans on one of the forthcoming Gemini flights to have one of the astronauts venture outside the spacecraft. This will mean decompressing the cabin and making the astronauts dependent entirely upon their pressurized spacesuits. An accident to the suit of the man at that point might not be fatal if cabin pressure could could be restored in a few minutes.

But if they were breathing an oxygen - nitrogen mixture, the man with the faulty suit would immediately suffer the "bends" —the hazard of ocean divers— and die. There is also the possibility of a space craft being hit by a meteoroid or developing a leak and losing pressure—accidents which astronauts on pure oxygen would have a chance to recover from.

Medically it has been established in experiments that breathing pure oxygen for up to two-weeks—the longest planned Gemini flight — has relatively minor physiological effects. But troubles do crop up for some subjects when the time is extended to 30 days.

Children are invited to attend the housewarming for Teddy at that time. Refreshments will be served.

Italians Hungry For Facts —And U. S. Supplies Them

By EDWARD J. MOWERY
Advance News Service

ROME — Can a private citizen in the United States own a railroad? Why aren't there laws west of the Mississippi against murder? And what's the American viewpoint on Vietnam?

These are among the hundreds of questions routinely handled by the United States Information Service in Italy where America's "image" is excellent, if at times distorted.

The USIS, the overseas adjunct of the U.S. Information Agency, maintains a Rome headquarters and seven branches in Italy staffed by 178 workers, 24 of whom are Americans. Its annual budget is two million dollars.

"The Italians, like most Europeans, are hungry for factual data concerning the United States," says Gordon A. Ewing, USIS chief in Italy, "and we use every possible communications media to clarify the picture." Ewing, 51, from Newfane, N.Y., is a former deputy director of Voice of America and obviously qualified for his propaganda chore.

"We work in an extremely friendly climate here," Ewing said. "Italians have endless family and historical ties with the United States and there's a strong awareness of U.S. assistance to Italy in the post-war period.

"However, despite the ties, there's a considerable dearth of factual knowledge in Italy concerning the American way of life," Ewing said.

Acclimated to state control of education, communications, transportation and the judiciary, Italians are often baffled by the idea that a private citizen can own a railroad, that a judge is elected to office, that American states have autonomous functions and police systems have no federal control.

Even those who visit the United States get foggy ideas, Ewing added.

"After his first trip to America, a knowledgable Italian editor told a fellow citizen in my presence that the U.S. is a remarkable country but there are no laws against murder west of the Mississippi.

"He'd apparently been exposed to too many TV westerns and had seen cowboys toting guns in the west. I told him that anyone who shoots his neighbor in America . . . faces certain trouble."

The USIS in Italy — second largest in Europe — has a formidable arsenal of educational weapons to combat misconceptions about America. These include 14 book collections (including five libraries), an 800-title film library, lecturers and exhibits.

"We furnish much material to the Italian press, magazines, radio and TV," Ewing said, "and we work hard on the opinion molders. Right now we're covering U.S. political conventions in depth, explaining how our political system works, and the mechanics of an American election with background data on candidates and the electoral college."

Two Artists Showing In Branches Of Bank

Two artists have shows this month in Marin branches of Crocker-Citizens National Bank.

Gladys Tabb, Tiburon, has work hung in the Tiburon branch of the bank; Genevieve Skells, Alameda, has her paintings in the Mill Valley branch.

Phasing Out Of Vet College Aid To Start

SACRAMENTO (CNS) — The beginning of the fall semester in college this year will see also the beginning of the phase-out of California's veterans' assistance program, although the program for veterans' dependents will continue as usual.

The phase-out was ordered in the 1964-65 budget, primarily because it was felt by the administration and the legislature that it had run its course. The budget was trimmed from 1.8 million dollars to $600,000.

Under the program, as it has operated, qualified California veterans could receive up to $1,000, plus tuition, for their entire time in college. Veterans who would qualify for the Cal-Vet program also could qualify for the GI bill federal program, but they couldn't be on both at the same time.

Thus the California veteran program was primarily for those who had exhausted GI benefits.

The phase-out will begin in two ways: (1) No new applications from veterans will be accepted in the future, except in hardship cases. And only those veterans who have been in college continuously for the past two years may apply; and (2) the program will apply only to students seeking a bachelor's degree, except again, in hardship cases.

The State Department of Veterans Affairs, which administers the program, said an analysis of students under the Cal-Vet program during the current summer sessions showed that two out of three were graduate students.

Of the $600,000 still remaining in the Cal-Vet educational assistance budget, $150,000 is reserved for the hardship cases. However, the department said an actual hardship will have to be proven.

Two Toastmasters Set For Convention

Two member of San Rafael's Tamalpais Toastmaster's Club 1755, Lothar Salin of 15 Ross Court, San Rafael, and Clinton De Lap of 175 Nova Albion Way, San Rafael, will attend the Toastmaster's International Convention in Denver, Colo., Monday through Saturday next week.

Salin has been nominated for group international vice president. De Lap is lieutenant governor of the northwestern California district. Both men are past presidents of the local club.

Today is Wednesday, Aug. 19, the 232nd day of 1964 with 134 to follow.

The moon is approaching its full phase. The morning stars are Jupiter, Saturn, Venus and Mars. The evening star is Saturn.

On this day in history:

In 1915, two Americans were killed when a German U-boat torpedoed the British liner Arabic.

In 1934, Germany voted that Adolf Hitler would be the official successor to President Von Hindenburg.

In 1955, the worst flood in northeastern U.S. history killed 200 persons and destroyed or damaged 20,000 homes.

In 1960, U-2 pilot Francis Gary Powers was convicted of espionage by the Soviet Union.

A thought for the day—American author Anne Morrow Lindbergh said: One can only pay 'in kind' somewhere else in life."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey, Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Lightface type indicates a.m. times; **bold-face type** indicates p.m. times.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

There Are Several Solutions To Handling Wife's Signals

"I have a difficult problem," reports a reader.

"Whenever I stop to think at the bridge table, my wife tries to signal to me. I keep telling her this is just as bad as cheating, but she refuses to stop.

Opening lead — ♠ 2

Just the other night we had a fight over this hand. I led the deuce of spades. My wife won with the jack and returned the three to my king, and declarer took the third spade.

DUCKED DIAMOND

"Declarer then lucked a diamond to my wife, who led her last spade to my nine. While I wondered whether to return a heart or a club, my wife clutched herself in the region of the heart and moaned: 'I can get heart failure just waiting for you to make up your mind.'

"Just to punish her for this signal to lead a heart, I led a club. She told me I was deaf as well as dumb and refused to go on with the game.

"What should I do?"

FOUR METHODS

One solution is to teach your wife to play better. When she won her diamond trick she could have cashed the ace of hearts before leading her last spade.

Then you would have no problem and she wouldn't fear heart failure.

A second remedy is to think faster yourself. A heart lead is vital if your partner has the ace and cannot hurt if your partner's trick is elsewhere.

TEACH OPPONENT

Third, teach your opponent to play better. Instead of tackling diamonds, he should finesse with dummy's ten of hearts. He gets nine tricks with two hearts, and the defense gets only three spades and the ace of hearts.

The fourth method is to wear blinkers, dark glasses and ear stoppers when you play bridge with your wife.

In practice, none of these methods will work. Better brush up on chess.

But be sure to let your wife make out your tax return. Talent should be encouraged.

QUESTION

Partner opens with 2 NT (22 to 24 points), and the next player passes.

You hold:

♠ K 9 5 2
♥ J 7 6 5
♦ 10 6
♣ 7 3 2

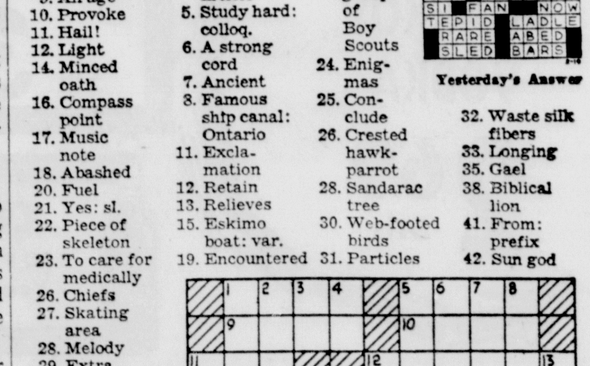

What do you say?

Answer: Bid three clubs, the Stayman Convention.

This asks your partner to show a major suit if he can. You will raise to game if he bids hearts or spades. If he bids three diamonds, showing no major suit, you will go to three notrump.

'California Voter Handbook' Is Now Available In Marin

The 1964 edition of "California Voters' Handbook," written and published by the League of Women Voters of California, is now available in Marin.

Lucy Salz of Ross, publications chairman for the League in Marin, announced that copies may be obtained by writing to the League of Women Voters, Lucy Salz, Box 534, Ross, Calif.

The 160-page pamphlet is a handy guide for voters. It includes chapters on requirements for voting, election calendar, election information, political party information, addresses of government offices, maps and diagrams on election districts, and information on city, district, county and state government.

The League of Women Voters, a non partisan organization, says its main purpose is to promote political responsibility through informed and active participation of citizens in government.

Second Lt. Sidney W. Glover, son of Col. and Mrs. Wellington Glover of 1010 Idylberry Road, San Rafael, has entered U.S. Air Force navigator training at James Connaly Air Force Base in Texas.

2 Marin Women In Concert Group

Two Marin women are members of the newly formed California Consort, which presents Sunday chamber music concerts at Armstrong State Park north of Guerneville.

They are Betty Musser of Mill Valley, who plays the cello, and Jean Stevens, oboe player, who teaches music in the San Rafael schools.

The next two concerts will be on Sunday and Aug. 30 at 3:30 p.m. in the Hexagon House at the entrance to the park.

Tools Worth $400 Taken From Truck

Four hundred dollars in tools were stolen from the pickup truck of Fred Schwab, 21 Dolores Street, San Rafael, while Schwab had parked in front of Brown's hall in Mill Valley Monday night to take his dog to a dog training class.

Schwab told police he left the class at 8:30 p.m. to find his tool box forced open and tools, including an electric saw, electric drill, brace and bit set, wrenches and files stolen.

Justice Not Considered In Some Court Decisions

Sometimes we wonder if our courts are any longer dedicated primarily to the dispensation of justice.

Sometimes our courts seem so dedicated to the observance of formalisms and the protection of the accused that justice is NOT served.

When the guilt of an accused person is established, the guilty person should receive the punishment provided by law—if our system of law enforcement is to work successfully.

But our courts in recent years, especially our highest courts, have taken the attitude that even a guilty person should NOT be punished unless all the contrived legal formalisms are observed.

Appellate courts seem to overturn verdicts, NOT because the convicted person is innocent but because some procedural comma was misplaced.

So what happens?

Down in San Diego a convicted killer (he murdered his mother and crippled sister) whose murder conviction and death sentence was upset by the State Supreme Court on a technicality now faces another trial—for murdering a trusty in the jail where he is awaiting retrial on the first murder charge.

As we understand this and similar cases, the Supreme Court does not consider the guilt or innocence of the convicted person involved. The only consideration is whether all the formalistic requirements of trial and sentencing were complied with.

If a court does not exist to dispense justice, what does it exist for?

Is justice done by reversing the verdict of a guilty person, a person whose appeal plea is NOT a plea of innocence but merely a plea that some formalistic practice was somehow performed in technical error?

A distinguished lawyer of our acquaintance some years ago had a run of clients at San Quentin.

This lawyer's friends chided him about where his clients ended up.

The lawyer's rejoinder was quick and sharp: "These fellows didn't hire me until AFTER they were in San Quentin. They had the wrong lawyer at their trials. If they had retained me right from the start, they never would be in prison."

What he was saying was, "You don't have to be innocent to stay out of prison. You merely have to employ a lawyer smart enough to find a technicality that will keep you out—despite your guilt."

This kind of foolishness can continue only as long as our courts, especially our higher courts, ignore the fundamental facts of guilt or innocence and limit their concerns to whether all technicalities were observed.

Will they ever return to the dispensation of fundamental justice?

Marin's Ice-Box Summer Days

Some summer days in Marin are a bit like being in a refrigerator with a fan blowing. This is euphemistically called the Bay Area's "natural air-conditioning." But to most of us, it just seems like plain chilly weather.

Most times it is caused by the heat in the Central Valley causing the air there to rise, which, in turn, draws in the cold air off the Pacific and reinforces the prevailing westerly winds. Most days it moderates our temperature and makes our summer days quite pleasant.

But, inevitably, it is sometimes overdone and Marin shivers.

AFFAIRS OF STATE

Lawmakers Cut Consumer Aides Budget, Might Eliminate Office

By HENRY C. MacARTHUR

SACRAMENTO (CNS)—The possibility that a move to eliminate the office of consumer counsel, now affiliated with the governor's office, as a state function which is unnecessary and a drain on the taxpayers' contribution toward government maintenance, loomed today as certain legislators looked over the forthcoming state budget for 1965-66.

The office was created in the hey-day of Gov. Edmund G. Brown's influence with the legislature, that is, his first year in office. It was conceived as a popular vote-getter, as everyone is a consumer, and the more one can do for the consumers, theoretically, the more popular the administration would become.

THE THEORY, however, appears to have worked in reverse, for the much-touted consumer counsel has performed few, if any, services for the people of the state, which amount to anything in terms of dollars and cents.

The counsel did call attention of the public to interest rates charged by retail stores. So far, there has been no indication that any rates have decreased as the result of the thousands of dollars in taxpayer money expended to publicize the decimal-point leaflet issued at state expense.

SHE ALSO CALLED attention to the fact there was some water in canned hams.

The State Legislature has its eye on this appendage to state government, as evidenced by its action at the last session.

The consumer counsel asked for a budget of $144,476, which was 17.5 per cent higher than the budget of the previous year.

However, the legislature, after some discussions, and after listening to the analysis made by A. Alan Post, legislative analyst, cut out the entire increase requested, and chopped the counsel back to the 1963-64 budget of $122,954, which a good many members observed that even with the cut-back was a waste of taxpayer money.

THE LEGISLATURE was not as charitable as Post, who recommended the counsel be given an additional position at $10,440 per year to assist in the work-load it has created since its inception. The solons chopped this item as unnecessary.

One of the synthetic activities of the consumer counsel is the "organizing of consumer conferences." However, no consumer conferences are scheduled for the remainder of 1964, according to reports from the office, but there is a meeting being called of "research" people interested in consumer problems. This is slated for early September in the Berkeley area.

THE PROPOSED session, however, is "closed," that is, not open to the general public, which apparently is to be denied information emanating from the meeting, if any emanates. The public apparently could care less, but at least the scheduling of such meetings makes work for the consumer counsel staff and offers the opportunity to dispose of government funds.

After its action in refusing to increase funds for the consumer counsel, the legislature well could contemplate its next step as its complete elimination.

'Featherbedding' Term Misused

Editor, Independent-Journal:

As an old time railroad man I was once again attracted by the term "featherbedding" in Mrs. Helen Nightingales letter to you.

I often wonder if those uninformed, who are so vociferous in their denunciation of those accused of "featherbedding," know what it is all about.

In the railroaders' case, those accused of "featherbedding" were the firemen — and in truth are apprentice engineers. Now when you board a train and entrust your life to the engineer, where else do you suppose he received his training?

Some engineers were firemen for 20 or more years before their seniority enabled them to become engineers.

There are many facts never brought to light in the fight against "featherbedding" that would change many biased minds once examined closely.

Suppose your engineer had a heart attack and a brakeman had to take over—an untrained man at the controls—there have been such cases, and of trains going through an open draw bridge with many lives lost. —This word "featherbedding" is over-used and perhaps if all of the facts were known, in any case would never be used again!

Many union members are stockholders in the company for whom they work and are just as anxious to see real "production" as are the non-workers.

Marin City Citizen Answers Columnist

Editor, Independent Journal:

Since the beginning of the feature column, "I-J Reporter's Notebook", I have been informed, entertained and amused by the articles contributed by the various reporters on your staff.

However the article by Robert M. Coppock in last Friday's issue (Aug. 14) comes under none of these heads. Under the guise of deriding governmental gobbledegook, Mr. Coppock decries the efforts of concerned members of the community to seek out and to remedy some of the obstacles and hindrances to attaining good citizenship by other members of the community.

Certainly there is wide scope for criticism of the common practise of adding syllable to syllable and word to word, supposedly in the interest of clarity. Ultimately the meaning, if there ever was one, is lost in the verbiage.

I have lived in Marin City for a number of years, and so know something about it. My interest goes back to the time of its formation in 1942 when I was a member of the Sausalito Council, which was very much concerned with this new thing in our vicinity.

I find living here a very pleasant and stimulating experience, so when I saw Mr. Coppocks article on Marin City's Educational Program I was interested, but not amused. Like some other reports of happening here, there was an element of truth in it which served as a point of departure rather than one to follow up and verify or disprove.

The fact is that some of our people here have been concerned for a good while over inequalities of opportunities among our neighbors. Eventually a committee came into being to study this matter and to make recommendations to the community.

This committee at first was concerned about the lack of use or indeed actual misuse of so much of the leisure time of our youth, and began to think of itself as a recreation committee. As the problem was studied further, however, it was found that no one group and no one activity could be singled out, but that the whole community was involved; all ages and all activities.

As it's appreciation of the scope of the problem increased, the Committee saw that, not just recreation, but the total life of the community was to be involved, and so the name of the program was changed to, "A Total Education Program for Marin City."

This, of course, is exactly opposite to Mr Coppock's report of a degenerating program. It is rather a growing and developing program. . . .

How Mr. Coppock finds all this to be governmental gobbledegook as he says, I somehow fail to see. If the hour or two which Department Heads spent with us can be termed a "Phenominal" use of their time, I wonder how he will describe the use of time and effort given gratuitously by the Committee menbers?

We are a compact community and so know our neighbors fairly well. We don't always approve of them . . . but when trouble comes to a family, it is known immediately and there is neighborly help available immediately too. If you knew the endearing charm of the little children here you too, Mr. Coppock, would want to do all you could to help them inherit their American birthright.

Contractors Due The Brickbat

Editor, Independent-Journal:

The brickbat you threw at the painting contractors for going along with the painter's union demands for not permitting the use of paint rollers on school work was richly deserved.

In 1776 to give the public the best service possible with the best manpower and tools available was a basic principle or puritan ethic. No one should be more keenly aware puritan ethics are out of vogue than Editors and Publishers who on many occasions have found it expedient to go along with the Typographical Union and its demands for featherbedding and make-work policies. The alternative to accepting Union demands is a strike with attendent pickets and charges of being employers of scab labor and being unfair.

Painting contractors, like the majority, are not neanderthals, reactionary, extremists with convictions, or little old ladies in tennis shoes. We are realists who recognize the Goldwater mentality is far out, and the moderate fence straddlers and liberal goldbrickers are in. As Governor Brown has stated, this is the twentieth century.

The agencies of government can afford to pay. They have the money. To recall that the money the schools have is yours and mine and that of every taxpayer would be to recall to what degree we have sacrificed the concept of government of the people, by the people and for the people, and to what degree we look upon government as being separate from ourselves, an agency that rules us, a bottomless trough of foreign aid. We the people are also foreigners; foreign to all the puritan ethics.

As for Painting Contractors in general, has not God created us all free and equal. Why, then, should one contractor be different from any other? We are all together in this business of being automated and automatic common men. Please do not roll us in your old fashioned ethics!

BENNETT CERF

CHARLES E. SILBERMAN, of Fortune, recalls the old vaudeville story about a passenger in a dining car who raised such a hullabaloo because there was no French pastry on the menu that, at the next station, the train was halted while a waiter dashed off to a bakery and returned, panting, with a platter bearing an elegant assortment. The passenger stared intently at the pastry for a moment, then waved the waiter away, saying, "I'd rather be angry!"

A HEARTWARMING story, via Cleveland Amory, concerns the ten-year-old boy in the Midwest who read with consternation of the Alaska earthquake, and promptly sent Mrs. William Egan, wife of Alaska's governor, two nickels —his allowance for that week. "If you need any more," he wrote Mrs. Egan, "please let me know."

ROSCOE DRUMMOND

Castro Dialogue With Newsmen Not Going To Change Policy

WASHINGTON—If you put Fidel Castro, Soviet missiles and the U. S. presidential campaign into one stew—you get a recipe for confusion.

That's what we are now getting from Havana, where Castro himself has been inviting, at his own initiative, for his own purposes, some 40 top U. S. newspapermen from New York to Seattle and with candor and guile is pouring into their ears nearly everything that is on his mind.

It is evident that there is plenty on his mind.

IS CASTRO taking a handful of pages from the Soviet book by attempting to approach the U. S. government through a cluster of newspapermen the way the Soviet Embassy approached Secretary of State Dean Rusk through John Scali, the American Broadcasting Co.'s State Department correspondent, at the peak of the missile crisis in 1962?

From all I can learn, it appears:

That, at short range, Castro wants to do something to keep the "Cuba issue" quiet during the presidential campaign in the U. S., wants to tamp it down for fear it might help elect Sen. Barry Goldwater.

That, at long range, he would like to persuade the people and government of the U. S. to accept him only as a "nuisance," not a threat, would like to free himself somewhat from the Russians and, therefore, to end the economic and political boycott and get some business going with the United States.

THAT IS WHAT seems to lie behind his move, as Fidel puts it, to "open a dialogue" with the American press, since he has access to no U. S. diplomats to open a dialogue with.

It is all to the good to have U. S. correspondents reporting from Cuba. Their dispatches are revealing and valuable.

But what Castro does not realize—probably because he does not know anything about elections—is that the only influence a foreign government can have on the election in another country is adverse—that is, contrary to its own interests.

TAKE THIS STATEMENT which Castro made to Barnard L. Collier of the New York Herald Tribune:

"I think the U. S. realizes the consequences of conventional warfare with us will be more serious now." ("Now" meaning after the Soviet missile confrontation.) "There have been compromises."

"What kind of compromises?" Collier asked. "Formal, signed compromises?"

"Yes, yes. Formal agreements between the U. S. and the USSR. There is to be no invasion of Cuba by the U. S. That is formal. It is binding on the U. S. government. Any government. And Russia has agreed to defend the revolution. The crisis made all this clear."

THIS STATEMENT is inaccurate. President John F. Kennedy did give "assurances against any invasion of Cuba," but on two conditions: that there be U. N. inspection in Cuba and there be "adequate safeguards against the further introduction of offensive weapons back into Cuba."

These conditions, which Soviet Premier Nikita Khrushchev accepted, were never attained. Hence, while the U. S. has no intentions of invading Cuba, the assurances against invasion are no longer part of any agreement.

The policy of the U. S. government is not going to be changed by a Castro dialogue with newsmen. We view Cuba as a captive Communist nation, its people denied the right of government by the consent of the governed. The economic and political quarantine, strengthened by the recent OAS sanctions, will continue. Our objective is the restoration of the freedom of the Cuban people. We are looking for deeds, not dialogue.

ALLEN-SCOTT REPORT

U.S. Owns Billions In Foreign Currencies

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — Of all the incomprehensible phenomena of the vast foreign aid program, none is more so than the little-known but huge amount of foreign currencies the U. S. is accumulating around the globe.

While President Lyndon B. Johnson is baldly exerting every pressure to ram through Congress his 3.5-billion-dollar foreign aid budget for the 17th consecutive year of such multi-billion-dollar spending, the U. S. now owns almost that much in foreign currencies in scores of beneficiary countries.

ACCORDING TO the Treasury Department's last report, Dec. 31, 1963, the total of these so-called "counterpart funds" was $3,034,997,676 in 87 nations.

Unquestionably, this has appreciably increased in the eight months since then. In 1962, a State Department study indicated that such foreign currency holdings would continue to accumulate at upwards of 500 million dollars a year.

The 3.034-billion-dollar total is twice the amount of this country's estimated 1.5-billion-dollar balance-of-payments deficit this year. If these counterpart funds could be applied to offset that, a long stride would have been taken to halting the further loss of our vital gold reserves — which have shrunk from 23.252 billion dollars in 1952 to around 15.6 billion dollars.

A REMARKABLE aspect of this remarkable foreign aid phenomenon is that the five biggest counterpart fund countries are either Communist or neutralist. Not one is an ally of the U. S.

Total counterpart funds owned by the U. S. in these five countries are:

India, $1,054,470,759; Poland, $447,989,121; Yugoslavia, $291,310,399; Egypt, $234,816,752, and Pakistan, $205,146,814.

COUNTERPART FUNDS accumulate as the result of various foreign aid operations and the sale of surplus farm commodities under Public Law 480—which the buyers pay for in their own currency that remains in their country. In effect, PL 480 transactions are give-aways.

Of the 87 countries in which the U. S. owns local currencies, in 27 the total is in excess of 10 million dollars. In 21 others, the amount runs above 1 million dollars.

IF YOU'VE WONDERED exactly what foreign aid funds are spent for, the following uplifting projects brought to light during the Senate battle played an important role in slashing some 250 million dollars from the president's budget—despite his strenuous pressure: $1,489,000 for "improvement of national government administration in Indonesia"—whose Communist-leaning President Sukarno not long ago publicly declared, "To hell with U. S. aid"; $1,481,000 for "civil aviation development" in Syria, anti-Western and particularly hostile to the U. S.; $1,641,000 for "highway maintenance" in Jordan, now busily playing footsie with Egypt's neutralist dictator Gamal Nasser.

Population's Getting Younger To Chase All Those Zebras, Yet

PUT THIS ON YOUR slide rule and see if you can figure it out:

"Forty per cent of the nation's population will be under 20 years of age next year."

This story was taken in its entirety from a recent issue of the Independent-Journal. It was another one of the filler items that deals with the mathematics of population and population growth.

Who ever it is who writes these things seems to have gotten stuck on statistics recently.

A bunch of us got together in the office and tried to figure out how the nation's population was going to be younger next year than it is now.

"MAYBE WHAT it means is that forty per cent of the nation's population this year is under 19," someone suggested.

"Well, for Pete's sakes," said another, "why doesn't it just say so, then?"

"Look! I was only making a suggestion—"

"All right, already."

"I get it," shouted a third. "It means that, with the steadily increasing population, more babies are born every year, therefore the proportion of the population next year that is going to be under 20 years of age will be 40 per cent."

The other two groaned.

"I CITE THIS FILLER," continued the savant, "'The population of the United States increases at a net rate of one person every 11 seconds.'"

"That's nothing," shouted a dissenter. "Look at this: 'World population grows at the rate of two persons per second, 7,000 an hour or 60 million a year.'"

This argument would have continued for some time if the janitor had not come by to close up. "'The average adult speaks about 5,000 words in one day,'" said the janitor with a smile.

THE REST OF US took the hint and went home—another busy day.

Trouble is that the argument, or others like it are sure to crop up again. Taking sides in such arguments depends on what fillers you've been reading. I try to keep up with all of them, but you are really forced to specialize these days.

Alan Cunningham specializes in the ones on animals. He is really quite a pundit.

"'IT WOULD TAKE about 50 zebras to feed a lion for one year,'" Cunningham announced one afternoon after putting aside the paper. "Now, I ask you, what's wrong with lions that they can't feed themselves?"

That is a point well taken. The lion filler is much like the seal filler. It leaves questions unanswered.

"Seals," it says, "can suffer from sunburn by sunning too long on the ice." But do they? That's what some of us want to know.

OH WELL, fillers might not tell the whole story, but at least they fill that space at the bottom of columns. A paper without them would not only have a lot of white space, it would also lose a lot of its punch.

Tryouts Set Tomorrow For 'Blackout Bash'

Tryouts for parts in the Novato Community Club's "Blackout Bash" will be held at 7 p.m. tomorrow at the club's barn on the Diaz Ranch off Highway 101 in Novato, director Max Keeler announced today.

A bus trip to San Francisco for members is being planned for Sept. 12, Kenneth Craig, chairman of the event, reported. Reservations for the trip, a dinner and show at the Old Spaghetti Factory may be made with Craig of 39 Orchard Way, Novato.

Skelton Comedy Film On Pigeons Slated

A Red Skelton comedy film, "Public Pigeon Number One," and 30 minutes of cartoons will be shown at 1:30 p.m. Saturday at Manor School, Fairfax, sponsored by the Fairfax Recreation Department.

Recreation director Nyal D. Worsham said the films, to be shown for a nominal charge, will end at 3:45 p.m.

ART BUCHWALD

Perhaps Press Should Put Up Commentators As Candidates

WASHINGTON — For the first time in many years the national press is getting the recognition it deserves. Everyone from the inflexible Gen. Dwight D. Eisenhower to the conservative Sen. Barry M. Goldwater has attacked the press and television for the way it has been reporting the Republican side of things.

Only last week Senator Goldwater said he wondered where Christianity would be today if American newspapermen had been Matthew, Mark, Luke and John. This led columnist Walter Lippmann to remark, "The senator might remember that the Evangelists had a more inspiring subject."

THE FACT IS that since the convention the Republicans have attacked the press 35 times and the Johnson administration only 23 times. The only two extreme groups they have repudiated by name are the Ku Klux Klan and the profession of journalism. This has led many newspapermen to consider running their own candidates for public office.

The feeling is that the people should be given a choice, not an echo—a choice between the conservative philosophy of Senator Goldwater and the sensation-seeking philosophy of columnists and commentators.

The issues would be clear-cut. Will the press be controlled by wild-eyed, left-wing scandalmongers or will it be turned over to the competent, well-ordered management of the Young Republicans?

Should local and state government be permitted to control their own press or should this control be put in the hands of federal authorities?

SHOULD NEWSPAPERMEN get out of the United Nations and withdraw their recognition from the Soviet Union? And should we send more correspondents to Vietnam to end the war there?

Our defense posture is another issue which will come up in the campaign. It has been charged that because of bad planning, particularly in the manufacture of manned delivery trucks, our capacity to deliver newspaper to homes in the United States will have dropped 90 per cent by 1974. This has been denied by circulation managers, who claim that in 1974 their payload will be twice what it is now.

These are a few of the issues that should get a public hearing, and the only way to do it is for the press to run its own candidates.

THE TWO MOST LIKELY choices on the ticket would be Chet Huntley and David Brinkley of NBC. Both men have worked well together and have a great deal of respect for each other. Anyone who has ever seen them say goodnight to each other knows they mean business.

Huntley lives in New York, Brinkley in Washington, which makes sense geographically. They are young, popular, and neither one has ever served in President Johnson's cabinet.

While the journalism profession has not decided definitely to run their own candidates, they are watching events with a critical eye. The other day Senator Goldwater, in a conciliatory gesture towards the Fourth Estate, said he thought he could get along with the press, and added, "After all, you have to eat and I have to eat."

WE ARE STILL waiting for him to clarify this statement.
